

South Ayrshire Council

**Report by Depute Chief Executive and Director of Education
to Cabinet
of 21 May 2024**

Subject: Local Outcome Improvement Plan 2024-2029

1. Purpose

- 1.1 The purpose of this report is to seek Cabinet endorsement of the new Local Outcome Improvement Plan (LOIP) 2024-29, agreed by the Community Planning Board in April.

2. Recommendation

2.1 It is recommended that the Cabinet:

2.1.1 endorses the new LOIP attached as Appendix 1; and

2.1.2 notes the new Integrated Impact Assessment (IIA) attached as Appendix 2.

3. Background

- 3.1 Community Planning is a key driver for public service reform at local level. It brings together local public services and the communities they serve. It provides a focus for joint working, driven by strong, shared leadership, directed towards distinctive local circumstances.

- 3.2 In 2016, Part 2 of the Community Empowerment (Scotland) Act 2015 came into force which required each CPP to develop a Local Outcomes Improvement Plan (LOIP). The LOIP has the specific aim of identifying local outcomes which the CPP will prioritise as areas for improvement.

- 3.3 The Community Planning Partnership (CPP) published its first LOIP in 2017, which was then [refreshed](#) in 2019. Over the past seven years, the main strategic focus for the LOIP has been on supporting *older people to live in good health* and closing the *poverty related outcomes gap*.

4. Proposals

- 4.1 The new LOIP was developed in partnership with all members of the CPP and led by the Strategic Delivery Partnerships Chair's Executive.

- 4.2 Two strategic themes emerged from the development process which were agreed as the area of focus for the LOIP – these themes are Place and Wellbeing – and

have been influenced by the national development of [place and wellbeing outcomes](#), an understanding of the connection between places and the impact that this has on the wellbeing of our communities and environment, and a move by Community Planning Partners to incorporate wellbeing as an area of focus within strategic plans and operational activity

4.3 The high-level strategic themes are supported by two outcomes and a number of priorities as detailed below:

4.4 Following approval by the CP Board in April 2024, work will now take place to develop SDP actions plans which will support the LOIP delivery plan. Once agreed by SDPs, the action plans will be published on the CPP webpage to allow members of the public to see how the CPP will be delivering on LOIP priorities.

4.5 A performance management framework will be developed to support reporting on progress and to help support our statutory reporting requirements to produce an annual report.

5. Legal and Procurement Implications

5.1 The recommendations in this report are consistent with Part 2 of the Community Empowerment (Scotland) Act 2015.

5.2 There are no procurement implications arising from this report.

6. Financial Implications

6.1 Not applicable.

7. Human Resources Implications

7.1 Not applicable.

8. Risk

8.1 Risk Implications of Adopting the Recommendations

8.1.1 There are no risks associated with adopting the recommendations.

8.2 Risk Implications of Rejecting the Recommendations

8.2.1 The risks associated with rejecting the recommendations are a failure to meet the statutory obligations in Part 2 of the Community Empowerment (Scotland) Act 2015.

9. Equalities

9.1 A completed summary of the new Integrated Impact Assessment (IIA) is attached as Appendix 2.

10. Sustainable Development Implications

10.1 **Considering Strategic Environmental Assessment (SEA)** - This report does not propose or seek approval for a plan, policy, programme or strategy or document otherwise described which could be considered to constitute a plan, programme, policy or strategy.

11. Options Appraisal

11.1 An options appraisal has not been carried out in relation to the subject matter of this report.

12. Link to Council Plan

12.1 The matters referred to in this report contributes to all three priorities of the Council Plan (Spaces and Places; Live, Work and Learn; and Civic and Community Pride).

13. Results of Consultation

13.1 In November 2023, the Community Planning Executive approved the high-level strategic themes and priority areas to proceed to public consultation. To support the process, Consultation Plan was developed in line with SAC Community Engagement Strategy – this plan also incorporated the completion of a consultation mandate form.

13.2 The consultation opened on 22 January and closed on 29 February 2024. It was shared via an online survey, papers copies were available from libraries, and attendance at community events/meetings. A total of 367 responses were received, where findings have shown a high level of support with agreement given for all the priority areas proposed:

13.3 Consultation has taken place with Councillor Martin Dowey, Portfolio Holder for Corporate and Strategic, and the contents of this report reflect any feedback provided.

14. Next Steps for Decision Tracking Purposes

14.1 If the recommendations above are approved by Members, the Depute Chief Executive and Director of Education will ensure that all necessary steps are taken to ensure full implementation of the decision within the following timescales, with the completion status reported to the Cabinet in the ‘Council and Cabinet Decision Log’ at each of its meetings until such time as the decision is fully implemented:

Implementation	Due date	Managed by
Actions to be taken forward	As detailed	Community Planning Partnership

Foreword

Our strategic approach to this LOIP recognises the importance of place and wellbeing - our LOIP is underpinned by our shared commitment across all community planning partners to work in collaboration to reduce inequalities and improve outcomes for everyone in South Ayrshire supporting our vision of 'growing, caring and living a better life'.

I am delighted to introduce to you our new Local Outcomes Improvement Plan (LOIP) for 2024-2029. This is the second LOIP which has been produced by South Ayrshire Community Planning Partnership (SACPP).

As our first LOIP ends (first published in 2017 and refreshed in 2019), I want to acknowledge the past 7 years where the strength of collaboration and partnership working has allowed SACPP to improve outcomes for our local communities as has been evidenced in our annual reports. As a CPP, we have learned that individual agencies and services can't work in isolation to improve outcomes and reduce inequalities for people living within our communities, but by working together we can support our communities to grow, care and live a better life in South Ayrshire.

We understand the connection between our places and the impact that this has on the wellbeing of our communities and our environment, therefore we are moving to a place and wellbeing model which is reflective of our partners who are incorporating wellbeing as an area of focus within strategic plans and operational activity.

Our new LOIP has two high level outcomes focused on place and wellbeing, under which sit a number of key priority areas incorporating Children's Services, Community Safety, Population Health,

Sustainability and Financial Inclusion and Growth. We have consulted with our local communities who have shown high levels of support for the priority areas we have proposed, and work will now begin to develop supporting action plans to take forward our priority areas.

Recognising the many overlapping and interrelated strategic challenges faced by our partners will be key to developing our priority areas. From unprecedented financial challenges, increasing service demand from communities, an ageing population, a projected decrease in working age population and the impact this has on each of our workforces, SACPP has an opportunity to ensure that best value is the founding principle of what we do by working together so that we can collectively deliver the best possible outcomes for our communities considering these strategic challenges.

South Ayrshire Community Planning Partnership recognise that they face many overlapping and interrelated challenges, none more than planning and nurturing our collective future workforce.

Councillor Julie Dettbarn
Chair of South Ayrshire Community Planning Partnership

About this Local Outcomes Improvement Plan

'Community Planning is a key driver for public service reform at local level. It brings together local public services and the communities they serve. It provides a focus for joint working, driven by strong, shared leadership, directed towards distinctive local circumstances. And this focused joint working provides powerful potential to address often deep-rooted causes of inequalities, and to use preventative approaches to manage future demands on crisis intervention services'

Community Empowerment (Scotland) Act 2015 Part 2: Community Planning Guidance

Context

In 2016, Part 2 of the Community Empowerment (Scotland) Act 2015 came into force which required each CPP to develop a Local Outcomes Improvement Plan (LOIP). The LOIP has the specific aim of identifying local outcomes which the CPP will prioritise as areas for improvement. As stated within the guidance (section 126), the LOIP provides the focal point for the issues on which the CPP and partners account publicly to local communities for community planning in their area (this in accordance with section 8 of the 2015 Act). This includes an understanding of local needs, circumstances, and aspirations; themes that have been prioritised and why; how ambitious and realistic the aspirations are; the impact in meeting these aspirations, and how community bodies are involved.

Drivers

There are key drivers, in addition to the Community Empowerment (Scotland) Act 2015, which have directed and influenced the focus of this LOIP:

Christie Commission on the Future Delivery of Public Services – drawing on the key objectives of the reform programme to ensure that:

- public services are built around people and communities, their needs, aspirations, capacities and skills, and work to build up their autonomy and resilience;
- public service organisations work together effectively to achieve outcomes – specifically, by delivering integrated services which help to secure improvements in the quality of life, and the social and economic wellbeing, of the people and communities of Scotland;
- public service organisations prioritise prevention, reduce inequalities and promote equality; and
- all public services constantly seek to improve performance and reduce costs, and are open, transparent and accountable.

United Nations Sustainable Development Goals

which are the blueprints to achieve a better and more sustainable future for all. Addressing the global challenges we all face, including those related to poverty, inequality, climate change, environmental degradation, peace and justice. There are 17 inter-connected goals in place which very much reflect the inter-connections across the work of our Strategic Delivery Partnerships to improve outcomes and reduce inequalities for our communities in South Ayrshire.

Place and Wellbeing Outcomes

provide a consistent and comprehensive focus for where place impacts on the wellbeing of people and planet. Public Health Scotland and The Improvement Service have jointly developed the outcomes. South Ayrshire has been part of the Seven Project Towns for the Shaping Places for Wellbeing Programme.

The **New Deal with Local Government: Verity House Agreement** where Community Planning Partnerships ‘will be recognised as a critical mechanism for the alignment of resource locally, focussed on prevention and early intervention, and delivery our shared priorities. Scottish Government will ensure that those public bodies can contribute to community planning, play their part, including involving local third sector and community bodies in promoting and improving wellbeing.’

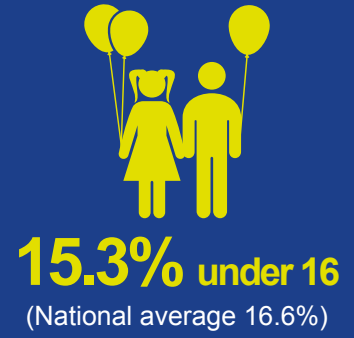

Age Friendly Communities improve access to key services and enable people of all ages to be and do what they value through action across eight domains. In 2023, South Ayrshire’s bid to become one of Scotland’s first Age-Friendly Communities was successful. The area now joins the UK Network of Age-Friendly Communities - a growing movement led by the **World Health Organisation**. This is being led by the **Scottish Older People’s Assembly** (SOPA) in Scotland.

In the Scottish Government’s programme for Scotland 2019-2020 it laid out a vision ‘to achieve a trauma-informed nation capable of recognising where people are affected by trauma and adversity, capable of responding in ways that prevents further harm and which supports recovery, and in ways which addresses inequalities and improves life chances’. South Ayrshire Community Planning Partnership has made the commitment to supporting the development of **trauma informed systems** across South Ayrshire by **signing up** to the National Trauma Pledge.

South Ayrshire Overview

Between 2021 and 2043 the population of South Ayrshire is projected to decrease from 112,450 to 105,191. This is a decrease of 6.9% which compares to a projected increase of 1.7% for Scotland as a whole.

58.6%

of the population are working age (16-64) compared with

63.8% Nationally

By 2043 it's estimated the number of people 75+ years will have increased by 35% from

13,664
people in 2021 to
21,040

In 2021, South Ayrshire had the 4th highest dependency ratio in Scotland

South Ayrshire has 7 datazones in the top 5% most deprived vigintile

In 2022, there were 56,453 dwellings in South Ayrshire.

95.5% were occupied dwellings which is slightly less than national rate of **95.7%**

Introduction to South Ayrshire Community Planning Partnership

South Ayrshire Community Planning Board (CP Board) is the executive and decision-making body of South Ayrshire Community Planning Partnership (CPP). It makes decisions on the priorities, strategic outcomes, and objectives for the CPP. Membership comprises:

The Community Planning Board is supported by a Community Planning Executive who undertake an annual review function and five Strategic Delivery Partnerships (SDPs). Voluntary Action South Ayrshire lead on the Community Planning Participation and Engagement Group which supports the CPP with wider local community engagement and participation.

Children's Services Planning	The Children's Services Planning Partnership (CSPP) comprises of statutory and non-statutory partners who support children and young people across the local authority. These agencies and organisations come together to coordinate their services to ensure the best use of resources for the best outcomes for children and young people. South Ayrshire Children's Services Planning Partnership are proud to work closely and collaboratively with Third Sector partners within the CSPP for the best outcomes of our children, young people and families.
Community Safety	South Ayrshire Community Safety Partnership's Strategic Vision is that people in South Ayrshire live in communities that are inclusive, empowered, resilient and safe. The Partnership aims to do this by working together with local communities and agencies, developing strategic problem solving as an overall approach.
Financial Inclusion and Growth	The Financial Inclusion and Growth Strategic Delivery Partnership has the main strategic focus of tackling financial inequality, and with our partners, our key areas of focus include employability, maximising income, child poverty, economic development and local wealth building.
Population Health	The Population Health Strategic Delivery Partnership will provide main community planning context for developing leadership and strategic planning in relation to health and wellbeing, supporting planning approaches, and initiate or enable the development of supportive activities in relation to wider South Ayrshire health improvement and community activity.
Sustainability	The Sustainability Strategic Delivery Partnership is working to respond to the climate and ecological emergency locally, by bringing partners together to share information and collaborate on projects. The partnership draws on the skills and knowledge of its wide membership base to promote best practice and the range of co-benefits facilitated through joined up action.

The Community Planning Participation and Engagement Group acts as the main locus for the co-ordination of engagement and participation activity across the Community Planning Partnership. The group will support the development of a more structured formal approach for Community Planning Partners on engaging with communities by providing guidance and expertise on the best approaches for engagement.

Strategic Themes

Two strategic themes emerged from the development process which were agreed as the area of focus for this LOIP – these are: **Place** and **Wellbeing**. These themes have been influenced by the national development of place and wellbeing outcomes, and the move by Community Planning Partners to incorporate wellbeing as an area of focus within strategic plans and operational activity. Further information on the Priority Development and Public Consultation timelines can be found in appendices two and three.

‘The place-based approach recognises that every area has a different blend of physical, social, and economic characteristics that influence each other and aims to address complex problems that no service alone can solve. The priorities provide a common framework, aimed at promoting a shared understanding that encourages services and partners to work collaboratively to achieve improved outcomes and wellbeing for our communities.’

South Ayrshire Council Plan 2023-2028

These high-level strategic themes are supported by two outcomes and priorities as detailed below.

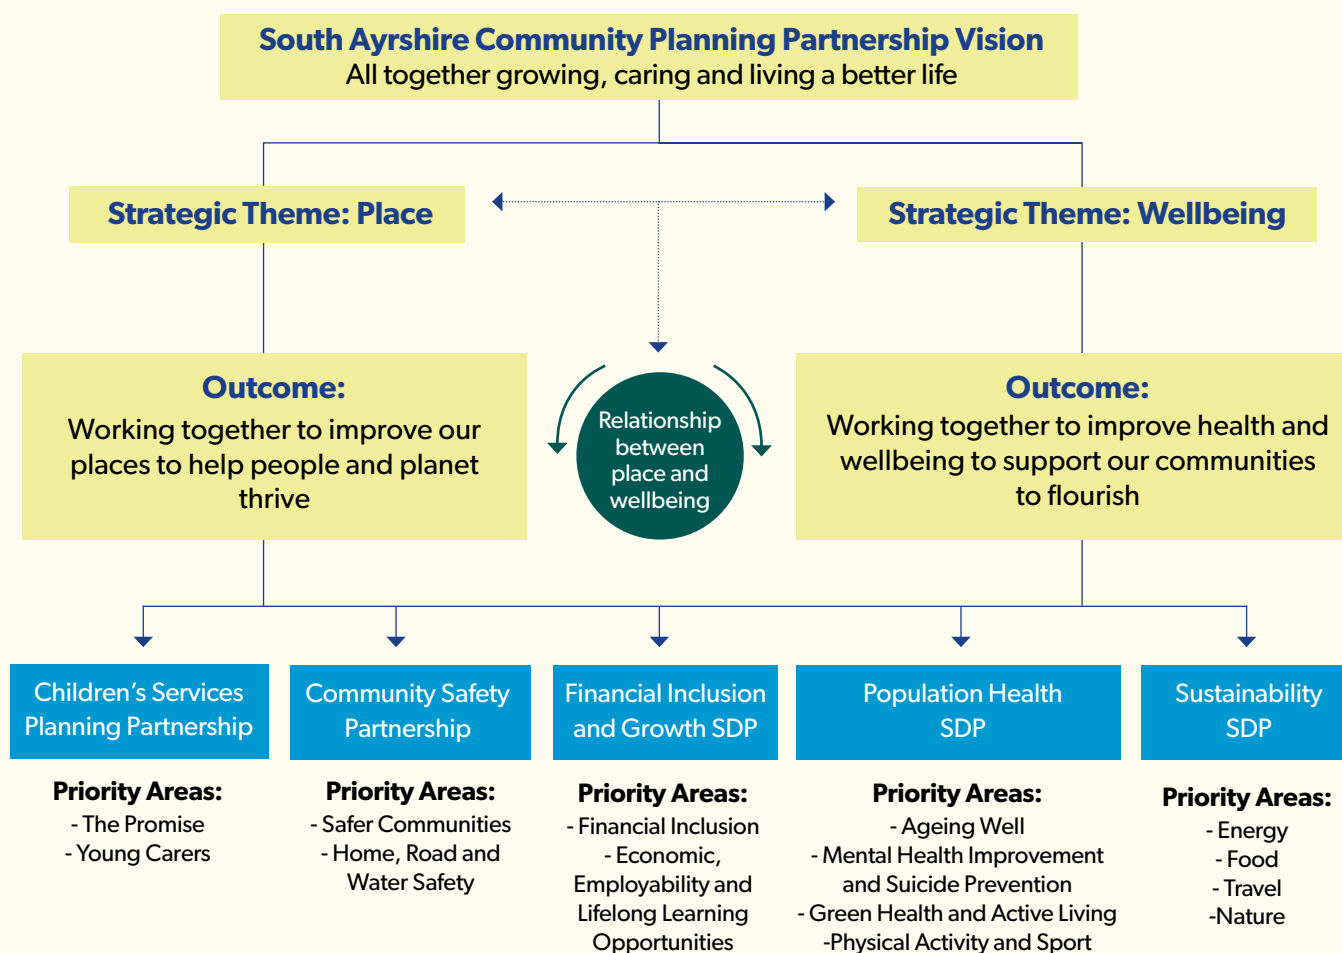

Figure 1

What do the Priority Areas mean for South Ayrshire?

This section provides information on:

- how the priority areas will make a difference for everyone living and working in South Ayrshire;
- how each of the priority areas relates to the national outcomes; and
- where the links to key local strategies/plans are for each of the priority areas.

STRATEGIC DELIVERY AREA	PRIORITY	WHAT DIFFERENCE WILL THIS MAKE?	LINKS TO NATIONAL OUTCOMES	LINKS TO KEY LOCAL STRATEGIES/PLANS
Children' Services	The Promise	We will place love and relationships at the centre of the experiences and outcomes for every infant, child, and young person with care experience. We will do this through working together to fully implement the findings of the care review and The Promise by 2030.	<p>Children Health Poverty</p> 	Children and Young People's Services Plan 2023-2026 The Promise Scotland Young Carers Strategy 2021-2026
	Young Carers	Ensuring that all children and young people under the age of 18 who support, or help to support a relative or friend, because they have a physical or mental illness, disability, issues with drugs or alcohol, communication needs, or are elderly or frail, are recognised as being a South Ayrshire young carer. To work together across the CPP to ensure that young carers have access to the necessary support, advice, and resources to live a full active and achieving life.	<p>Children Health Poverty</p> 	South Ayrshire Alcohol and Drug Strategy 2023-2026
Community Safety	Safer Communities	<p>We will work in partnership to reduce violence and antisocial behaviour in South Ayrshire by working with our local licensed and hospitality trade, schools, and local communities helping make South Ayrshire a safer place to live.</p> <p>We will work in partnership to reduce all forms of violence against women and girls.</p>	<p>Communities Health Children</p> 	Community Safety Partnership Strategic Plan* <i>*This will be superseded by updated Joint Action Group Plans.</i> South Ayrshire Violence Against Women Strategic Action Plan 2022-2025 Community Justice Outcome Improvement Plan South Ayrshire Alcohol and Drug Strategy 2023-2026
	Home, Road and Water Safety	We will work in partnership to reduce the number of serious accidents at home, on our roads and in our waterways by delivering and promoting a range of safety initiatives.	<p>Communities Health Children</p> 	South Ayrshire Local Policing Plan 2023-2026 Local Fire and Rescue Plan Troon Water Safety Plan Girvan Water Safety Plan
Financial Inclusion and Growth	Financial Inclusion	We will work in partnership to help individuals and families access financial support services that will assist with fuel poverty, income maximisation and food insecurity. Partners will ensure local support is available that assists with the cost of living by ensuring advice, guidance and support services are accessible and available across South Ayrshire.	<p>Poverty Education Fair Work and Business Economy</p> 	Child Poverty Strategy (due for publication April 2024) South Ayrshire Community Learning and Development Partnership 3 year Plan 2021-2024* <i>*This will be superseded by a new CLD Plan from late 2024</i>
	Economic, Employability and Lifelong Learning Opportunities	<p>We will work in partnership to prepare and assist people for employment, training, education, and volunteering opportunities. We will create opportunities that will assist our communities to thrive through economic development and local wealth building activity.</p> <p>We will ensure provision in South Ayrshire is aligned with local, regional, and national priorities by developing person centred approaches for individuals accessing our services.</p>	<p>Poverty Education Fair Work and Business Economy</p> 	Ayrshire Regional Economic Strategy No-One Left Behind Operating Plan 2022-2025 (South Ayrshire Local Employability Partnership Delivery Plan) Volunteering Strategy South Ayrshire Strategic Economic Plan Vision 2030 Community Wealth Building Action Plan South Ayrshire Alcohol and Drug Strategy 2023-2026

STRATEGIC DELIVERY AREA	PRIORITY	WHAT DIFFERENCE WILL THIS MAKE?	LINKS TO NATIONAL OUTCOMES	LINKS TO KEY LOCAL STRATEGIES/PLANS
Population Health	Ageing Well	We will focus on 'Ageing Well' which will incorporate the work of our Ageing Well Strategy and the development of Age Friendly Communities. We will work with our stakeholders and local communities to codesign what our key priorities for ageing should be so that we are working together to make South Ayrshire the best place in Scotland to live and age well.	Communities Environment Health   	Ageing Well (strategy due for publication Summer 2024) Mental health and wellbeing strategy - gov.scot (www.gov.scot) - South Ayrshire Mental Health Strategy (currently under development) Creating Hope Together: suicide prevention strategy 2022 to 2032 - gov.scot (www.gov.scot) - (local action plan in place due for refresh 2024/2025)
	Mental Health Improvement including Suicide Prevention	We will support the mental health and wellbeing of our communities with a focus on prevention and early intervention, aligning with Scotland's Mental Health and Wellbeing and Suicide Prevention Strategies	Communities Health Children   	South Ayrshire Alcohol and Drug Strategy 2023-2026
	Green Health and Active Living	We will focus on green health which is about engaging with nature to improve physical, mental and social health and wellbeing e.g., walking, gardening/growing, bird watching. Alongside this we will focus on active living which involves building physical activity into everyday actions e.g. taking the stairs rather than a lift, having walking meetings, cycling as part of a journey.	Communities Environment Health   	South Ayrshire Physical Activity and Sport Strategy
	Physical Activity and Sport	We will co-ordinate and monitor physical activity and sport, so that everyone across the life course will have opportunities to be involved in, and remain involved in, physical activity and sporting activities.	Communities Environment Health   	
Sustainability	Energy	We will work to encourage appropriate energy use in South Ayrshire (reduced use through behaviour change, energy efficiency measures, good design etc) and promote low and zero carbon sources of energy where possible. We will work with partners to promote the installation of local renewable energy generation and it's use. Demonstrating best practice in Scotland.	Environment Health Economy   	Housing strategy - South Ayrshire Council (south-ayrshire.gov.uk) Ayrshire Energy Masterplan Ayrshire Growth Deal Local Heat and Energy Efficiency in South Ayrshire - South Ayrshire Council (south-ayrshire.gov.uk)
	Food	We will promote healthy diet choices that reduce the ecological footprint of our food and encourage sustainable local food production and consumption.	Environment Poverty Health Economy    	South Ayrshire Active Travel Strategy 10_08.pdf (south-ayrshire.gov.uk)
	Travel	We will work to promote and enable the sustainable travel hierarchy to reduce car distance driven and ensure when travel is required it is as sustainable, active, and low emission as possible. We will support 20-minute neighbourhoods.	Environment Health Economy   	Regional Transport Strategy SPT Strathclyde Partnership for Transport South Ayrshire Council Food Growing Strategy (south-ayrshire.gov.uk)
	Nature	We will work to create functional nature networks and connect people with nature.	Environment Communities Children Health    	South Ayrshire Biodiversity Duty Report 2021 to 2023 Irvine to Girvan Nectar Network Scottish Wildlife Trust

LOIP Delivery Plan

Links To Locality Planning

In [April 2023](#), the CP Board agreed to make a step change in how well we prevent issues arising and nip them in the bud early through more integrated public services operating in our local communities. The CP Board recognise that Community Planning offers an opportunity to further embed collaboration between frontline services and our Locality Planning approach establishes a framework to collaborate on local priorities with communities and produce data driven, focused action plans. We have 6 localities with three HSCP Senior Managers covering two localities each:

■	Troon and Villages
■	Prestwick and Villages
■	Ayr North and Central
■	Ayr South and Villages
■	North Carrick
■	South Carrick

Each [Locality Planning Partnership](#) will produce an action plan that is based on local priorities and data driven. It is proposed that these action plans will be scrutinised by the HSCP Strategic Planning Advisory Group and the CP Board. To ensure locality plans and the LOIP are integrated, the HSCP Senior Managers have been asked to sit on the SDP Chairs Executive Group – a key executive group reporting to the CP Board.

We aim to continue to develop our locality model to complement the LOIP and encourage:

- A simpler, more joined up local system that offers the right support at the right time that manages the growth in demand and to reduce duplication in the system;
- Integrated, multi-disciplinary teams from across the public sector working together on the same geography and tackling issues holistically, focused on relationship-building and getting to the root causes;
- A workforce who feel connected to each other and able to work flexibly, better able to meet people's needs; and
- A new system partnership with the voluntary sector to co-ordinate local activity, networks and opportunities – so that we make the best use of the strengths and assets of our communities.

Local Strategic Context

As previously highlighted, the strength of community planning is built upon the collaborative approach of partners coming together. There is acknowledgement that partners work to their own individual corporate plans (that often reference Local Outcomes Improvement Plans) which will therefore contribute directly or indirectly towards the place and wellbeing outcomes:

Ayrshire Growth Deal (AGD) is a partnership being driven forward by the Scottish Government, the UK Government and East, North and South Ayrshire Councils presenting a major opportunity to strengthen the Ayrshire, Scottish and UK economies. The AGD is based around five [programmes](#) focusing on Aerospace and Space; Communities; Economic Infrastructure; Energy, Circular Economy and Environment; and Tourism.

[Ayrshire Regional Economic Strategy](#) captures the strength and ambitions to make Ayrshire a unique destination in which to live, work, invest and visit. There are six priority themes within the strategic framework: support for enterprise; fair work; innovation; good health and wellbeing; stronger place and communities; and enhancing natural capital.

Caring for Ayrshire is an ambitious [programme](#) that will transform health and care services across Ayrshire and Arran with a focus on: the right care in the right place, looking after our own health and wellbeing, and an integrated health and care system.

Community Justice Ayrshire Partnership [Community Justice Outcomes Improvement Plan](#) outlines how statutory, and third sector organisations work together, to reduce reoffending and improve outcomes for people affected by the Justice System.

Police Scotland [South Ayrshire Local Policing Plan 2023-2026](#) to improve the safety and wellbeing of people, places and communities in South Ayrshire.

Scottish Fire and Rescue Service [Local Fire and Rescue Plan](#) outlines specific priority areas for South Ayrshire.

South Ayrshire Alcohol and Drug Partnership involves over 100 individuals and organisations working alongside individuals, families and communities to reduce the impact of drugs and alcohol on the population of South Ayrshire. Explore their change story [here](#).

South Ayrshire Community Learning and Development (CLD) Partnership [3 year plan 2021-2024](#) supports the co-ordination of all CLD provision in South Ayrshire and ensure the contribution made by the CLD Partnership is recognised and makes substantial contribution in achieving outcomes achieved in South Ayrshire Local Outcomes Improvement Plan.

South Ayrshire Council Plan 2023-2028 has three overarching priorities of Spaces and Places; Live, Work and Learn; and Civic and Community Pride with supporting outcomes. The Council's priorities and outcomes place an emphasis on the connection between our places and the wellbeing of our communities and environment.

South Ayrshire Local Housing Strategy (2023-2028) is the local authority's sole strategic document for housing and related services in its area. The Housing (Scotland) Act 2001 places a statutory requirement on local authorities to produce an LHS which sets out its strategy, priorities and plans for the delivery of housing and related services over a five-year period.

South Ayrshire Local Development Plan 2 which sets out the development strategy, key policies and proposals that provide the land use planning framework to guide development in South Ayrshire up to 2032. Preparation work is underway on the [Local Development Plan 3](#).

South Ayrshire Health and Social Care Partnership (HSCP) [Integration Joint Board Strategic Plan 2021-2031](#) is a ten-year vision for integrated health and social care services with the vision of 'empowering our communities to start well, live well and age well'. The HSCP developed the '[Wellbeing Pledge](#)' reflecting the notion of two parties (public services and the community) contributing to a common goal. [Team Around the Locality](#) is an ongoing development enabling the operational implementation of the ambitions set out in the IJB Strategic Plan and other key strategic objectives. Services within HSCP have developed their own strategies to deliver on the strategic priorities of the current Strategic Plan including:

- [Children and Young People's Services Plan 2023-2026](#).
- [Learning Disability Strategy 2022-2027](#).
- [South Ayrshire's Parenting Promise 2021-2030](#).
- [Social Isolation Strategy 2019-2027](#).
- [Adult Carers Strategy 2019-2024](#).
- [Sexual Exploitation Strategy 2020-2025](#).
- [Young Carers Strategy 2021-2026](#).

Equalities

South Ayrshire Council (SAC) Equality Impact Assessment process has been followed during the various stages of the CPP move to locality-based working which incorporates the development of the new LOIP. The completion of the Equalities Impact Assessment (EQIA) (incorporating the Fairer Scotland Duty) has been an iterative process and the EQIA has continued to be updated to reflect plans as they proceed. South Ayrshire Council is in the process of developing a new online Integrated Impact Assessment (IIA) which incorporates a range of cross-cutting themes including: Equalities and the Fairer Scotland Duty, United Nations Convention on the Rights of the Child (UNCRC); Sustainability, Climate Change and Biodiversity; Our Ageing Population; Trauma Informed Services; Health and Wellbeing, Rurality and The Promise. As part of a testing phase of the new IIA, information contained with the EQIA has been transferred onto the new system allowing the CPP to consider further strategic challenges.

The IIA Summary Report can be accessed via the Community Planning Partnership [webpage](#).

Appendix 1

Supplementary Data linked to priority areas.

Childrens Services

As of Dec 2023, South Ayrshire had 484 young carers registered.

88.5% of children being looked after in the community compared to 89.8% nationally

Proportion of looked after children with more than 1 placement in the last year (Aug-July) 17.6% compared to 15.9% nationally.

Sustainability

CO2 Emissions area wide per capita 4.89 compared to Scotland rate 5.10

CO2 Emissions from transport per capita: 23.25 compared to 26.81

54% of total household waste is recycled compared to 43.3% for Scotland.

Safer Communities

Crimes and Offences rate per 10,000 population is 775 compared to 842 nationally.

Dwelling Fires per 10,000 population is 171.8 compared to 159.9 nationally.

Domestic Abuse rate per 10,000 population 110 compared to 118 nationally.

Perceptions of safety when walking alone in their neighbourhood after dark is 85% in South Ayrshire compared to 82% in Scotland.

Over 20% more women feel less safe than males when walking alone in their neighbourhoods after dark.

On average 50 people accidentally drown in Scotland each year, and a further 29 people take their own lives in and around the country's water ways.

Financial inclusion and growth

12.2% of South Ayrshire population is income deprived which is similar rate to Scotland (12.1%).

Employment Deprived (working age population) 10% compared to 9.3%.

South Ayrshire is 10th highest child poverty rate nationally and is above the Scottish average - 24.4% compared to 22.6%.

Fuel Poverty is 24.8% compared to 24% nationally (SHCS 2021/22).

Claimant count as a percentage of working age population 3.7% compared to 3.2%.

Percentage of unemployed people assisted into work from council programmes 12.7% compared to 12.9%.

Percentage of pupils entering a positive destination is 98.6% which is higher than the Scotland rate of 95.7%.

Proportion of people earning less than the real living wage 20.2% compared to 9.4%.

Enterprise survival rate is 48.6% compared to 59% nationally.

Number of business gateway start-ups in South Ayrshire is 19.9 compared to 14.3 for Scotland.

Population Health

Life expectancy Male 76.4 Scotland 76.5.

Life expectancy Female 80.8 same as Scotland.

90.3% of adults said they were satisfied with parks and open spaces in South Ayrshire compared to 87.3% nationally.

73.3% of adults said they were satisfied with leisure facilities in South Ayrshire compared to 71% nationally.

Emergency Admissions (over 65s) in South Ayrshire is 26,854 compared to 23,340 nationally.

% of people aged 65 and over with long-term care needs who receiving personal care at home 58.4% compared to 61.5% nationally.

Priority Development Timeline

May to November 2023

Approval was given by South Ayrshire CP Board in [April 2023](#) to begin the process of developing a new LOIP for the period 2024 to 2029. This was part of a wider move by the CPP to locality-based working and alignment with the [refresh](#) of South Ayrshire Health and Social Care Partnership (HSCP) Locality Planning Groups to becoming Locality Planning Partnerships.

The SDPs have played an instrumental role, with support from the SDP Chairs Executive, to develop and agree the high-level outcomes and supporting priority areas which will be taken forward. This has been based on the knowledge and expertise of SDP members when considering areas of priority need:

- which [previous LOIP priority areas](#) should transfer into the new LOIP;
- horizon scanning (such as ageing population, emerging national strategies);
- what priority areas would remain South Ayrshire wide, those that would be considered more effectively within localities (such as dementia friendly communities); and
- key drivers previously mentioned.

Appendix 3

Public Consultation Timeline January and February 2024

In November 2023, the Community Planning Executive approved the high-level strategic themes and priority areas to proceed to public consultation. Consultation was carried out between January and February 2024 and was shared via an online survey, paper copies available at libraries and attendance at community events/meetings. **A total of 367 responses were received.**

Findings show that there is a high level of support for the priority areas, with agreement given for all the priority areas proposed:

The consultation summary report can be accessed via the [Community Planning Partnership webpage](#).

Following the consultation process, it was agreed by Population Health SDP members to separate the Active Living priority into the priorities of Green Health and Active Living; and Physical Activity and Sport. These updated priorities are reflected in Figure 1.

Integrated Impact Assessment Summary Report

South Ayrshire Community Planning Partnership (CPP) move to locality-based working and new Local Outcomes Improvement Plan

Completed by:

Susan McCardie,
Co-ordinator - Performance and Community Planning,
Policy, Performance and Community Planning

Date started: 01/11/23

To be implemented on:

18/04/24

Review date:

01/10/25

Oversight Panel:

Community Planning Board

- negative impact
- no impact / not applicable
- positive impact

Public sector equality duty

Eliminating unlawful discrimination, harassment, and victimisation?

The Local Outcomes Improvement Plan seeks to mainstream equalities in it's over arching outcomes and will ensure that any subsequent action points to not disproportionately disadvantage one community or group over another. South Ayrshire CPP is committed to eliminating discrimination and stigmatization and the structure which has been put in place will play a positive role in the contribution towards this vision, supporting our communities and citizens to grow, care and live a better life in South Ayrshire.

Advancing equality of opportunity?

The new Local Outcomes Improvement Plan is inclusive of everyone and ensure equality of opportunity to improve outcomes. In addition, the CPP has identified key areas of focus within the LOIP taking into consideration children and young people (in particular those with caring responsibilities and those who are care experienced/care leavers) and our ageing population. Poverty is also a key area of focus. The CPPs seek to encourage and improve participation through our Community Planning Participation and Engagement Group which represents 'communities of interest' across South Ayrshire. Locality Planning is community led and driven and action plans will be determined by communities needs and understanding of their communities.

Fostering good relations?

The new Local Outcomes Improvement Plan is inclusive of everyone and ensure equality of opportunity to improve outcomes. In addition, the CPP has identified key areas of focus within the LOIP taking into consideration children and young people (in particular those with caring responsibilities and those who are care experienced/care leavers) and our ageing population. Poverty is also a key area of focus. The CPP seeks to encourage and improve participation through our Community Planning Participation and Engagement Group which represents 'communities of interest' across South Ayrshire.

Child Rights & Wellbeing Impact Assessment (CRWIA) summary

CRWIA for a non-legislative policy/measure

CRWIA title:

South Ayrshire Community Planning Partnership (CPP) move to locality-based working and new Local Outcomes Improvement Plan

Publication date:

18/04/24

Summary of policy aims and desired outcomes

Wider strategic refresh of the community planning structure and the development of a new Local Outcomes Improvement Plan (LOIP) in line with the requirements of the Community Planning Empowerment (Scotland) Act 2015.

Executive summary

In April 2023, the CP Board approved the restructure of the CPP. During the past year work has taken place to refresh Locality Planning Partnerships (LPPs) and develop a new LOIP with high level outcomes of Place and Wellbeing.

Background:

LPPs will develop locality plans based on local data and need. The new LOIP (2024-2029) has high level outcomes of Place and Wellbeing. The Children's Services Planning Partnership is a Strategic Delivery Partnership reporting to South Ayrshire Community Planning Board.

Scope of the CRWIA, identifying the children and young people affected by the policy, and summarising the evidence base:

There will be 2 LOIP priority areas with a specific impact: The Promise and Young Carers. Other LOIP priorities will positively impact children and young people through a wider population approach. Evidence through Children and Young People's Services Plan.

Children and young people's views and experiences:

This has been led by Children's Services Planning Partnership in relation to the development of the new Children and Young People's Service Plan 2023-2026. Wider engagement has also taken place as part of the public LOIP Consultation.

Key Findings, including an assessment of the impact on children's rights, and how the measure will contribute to children's wellbeing:

The Children's Services Planning Partnership has agreed that The Promise and Young Carers are LOIP priorities therefore specific impact. Other LOIP priorities will positively impact through a wider population approach through outcomes of place and wellbeing.

Monitoring and review:

Via CP Board due to statutory requirement to publish annual progress reports. The Children's Services Planning Partnership will be the lead for monitoring the priorities of The Promise and Young Carers through the Children and Young People Service Plan.
