

Integrated Impact Assessment Summary Report

South Ayrshire Community Planning Partnership (CPP) move to locality-based working and new Local Outcomes Improvement Plan

Completed by:

Susan McCardie,
Co-ordinator - Performance and Community Planning,
Policy, Performance and Community Planning

Date started: 01/11/23

To be implemented on:

18/04/24

Review date:

01/10/25

Oversight Panel:

Community Planning Board

- negative impact
- no impact / not applicable
- positive impact

Public sector equality duty

Eliminating unlawful discrimination, harassment, and victimisation?

The new Local Outcomes Improvement Plan seeks to mainstream equalities in its overarching outcomes and will ensure that any subsequent action points do not disproportionately disadvantage one community or group over another. South Ayrshire CPP is committed to eliminating discrimination and stigmatisation and the structure which has been put in place will play a positive role in the contribution towards this vision, supporting our communities and citizens to grow, care and live a better life in South Ayrshire.

Advancing equality of opportunity?

The new Local Outcomes Improvement Plan is inclusive of everyone and ensure equality of opportunity to improve outcomes. In addition, the CPP has identified key areas of focus within the LOIP taking into consideration children and young people (in particular those with caring responsibilities and those who are care experienced/care leavers) and our ageing population. Poverty is also a key area of focus. The CPPs seek to encourage and improve participation through our Community Planning Participation and Engagement Group which represents 'communities of interest' across South Ayrshire. Locality Planning is community led and driven and action plans will be determined by communities needs and understanding of their communities.

Fostering good relations?

The new Local Outcomes Improvement Plan is inclusive of everyone and ensure equality of opportunity to improve outcomes. In addition, the CPP has identified key areas of focus within the LOIP taking into consideration children and young people (in particular those with caring responsibilities and those who are care experienced/care leavers) and our ageing population. Poverty is also a key area of focus. The CPP seeks to encourage and improve participation through our Community Planning Participation and Engagement Group which represents 'communities of interest' across South Ayrshire.

CRWIA title:

South Ayrshire Community Planning Partnership (CPP) move to locality-based working and new Local Outcomes Improvement Plan

Publication date:

18/04/24

Summary of policy aims and desired outcomes

Wider strategic refresh of the community planning structure and the development of a new Local Outcomes Improvement Plan (LOIP) in line with the requirements of the Community Planning Empowerment (Scotland) Act 2015.

Executive summary

In April 2023, the CP Board approved the restructure of the CPP. During the past year work has taken place to refresh Locality Planning Partnerships (LPPs) and develop a new LOIP with high level outcomes of Place and Wellbeing.

Background:

LPPs will develop locality plans based on local data and need. The new LOIP (2024-2029) has high level outcomes of Place and Wellbeing. The Children's Services Planning Partnership is a Strategic Delivery Partnership reporting to South Ayrshire Community Planning Board.

Scope of the CRWIA, identifying the children and young people affected by the policy, and summarising the evidence base:

There will be 2 LOIP priority areas with a specific impact: The Promise and Young Carers. Other LOIP priorities will positively impact children and young people through a wider population approach. Evidence through Children and Young People's Services Plan.

Children and young people's views and experiences:

This has been led by Children's Services Planning Partnership in relation to the development of the new Children and Young People's Service Plan 2023-2026. Wider engagement has also taken place as part of the public LOIP Consultation.

Key Findings, including an assessment of the impact on children's rights, and how the measure will contribute to children's wellbeing:

The Children's Services Planning Partnership has agreed that The Promise and Young Carers are LOIP priorities therefore specific impact. Other LOIP priorities will positively impact through a wider population approach through outcomes of place and wellbeing.

Monitoring and review:

Via CP Board due to statutory requirement to publish annual progress reports. The Children's Services Planning Partnership will be the lead for monitoring the priorities of The Promise and Young Carers through the Children and Young People Service Plan.
