SERVICE AND PARTNERSHIPS PERFORMANCE PANEL

Minutes of hybrid webcast meeting on
14 May 2024 at 10.00 a.m.

Present
in County
Buildings: Councillors Philip Saxton (Chair), Gavin Scott and George Weir.

Present
Remotely: Councillors Ian Cochrane and Chris Cullen.

Apologies: Councillors Mark Dixon, Kenneth Bell and Mary Kilpatrick.

Attending
in County
Buildings: G. Hunter, Assistant Director – Communities; K. Dalrymple, Assistant Director – Housing and Operations; W. Carlaw, Service Lead – Democratic Governance; F. Ross, Service Lead – Neighbourhood Services; M. Greaves, Thriving Places, Co-ordinator – Economy and Regeneration; A. Cooke, Maybole Regeneration Lead Project Officer – Economy and Regeneration; A. Gibson, Committee Services Officer; C. McCallum, Clerical Assistant.

Chair's Remarks.

The Chair

- (1) welcomed everyone to the meeting; and
- (2) outlined the procedures for conducting this meeting and advised that this meeting would be broadcast live.

1. Sederunt and Declarations of Interest.

The Chair called the Sederunt for the meeting and having called the roll, confirmed that that there were no declarations of interest by Members of the Panel in terms of Council Standing Order No. 17 and the Councillors' Code of Conduct.

2. Minutes of previous meeting.

The Minutes of 16 April 2024 ([issued](#)) were submitted and approved.

3. **Action Log, Petition Update and Work Programme**

There was submitted an update of the Action Log, Petition Update and Work Programme ([issued](#)) for this Panel.

Having heard the Assistant Director – Communities speak in relation to the Action Log, Petition Update and Work Programme and having heard him

- (1) in relation to the Action Log, the “ERDF Business Programme” had ended, and that the new “Ambition Programme” had been launched and that that it was proposed to provide an update to the Service and Partnership Performance Panel in October 2024.
- (2) in relation to the Petition Update and the request to terminate a tenancy in Prestwick, the Chief Governance Officer had notified the lead petitioner of the rejection of the petition in line with Paragraph 3.1 of the Council’s Petition Protocol.

The Panel

Decided:

- (1) to agree the current position with regard to the Action Log; and
- (2) to note the current status of the Petition Update and Work Programme.

4. **Community Wealth Building Programme.**

There was submitted a report ([issued](#)) of 1 May 2024 by the Director of Communities and Transformation providing updates on the Community Wealth Building (CWB) programme workplan and a summary of progress to date, which included a review of the current work plan.

A Member of the Panel commended the group for the variety and geographical spread of Community Wealth Building activities and additionally enquired into what proportion of CWB activities had been represented in Appendix 2 of the report. The Thriving Communities Coordinator – Economy and Regeneration advised it would not be possible to provide a percentage regarding this, however any Member would be welcome to discuss with him further following the meeting.

Having heard a Member of the Panel, who requested further information regarding Appendix 1 and the task name “Host a South Ayrshire Council and Supplier Development online event to raise awareness of the of the opportunity to strengthen local economies and support local supply chains through public contracts” and why small businesses could not apply for future contracts outwith the framework period, leaving them unable to tender until the next framework period. The Assistant Director – Communities advised the Council encouraged local businesses to apply through the Supplier Development Framework and provided information to businesses on how to do so. He further advised that the Member could speak to him at the conclusion of the meeting in this regard. Another Member raised the matter and it was noted again that if Members had concerns that local businesses had missed the framework, they should speak to him directly.

A Member of the Panel requested information on how the Community Benefit Wish List was monitored. He also enquired if entries on the Wish List would be carried forward to next year's list. The Assistant Director – Communities advised that all entries on the list were moving forward but if there were any matters Members wished added to the list they should advise him directly. He further advised that the Community Wealth Building Action Plan contained information of active projects funded by the shared prosperity fund resource.

The Panel

Decided:

- (1) to review progress and achievements in relation to CWB; and
- (2) to endorse the approaches and activities set out within the revised work plan.

5. Regeneration Capital Grant Fund – Update on Pinwherry and Pinmore and Maybole Stage 2 Applications.

There was submitted a report ([issued](#)) of 1 May 2024 by the Director of Communities and Transformation

- (1) providing an update on the progress of two Regeneration Capital Grant Fund (RCGF) applications;
- (2) advising that they were for the transformation of the former Pinwherry and Pinmore Primary school, in collaboration with Pinwherry and Pinmore Community Development Trust and the proposed redevelopment of Maybole New Stables Lane, in collaboration with Ayrshire Housing Association.

A Member of the Panel advised that the report stated that the completion date for the works at Pinwherry and Pinmore had been set for 26 April 2024 and enquired if the work had indeed been completed. The Maybole Regeneration Lead Project Officer, Economy and Regeneration advised that the project had not yet been completed and was three to four weeks behind schedule; and that an update would be provided by her to Panel Members in due course.

Having heard a Member of the Panel enquire as to what the schedule would be for the provision of updates regarding the ongoing RCGF projects, the Assistant Director – Communities advised that it was proposed to submit an update to this Panel in September 2024 to provide information on the success of the projects.

The Panel

Decided:

- (1) to note the successful outcomes of the Stage 2 applications in regard to Pinwherry and Pinmore, and Maybole New Stables Lane;
- (2) to note that Pinwherry and Pinmore Community Development Trust were progressing with the transformation of the former Pinwherry and Pinmore Primary School into a multi-purpose community facility;

- (3) to note that Ayrshire Housing Association were progressing the New Stables Lane redevelopment in Maybole New Stables Lane;
- (4) to note that the Council would monitor and oversee expenditure of RCGF funding received;
- (5) to note that the Assistant Director Communities would update the Panel on the progress of the projects and report back with an update on all the ongoing RCGF projects and continued due diligence; and
- (6) to otherwise note the contents of the report and support the approaches and activities set out therein.

6. Fleet Strategy 2021-2026 Progress Report.

There was submitted a report ([issued](#)) of 1 May 2024 by the Director of Housing, Operations and Development providing the annual review of progress in delivering the South Ayrshire Council Fleet Strategy 2021-2026.

A Member of the Panel enquired if the current South Ayrshire Council fleet vehicles were leased or owned. The Service Lead – Neighbourhood Services confirmed that there were two lease types currently used by SAC, namely a contract hire lease or a purchase lease.

Having heard a Member of the Panel seek clarification on terminology used within the report namely “grey fleet” and “peak shaving”, the Service Lead – Neighbourhood Services provided a definition of these terms.

A Member of the Panel enquired as to the implications that would arise financially if the Council failed to meet the targets to have all low emission vehicles. The Service Lead – Neighbourhood Services advised that as the targets were set by the Council, there were no financial penalties if the Council did not meet the 2025 Council target. It should be noted that costs would be significant to change the fleets larger vehicles to electric.

A Member of the Panel had noted in Action 1.1 that staff had requested to attend professional and technical seminars e.g. APSE, UK Logistics, over the past year. He suggested staff be given time to attend the relevant seminars due to the previous low attendance. The Service Lead – Neighbourhood Services reported that due to staff shortages there had been difficulty attending the training sessions and attendance had since improved. The Member of the Panel also enquired to Action 1.2 in Appendix 1 of the report regarding what data had been analysed and who had been responsible for the decision that the Property Maintenance fleet for housing repairs would not change to electric vehicles. It was confirmed that the Property Maintenance fleet included some electric vehicles and advised that the decision relating to the rest of the vehicles would be made in conjunction with each service.

Having heard a Member of the Panel request confirmation that the target to have all cars and vans ULEV by 2025 had since been changed to 2035 by the government. It was confirmed by the Service Lead – Neighbourhood Services that this was correct, however the Council continued to aim for 2025 to procure ultra-low emission vehicles. The Member of the Panel also enquired if there had been any funding opportunities to support the change to electric vehicles. The Service Lead – Neighbourhood Services stated that funding previously available from the Scottish Government had terminated.

The Panel

Decided:

- (1) to note the annual review of the South Ayrshire Council Fleet Strategy 2021- 2026; and
- (2) to agree that an annual review of the strategy be submitted to the Services and Partnerships Performance Panel.

7. Waste Strategy 2021-2031 Progress Report.

There was submitted a report ([issued](#)) of 1 May 2024 by the Director of Housing, Operations and Development providing the annual progress report of the Council's Waste Strategy from 2021 to 2031 as per the Action Plan.

A Member of the Panel enquired regarding segregated waste, namely garden and food, which had been queried by the public regarding the introduction of a collection fee for garden waste bins in South Ayrshire. The Service Lead – Neighbourhood Services advised the reason was economical and would not be financially suitable due to the extra costs incurred when processing food waste and garden waste together.

Having heard a Member of the Panel seek elaboration regarding the ambition for the Reuse Plan proposed under development, as detailed in Appendix 1 of the report, the Service Lead – Neighbourhood Services advised that the proposed plan would assist with less waste going to the landfill.

A Panel Member outlined that it may be helpful for the Council to consider commercial waste uplifts by those that currently use private contractors in a competitive market.

Further questions were raised by Members in relation to:-

- (1) the Waste Management and Ground Maintenance operatives collecting different use bins due to their remits. The Service Lead – Neighbourhood Services advised that this would be looked at with the aim to streamline the service;
- (2) the use of hand dryers to replace paper towels in Council premises to reduce waste. The Service Lead – Neighbourhood Services advised that this would be considered going forward;
- (3) the development of a Waste Engagement and Communications framework and enquiring when this would take place. The Service Lead – Neighbourhood Services advised that communications were ongoing internally and with commercial waste customers;
- (4) the success of South Ayrshire Council MyBins app; The Service Lead – Neighbourhood Services advised there had been no data available to present although positive feedback had been received; and
- (5) the work ongoing within schools regarding recycling education and littering initiatives. The Service Lead – Neighbourhood Services advised there had been two new Waste Awareness Staff employed by the Council who would be responsible for

visiting schools and referred to the mobile phone app to encourage the use of bins with the reward of points or possible prizes.

The Panel

Decided: to note the contents of the report.

The meeting ended at 11.00 a.m.

Draft

SERVICE AND PARTNERSHIPS PERFORMANCE PANEL – ACTION LOG

No.	Date of Meeting	Issue	Actions	Assigned to	Update	Completed
1.	14 May 2024	Regeneration Capital Grant Fund – Update on Pinwherry and Pinmore and Maybole Stage 2 Applications	To provide an update regarding completion for the works at Pinwherry and Pinmore.	Maybole Regeneration Lead Project Officer	Update to be provided to Members by November 2024	No

South Ayrshire Council

Report by Depute Chief Executive and Director of Education to Service and Partnerships Performance Panel of 11 June 2024

**Subject: Council Plan (2023-2028): First Year: Quarter Four
Update (2023/24)**

1. Purpose

- 1.1 The purpose of this report is to advise Members on progress that has been made during the first year of the new Council Plan.

2. Recommendation

- 2.1 It is recommended that the Panel notes Quarter Four progress of the Council Plan (2023-2028) attached as Appendix 1.

3. Background

- 3.1 The new [Council Plan \(2023-2028\)](#) was agreed by Council in March 2023, and sets out the Council's framework for achieving key strategic outcomes based on three priority areas:

- Spaces and Places;
- Live, Work and Learn; and
- Civic and Community Pride.

- 3.2 An updated [Performance Management Framework \(2023-2028\)](#) (PMF) to coincide with the new Council Plan was approved by Cabinet in June 2023. This framework supports the delivery of the Council Plan and its annual Council and Service Planning Cycles. The framework has been updated to reflect the recommendations made by Audit Scotland in the Council's Best Value Assurance Report 2021.

- 3.3 The PMF sets out the reporting schedule for the Council Plan noting that performance will be reported to the Council Leadership Team on a quarterly basis with Service and Partnerships Performance Panel scrutinising performance on quarters two and four each year. Elected Members can access [Pentana](#) at any time to view updates and progress on all service plans.

4. Proposals

- 4.1 Members are asked to consider the Council Plan (2023-2028) Quarter Four update that covers the period from **1 January to 31 March 2024**. Members will note the

reporting format has been updated to include a front-facing dashboard, allowing easier scrutiny of overall progress against the Council objectives. In addition the update provides:

- An overall summary dashboard of progress against each of the plan's priority areas;
- Individual dashboards for the three priority areas and efficient and enabling services; and
- more detailed breakdown with commentary on the actions and targets agreed by services provided on Pentana.

4.2 Key points to note from the Quarter Four update are highlighted in the table below:

Priority Area	Actions	On track/Completed	Off track/Not yet started/Re-assess due date	Overall health
Priority One: Spaces and Places	18	5 on track and 9 completed	<ul style="list-style-type: none"> • 1 - off track with concerns • 3 – re-assess due date 	
Priority Two: Live, Work and Learn	14	6 on track and 5 completed	<ul style="list-style-type: none"> • 1 - off track with concerns • 2 – re-assess due date 	
Priority Three: Civic and Community Pride	8	2 on track and 2 completed	<ul style="list-style-type: none"> • 1 - off track with concerns • 3 – re-assess due date 	
Efficient and Effective Enabling Services	8	4 on track and 4 completed	0	
TOTAL NUMBER OF ACTIONS	48	17 on track and 20 completed	3 off track and 8 re-assess due date	

4.3 For the three actions that have been identified as 'off track' (*not on target – some concerns*), progress is not as advanced as anticipated. Reasons are provided within the accompanying Pentana updates included within the performance report.

4.4 For the eight of actions that require to have due dates reassessed, work is progressing however the initial completion deadlines have slipped. Reasons are provided within the accompanying Pentana updates included within the performance report.

4.5 Highlights from the last quarter of Council Plan progress include:

- Opening of the new Carrick Community Campus Leisure facility;
- The development of a new Community Planning Partnership Local Outcomes Improvement Plan and Child Poverty Strategy;
- The development of an Inward Investment Strategy and Action Plan;
- Work continues to promote golf tourism to the area; and
- The approval of a new Digital Strategy.

4.6 As a result of a recent Council restructure, a number of 'Efficient and Enabling Services' actions have moved into a different Service and have been allocated new action numbers (page 30 in the report) – these are:

- PPCP-CP 06 (Fleet Review) now ICTEA-CP 02;
- PPCP-CP 07 (Telephony System) now ICTEA-CP 03; and
- PPCP-CP 08 (Roads Operating Model) now ICTEA-CP 04.

5. Legal and Procurement Implications

5.1 There are no legal implications arising from this report.

5.2 There are no procurement implications arising from this report.

6. Financial Implications

6.1 Not applicable.

7. Human Resources Implications

7.1 Not applicable.

8. Risk

8.1 Risk Implications of Adopting the Recommendations

8.1.1 There are no risks associated with adopting the recommendations.

8.2 Risk Implications of Rejecting the Recommendations

8.2.1 There are no risks associated with the rejection of the recommendations.

9. Equalities

9.1 The proposals in this report allow scrutiny of performance. The report does not involve proposals for policies, strategies, procedures, processes, financial decisions and activities (including service delivery), both new and at review, that affect the Council's communities and employees, therefore an equality impact assessment is not required.

10. Sustainable Development Implications

10.1 This report does not propose or seek approval for a plan, policy, programme or strategy or document otherwise described which could be considered to constitute a plan, programme, policy or strategy.

11. Options Appraisal

11.1 An options appraisal has not been carried out in relation to the subject matter of this report.

12. Link to Council Plan

12.1 The matters referred to in this report contribute to all priorities of the Council Plan.

13. Results of Consultation

13.1 There has been no public consultation on the contents of this report.

13.2 Consultation has taken place with Councillor Martin Dowey, Portfolio Holder for Corporate and Strategic, and the contents of this report reflect any feedback provided.

Management Summary

PRIORITY ONE: SPACES AND PLACES

- Progress is taking place/has taken place across 18 actions with 9 actions now complete (50%) and 5 actions on target (28%).
- 1 action is giving cause for concern (5%) and 3 actions (17%) are requiring due dates to be re-assessed as they are overdue their initial completion timescales.
- 4 actions on target are <50% progress (22%) however it should be noted that the timescales for all these actions range from December 2024 to March 2027 therefore the progress status reflects the longer-term nature of these actions.

PRIORITY TWO: LIVE, WORK, LEARN

- Progress is taking place/has taken place across all 14 actions with 5 actions now complete (36%) and 6 actions on target (43%).
- 1 action is giving cause for concern (7%) and 2 actions (14%) are requiring due dates to be re-assessed as they are overdue their initial completion timescales.
- 1 action on target is <50% progress (7%) however it should be noted that the timescale for this action is March 2028 therefore the progress status reflects the longer-term nature of this action.

PRIORITY THREE: CIVIC AND COMMUNITY PRIDE

- Progress is taking place/has taken place across all 8 actions with 2 actions now complete (25%) and 2 actions on target (25%).
- 1 action is giving cause for concern (12.5%) and 3 actions (37.5%) are requiring due dates to be re-assessed as they are overdue their initial completion timescales.
- 1 action on target is <50% progress (12.5%) however it should be noted that the timescale for this action is December 2025 therefore the progress status reflects the longer-term nature of this action.

EFFICIENT AND ENABLING SERVICES

- Progress is taking place/has taken place across all 8 actions with 4 actions now complete (50%) and 4 on target (50%).
- 2 actions on target are <50% progress (25%) however it should be noted that the timescales for these actions range from June 2024 to December 2025 therefore the progress status reflects the longer-term nature of these actions.

Quarter 4 update

- ### Some highlights
- Opening of the new Carrick Community Campus Leisure facility (PDS-CP 03);
 - The refurbishment of the Citadel is progressing to design stage (PDS CP-02); and
 - The street cleansing review and implementation is now complete (WM-CP 01).

	Actions 18	
	Completed 9	
	Off Track 1	
	On Track 5	
	Not yet started 0	
	Reassess due date 3	
	Yet to update 0	

Management Summary

- Progress is taking place/has taken place across 18 actions with 9 actions now complete (50%) and 5 actions on target (28%).
- 1 action is giving cause for concern (5%) and 3 actions (17%) are requiring due dates to be re-assessed as they are overdue their initial completion timescales.
- 4 actions on target are <50% progress (22%) however it should be noted that the timescales for all these actions range from December 2024 to March 2027 therefore the progress status reflects the longer-term nature of these actions.

Spaces and Places

Action	Timescale	Portfolio Owners	Progress	Status	Latest Note
DSA-CP 01 Provide safe walking routes around and across golf courses in Troon.	31-Oct-2023	Service Lead - Destination South Ayrshire	100%	Completed	13-Oct-2023 Darley Golf Course work now complete
Target					
Increase use of the golf course by both members and non-members.					
How will you measure success?					
More people accessing Darley golf course safely; Less incidences of dangerous access into areas of play, reduced vandalism and fire raising; and Nature diversification.					

Action	Timescale	Portfolio Owners	Progress	Status	Latest Note
DSA-CP 02 Enter into a procurement process to appoint contractors to deliver works at Darley and Belleisle Golf Courses.	31-Dec-2023	Service Lead - Destination South Ayrshire	100%	Completed	11-Jul-2023 Procurement processes for the works at Darley and Belleisle Golf Courses are complete. The works have already been undertaken and completed at Darley Golf Course and the works are currently on site at Belleisle Golf Course.
Target					
Contractors appointed.					
How will you measure success?					
Contracts are in place for the delivery of the works.					

Action	Timescale	Portfolio Owners	Progress	Status	Latest Note
DSA-CP 03 Redevelop the two priority courses, Darley and Belleisle, to enable South Ayrshire Council to achieve the agreed strategic outcomes and increase income from visitor and members.	30-Apr-2027	Service Lead - Destination South Ayrshire	20%	On target	22-Apr-2024 Following a tender process conducted during March/April 2024, Golf Architects have now been appointed to complete the designs for both courses' re-designs. The successful company have now had an initial meeting with Senior Officers from Golf South Ayrshire and have started the course analysis with a view having the initial concept designs prepared by June 2024.

Target

Increase use of the golf course by both members and non-members;
Revenue increase by 5%; and
Baseline 2022/23.

How will you measure success?

Golf courses redeveloped and operational.

Action	Timescale	Portfolio Owners	Progress	Status	Latest Note
DSA-CP 04 Open the new Carrick Community Campus Leisure facilities ensuring staff and customers are supported.	31-Dec-2023	Service Lead - Destination South Ayrshire	100%	Completed	09-Jan-2024 New leisure facilities opened to the public on 4-Jan-2024.

Target

Facilities open and operational with appropriate staffing.

How will you measure success?

Facilities delivered on time and on budget.

Action	Timescale	Portfolio Owners	Progress	Status	Latest Note
FL-CP 01 Develop plan for the transition to ultra-low emission car fleet for South Ayrshire fleet by 2025	31-Dec-2025	Service Lead - Neighbourhood Services	100%	Completed	16-Apr-2024 Programme for Fleet replacement has been identified and is an ongoing process. We currently have 34% of the Fleet that is able to transition to Electric. It should be noted that this includes the full complement of Property Maintenance vehicles, which we believe will not be able to be achieved due to the weight and distance travelled per day. However, we will keep them in this listing to see if the Electric Vehicle industry develops further in the next 3 years.

Target

80

How will you measure success?

80 ultra-low emission vehicles procured.

Action	Timescale	Portfolio Owners	Progress	Status	Latest Note
GB-CP 01 Deliver first year of Ash Die Back Plan	31-Mar-2024	Service Lead - Neighbourhood Services	100%	Completed	16-Apr-2024 First year completed and update report was taken to Cabinet.

Target

700

How will you measure success?

Number of trees felled.

PR-CP 01 Arrange Local Supplier Engagement events and Tender training	31-Mar-2024	Service Lead - Procurement	100%	Completed	<p>16-Oct-2023 SAC Procurement presented in front of local suppliers as part of the Ayrshire Growth Deal Community Wealth Building gathering held in Troon Town Hall in Sep-2023. SAC are the lead authority for the Procurement pillar on community wealth building for Ayrshire and presented on what initiatives are in place to encourage local suppliers to bid for contracts as well as showcasing some summarised facts and figures in relation to local spend. There was also a Question & Answer session for suppliers and staff who attended.</p> <p>SAC Procurement also attended the East Ayrshire Council led meet the buyer event at the Park Hotel in Kilmarnock in Oct-2023 where multiple local suppliers attended to find out more about the procurement process. The event was very well attended with lots of interest in future South Ayrshire Contracts.</p> <p>Both these events were also attended by the Supplier Development Programme who were there to answer any questions on tender training available to suppliers. Tender training sessions are available throughout the year.</p> <p>Procurement also held the local food event at Belleisle, as mentioned in the last update, in Oct-2023. The aim of the event was to engage and identify potential speciality food and drink suppliers for the cafe facilities with SAC Leisure locations.</p> <p>16 suppliers attended (23 people in total).</p> <p>These events are always well attended and are beneficial in terms of increasing local supplier involvement so Procurement will continue to arrange as and when future contract opportunities come up.</p>
Target					
2-3 Events per year to be attended or held by SAC.					
How will you measure success?					
% of contracts awarded to Local Small Medium Enterprises (SME's).

SPP-CP 01 Deliver Regeneration Build Programme	31-Mar-2028	Service Lead - Special Property Projects	15%	On target	23-Apr-2024 Initial site surveys, designs and costs concluded for projects B and D. Negotiations on Heads of Terms ongoing for lease and site acquisition for project B. Company D has withdrawn. Discussions ongoing with other potential tenants.

Target

7-year programme Design Team appointed in April 2023 to take forward outline design work on 3 priority projects under Regeneration Build Programme (B to J). This will provide the Council with help to inform the size of each facility, the amount of land required to build it, and the overall cost. Site investigations and desktop studies will also be undertaken to understand the level of infrastructure required so that can also be captured. This will put the Council in a much better position to conclude discussions on land acquisition and the agreement of commercial heads of terms for any lease agreements.

How will you measure success?

Land acquisition completed.
Buildings - agreed lease terms.

Action	Timescale	Portfolio Owners	Progress	Status	Latest Note
SPP-CP 02 Deliver Ayrshire Growth Deal (AGD) Programme	31-Mar-2028	Service Lead - Special Property Projects	10%	Not on target - Some Concerns	<p>23-Apr-2024 SPACEPORT A paper was submitted to the Ayrshire Economic Joint Committee in February where it was agreed that the project is not viable and decision making is now with Ministers.</p> <p>DIGITAL Project has now been re-scoped and South Ayrshire Council are no longer the lead authority on this project. All future work will be managed by the Ayrshire Growth Deal Project Management Office in relation to the reprioritisation of the original Subsea cable and Infill projects allocated funding across the identified Ayrshire Growth Deal recipient projects.</p> <p>AEROSPACE AND SPACE TECHNOLOGY APPLICATION CENTRE Outline business case to be redrafted with target date of June 2024 for submission/approval to cabinet. Full business case targeted for Joint Committee approval 2-Oct-2024.</p> <p>ROADS Consultants have been appointed to undertake a Scottish Transport Appraisal Guidance assessment which will determine the roads need from a transport perspective and inform the output of the exercise. Assessment is due to be finalised by June 2024, Work still ongoing.</p> <p>COMMERCIAL BUILD (MANGATA) Decision making for the project sits with regional partners, a paper will be submitted to the Ayrshire Economic Partnership Board on the 25-Apr-24 around the next steps for this project.</p>

Target

7-year programme

SPACEPORT

- Royal Institute of British Architects (RIBA) Stage 3 Due date 30th April 2023;
- Heads of Terms agreed to purchase land Due date 30th June 2023; and
- Full Business Case approved by joint committee Due date 30th September 2023.

Management Summary

- Progress is taking place/has taken place across all 8 actions with 4 actions now complete (50%) and 4 on target (50%).
- 2 actions on target are <50% progress (25%) however it should be noted that the timescales for these actions range from June 2024 to December 2025 therefore the progress status reflects the longer-term nature of these actions.

Efficient and effective enabling services

Action	Timescale	Portfolio Owners	Progress	Status	Latest Note
CA-CP 01 Review and refresh the Council's Medium Term Financial Plan (MTFP).	31-Dec-2023	Service Lead - Corporate Accounting	100%	Completed	05-Dec-2023 The new MTFP was considered and approved at Cabinet on 28th Nov 2023.
Target					
Revised MTFP in place by Dec 2023.					
How will you measure success?					
Provide clear direction on how the Council will manage its financial resources in the short to medium term to ensure they are deployed effectively to achieve the Council's priorities and objectives as set out in the Council Plan.					

Action	Timescale	Portfolio Owners	Progress	Status	Latest Note
COM-CP 01 Develop a corporate communication strategy to align with the council plan.	31-Dec-2028	Service Lead - Organisational Development and Customer Services	100%	Completed	08-Jan-2024 The Communications Strategy 2023-28 was submitted as part of a paper for approval at Cabinet on 28 November. At this Cabinet meeting it was agreed that the Strategy would be considered under Section 3a at the next meeting of South Ayrshire Council (7 December). The Communications Strategy will now be considered at the meeting of South Ayrshire Council on 17-Jan-2024.
Target					
Strategy approved at full Council.					
How will you measure success?					
Plan approved and launched to services.					

Action	Timescale	Portfolio Owners	Progress	Status	Latest Note
ICTEA-CP 01 Develop a unified ICT and Digital Strategy for the Council.	31-Oct-2023	Head of Finance, ICT and Procurement; Service Lead - ICT Enterprise Architecture	100%	Completed	08-Jan-2024 Completed Strategy presented to and approved by full Council early in December 2023
Target					
Introduce new strategy in Autumn 2023					
How will you measure success?					
Engagement with wider ICT and stakeholders to review existing strategies Adopted ICT and Digital Strategy					

Action	Timescale	Portfolio Owners	Progress	Status	Latest Note
ICTOP-CP 01 Phase 2 implementation of the Data Centre migration programme	31-Dec-2024	Service Lead - ICT Operations	25%	On target	24-Apr-2024 Work remains on track and is progressing.
Target					
Complete phase 2 by December 2024.					
How will you measure success?					
Reduction of on-premises services; and Reduction in data centre carbon footprint.					

Action	Timescale	Portfolio Owners	Progress	Status	Latest Note
PPCP-CP 05 Develop a new Integrated Impact Assessment to replace the current EQIA process	30-Sep-2023	Service Lead - Performance, Policy and Community Planning	100%	Completed	12-Oct-2023 The draft Integrated Impact Assessment was approved by Cabinet on the 26-Sept-2023. The IIA will be launched as a pilot for testing with Strategic Change and Communities Directorate.
Target					
To create an online Integrated Impact Assessment by September 2023.					
How will you measure success?					
New assessment launched as a pilot in at least 3 service areas.					

Action	Timescale	Portfolio Owners	Progress	Status	Latest Note
ICTEA-CP 02 Fleet Review	30-Jun-2024	Service Lead – ICT Enterprise Architecture	55%	On target	09-Apr-2024 Project Board approval to pursue possible car club pilot. Engagement with market has continued over this period as a result. Preferred location identified for a pilot being reviewed due to lack of charging infrastructure. Alternative options currently being considered.
Target					
Reduction in costs of hiring vehicles. Increased use of existing fleet use and more efficient use of existing fleet.					
How will you measure success?					
Reduction in vehicle hire costs. Increased and more efficient usage of our own SAC fleet.					

Action	Timescale	Portfolio Owners	Progress	Status	Latest Note
ICTEA-CP 03 Procure and implement a new telephony system based on Service specifications to meet needs of internal and external stakeholders	31-Dec-2025	Service Lead – ICT Enterprise Architecture	25%	On target	09-Apr-2024 Procurement underway to seek advice in developing specification for new telephony system and consideration for contact centre. Award expected by end April and final report for this short-term piece of work received by end May/early June.
Target					
Upgraded contact centre system; and Replacement system for Skype for Business implemented before Summer 2025.					
How will you measure success?					
Multi-channel efficient model to contact the Council. A consolidated public contact strategy.					

Action	Timescale	Portfolio Owners	Progress	Status	Latest Note
ICTEA-CP 04 Review and make recommendations on the current Roads Operating Model	30-Jun-2024	Service Lead – ICT Enterprise Architecture	85%	On target	09-Apr-2024 Additional work being undertaken to complete options appraisal to demonstrate where best value can be achieved. Engagement with other local authorities has taken place to understand alternative delivery model approaches. Final report expected in May.
Target					
Final report with recommendations by end of May 2024.					
How will you measure success?					
Production of end of Review report with recommendations for improving the Council's strategic and operating relationship with the Ayrshire Roads Alliance					

South Ayrshire Council

**Report by Depute Chief Executive and Director of Education
to Service and Partnerships Performance Panel
of 11 June 2024**

Subject: Local Performance Report: Scottish Fire and Rescue Service

1. Purpose

- 1.1 The purpose of this report is to provide members of the Service and Partnerships Performance Panel with information about the full year performance for 2023/2024 for Scottish Fire and Rescue Service (SFRS) in South Ayrshire along with an accompanying service update (Appendix 1).

2. Recommendation

- 2.1 **It is recommended that the Panel scrutinises the 2023/24 annual performance report (attached as Appendix 1) for the Scottish Fire and Rescue Service in South Ayrshire and provides feedback to the Local Senior Officer.**

3. Background

- 3.1 The Police and Fire and Rescue Reform (Scotland) Act 2012 created a national police force and a national fire and rescue service. The implications of the legislation for local authorities are that the Council will:

- Comment on SPA and SFRS Strategic Plans;
- Contribute to the preparation of the local plan for police and local fire and rescue plan and approve the plans;
- Monitor the delivery of police and fire and rescue functions in the area and make recommendations for improvement; and
- Provide feedback to the Local Police Commander and the Fire and Rescue Service Local Senior Officer.

- 3.2 The Local Fire Plan for South Ayrshire was agreed at Leadership Panel on 19 September 2017. Performance is reported twice yearly, and this report relates to full year performance for the period 2023/2024.

4. Proposals

- 4.1 The Local Senior Officer has provided the performance update attached as Appendix 1 which Panel members are invited to scrutinise and provide feedback

on. The Local Senior Officer will be in attendance at the Panel meeting to discuss the performance information provided.

5. Legal and Procurement Implications

5.1 There are no legal implications arising from this report.

5.2 There are no procurement implications arising from this report.

6. Financial Implications

6.1 Not applicable.

7. Human Resources Implications

7.1 Not applicable.

8. Risk

8.1 Risk Implications of Adopting the Recommendations

8.1.1 There are no risks associated with adopting the recommendations.

8.2 Risk Implications of Rejecting the Recommendations

8.2.1 If the recommendation is rejected then there is a risk that the Council is considered to not have discharged its responsibility under the Police and Fire and Rescue Reform (Scotland) Act 2012 in terms of scrutinising local performance

9. Equalities

9.1 The proposals in this report allow scrutiny of performance. The report does not involve proposals for policies, strategies, procedures, processes, financial decisions and activities (including service delivery), both new and at review, that affect the Council's communities and employees, therefore an equality impact assessment is not required.

10. Sustainable Development Implications

10.1 **Considering Strategic Environmental Assessment (SEA)** - The proposals in this report do not represent a qualifying plan, programme, policy or strategy for consideration for SEA. There exists therefore no obligation to contact the Scottish Government Gateway and no further action is necessary. An SEA has not been undertaken.

11. Options Appraisal

11.1 An options appraisal has not been carried out in relation to the subject matter of this report.

12. Link to Council Plan

12.1 The matters referred to in this report contribute Priority 3 of the Council Plan: Civic and Community Pride.

13. Results of Consultation

- 13.1 There has been no public consultation on the contents of this report which relates to the performance of an external organisation.

Local Fire and Rescue Service Plan Priorities

The Local Fire and Rescue Service Plan has been developed to set out the priorities and objectives within South Ayrshire and allows our local authority partners to scrutinise the performance outcomes of these priorities. We will continue to work closely with our partners in South Ayrshire to ensure we are all “Working Together for a Safer Scotland” through targeting risks to our communities at a local level.

The plan has been developed to complement key partnership activity embedded across South Ayrshire's Community Planning Partnership. Through effective and co-ordinated partnership working we will seek to deliver continuous improvement in our performance and effective service delivery in our area of operations.

The Local Fire and Rescue Plan for South Ayrshire identified six areas for demand reduction and is subject to regular monitoring and reporting through the Partnership Panel. A summary of the priorities and current activity is detailed below with further detail and analysis contained within this performance report.

	Accidental Dwelling Fires	Accidental Dwelling Fire Casualties	Unintentional Injury and Harm	Deliberate Fire Setting	Non-Domestic Fire Safety	Unwanted Fire Alarm Signals

About the statistics within this report

The activity totals and other statistics quoted within this report are published in the interests of transparency and openness. They are provisional in nature and subject to change as a result of ongoing quality assurance and review. Because all statistics quoted are provisional there may be a difference in the period totals quoted in our reports after local publication which result from revisions or additions to the data in our systems. The Scottish Government publishes official statistics each year which allow for comparisons to be made over longer periods of time.

- Activity levels have reduced by more than 5%
- Activity levels have reduced by up to 5%
- Activity levels have increased overall

Glossary of Terms

Term - What it means

ADF

Accidental Dwelling Fire

CSET

Community Safety Engagement Toolkit is an internal IT system used to record home fire safety visits and community safety activities

FSET

Fire Safety Experiential Training is a bespoke training programme developed by the Scottish Fire and Rescue Service in Ayrshire and delivered to community planning partners to raise awareness of fire safety within the domestic environment

HFSV

Home Fire Safety Visit

PDIR

Post Domestic Incident Response, a term used by Prevention and Protection Directorate to indicate actions taken following attendance at a fire or other incident in the home. PDIRs include amongst things the offer of a free follow-up home fire safety visit

Primary Fires

These include all fires in buildings, vehicles and outdoor structures or any fire involving casualties, rescues or fires attended by five or more appliances

RDS

Retained Duty System. Professional on call firefighters who may have other primary employment responsibilities outside the Fire and Rescue Service but respond to emergency calls within their local area as and when required

RTC

Road Traffic Collision

Secondary Fires

These are the majority of outdoor fires including grassland and refuse fires unless they involve casualties or rescues, property loss or fire or more appliances attend. They include fires in single derelict buildings

Special Service

Calls to incidents which are not fires or false alarms such as RTCs, rescues, flooding, incidents involving hazardous materials or the provision of assistance to other agencies

UFAS

Unwanted Fire Alarm Signals. When an automatic fire detection and alarm system is activated as a result of anything other than an actual fire the activation is classed as a false alarm. If an attendance is made to such an event by the Scottish Fire and Rescue Service, then the event is recorded as an UFAS incident

South Ayrshire Council

**Report by Depute Chief Executive and Director of Education
to Service and Partnerships Performance Panel
of 11 June 2024**

Subject: Review of Local Fire Plan for South Ayrshire: Scottish Fire and Rescue Service

1. Purpose

1.1 The purpose of this report is to provide members of the Service and Partnerships Performance Panel of the review that has taken place on the Local Fire and Rescue Plan for South Ayrshire.

2. Recommendation

2.1 It is recommended that the Panel:

2.1.1 considers the review of the Local Fire and Rescue Plan 2023 (attached as Appendix 1) and provides feedback; and

2.1.2 approves the content of the Local Fire Plan (attached as Appendix 1).

3. Background

3.1 The Scottish Fire and Rescue Service (SFRS) is required under the Fire (Scotland) Act 2005, as amended by the Police and Fire Reform (Scotland) Act 2012, to prepare Local Fire and Rescue Plans for each local authority in Scotland.

3.2 Local Fire and Rescue Plans set out national and local operating context and outline specific priorities for that area. In their preparation, due regard is given to the Fire and Rescue Framework for Scotland and the SFRS Strategic Plan.

4. Proposals

4.1 The publication of the new Strategic Plan 2022-25 in October 2022 instigated a requirement to carry out a mandatory review of all Local Fire and Rescue Plans. This review will provide SFRS with information on how well they are performing against existing priorities, as well as highlighting areas for continued improvement and opportunities for change against the growing needs of communities.

4.2 The information contained within this Review Report will contribute towards the development of a new Local Fire and Rescue Plan that is tailored to local need.

4.3 The local priorities remain consistent for South Ayrshire and new local plans will be developed after SFRS publish their new Strategic Plan for 2026-2028.

4.4 The Local Senior Officer has provided the findings of the review (attached as Appendix 1) which Panel members are invited to scrutinise, provide feedback and approve. The Local Senior Officer will be in attendance at the Panel meeting to discuss the information provided.

5. Legal and Procurement Implications

5.1 There are no legal implications arising from this report.

5.2 There are no procurement implications arising from this report.

6. Financial Implications

6.1 Not applicable.

7. Human Resources Implications

7.1 Not applicable.

8. Risk

8.1 *Risk Implications of Adopting the Recommendations*

8.1.1 There are no risks associated with adopting the recommendations.

8.2 *Risk Implications of Rejecting the Recommendations*

8.2.1 If the recommendation is rejected then there is a risk that the Council is considered to not have discharged its responsibility under the Police and Fire and Rescue Reform (Scotland) Act 2012 in terms of scrutinising local performance

9. Equalities

9.1 The proposals in this report allow scrutiny of performance. The report does not involve proposals for policies, strategies, procedures, processes, financial decisions and activities (including service delivery), both new and at review, that affect the Council's communities and employees, therefore an equality impact assessment is not required.

10. Sustainable Development Implications

10.1 ***Considering Strategic Environmental Assessment (SEA)*** - The proposals in this report do not represent a qualifying plan, programme, policy or strategy for consideration for SEA. There exists therefore no obligation to contact the Scottish Government Gateway and no further action is necessary. An SEA has not been undertaken.

11. Options Appraisal

11.1 An options appraisal has not been carried out in relation to the subject matter of this report.

12. Link to Council Plan

- 12.1 The matters referred to in this report contribute Priority 3 of the Council Plan: Civic and Community Pride.

13. Results of Consultation

- 13.1 There has been no public consultation on the contents of this report which relates to the performance of an external organisation.

REVIEW 2023**

Safety. Teamwork. Respect. Innovation.

INTRODUCTION

The Scottish Fire and Rescue Service (SFRS) is required under the Fire (Scotland) Act 2005, as amended by the Police and Fire Reform (Scotland) Act 2012, to prepare Local Fire and Rescue Plans for each local authority in Scotland.

Local Fire and Rescue Plans set out our national and local operating context and outline our specific priorities for that area. In their preparation, due regard is given to the Fire and Rescue Framework for Scotland and the SFRS Strategic Plan.

The publication of our new Strategic Plan 2022-25 in October 2022 instigated a requirement to carry out a mandatory review of all Local Fire and Rescue Plans. This review will provide us with information on how well we are performing against our existing priorities, as well as highlighting areas for continued improvement and opportunities for change against the growing needs of our communities.

The information contained within this Review Report will contribute towards the development of a new Local Fire and Rescue Plan that is tailored to local need.

Performance Data – what the figures told us.

South Ayrshire – Local Fire and Rescue Plan Priority: Domestic safety

Across South Ayrshire, recent studies on accidental home fires point out that most of these incidents, including those leading to injuries, are caused by cooking-related mishaps. A key factor contributing to these accidents is distraction.

Many of those facing a heightened risk of fire incidents also grapple with various challenges like aging, health issues, or limited mobility. Often, they are already under the care of different support agencies. This situation opens doors for these agencies to collaborate effectively. By sharing crucial information, exchanging training methods, and developing efficient referral systems, they can collectively enhance the safety of those most vulnerable to fire hazards.

The SFRS has a vital part in safeguarding those at risk of home injuries. Through their on-site responses and the implementation of Home Safety Visits, the SFRS is well-positioned to identify and assess risk factors in individuals. Subsequently, they can facilitate connections between these individuals and partner agencies, ensuring additional support and protection.

Accidental Dwelling Fires:

Accidental dwelling fires in South Ayrshire have been subject to random variation since 2017-18 Q1.

With the exception of 2022-23 Q3, figures have been on or below average since 2020-21 Q4, indicating a possible decreasing trend. This is consistent with national patterns in the data which show a consistently decreasing trend since 2017-18.

Accidental Dwelling Fire casualties and fatalities:

Accidental dwelling fire non-fatal casualties have remained within control limits since 2017-18 Q1.

Nationally, figures have remained consistently below average since 2020-21 Q1.

In 2020-21, there was 1 dwelling fire fatality. In 2022-23, there was 1 fire fatality, occurring in a road vehicle fire.

Fire fatalities by type: 2020-21 - 2022-23

Fiscal Year	Fire Category	Total
2020-21	Dwelling Fire	1
2022-23	Road Vehicle Fire	1

Home Fire Safety Visits:

Home Fire Safety Visits in South Ayrshire were subject to random variation before the Covid-19 pandemic in 2020-21. There was a substantial decrease in Home Fire Safety Visits in 2020-21 Q1, shown by the data point being far below the lower control limit.

Figures remained low in 2020-21 and have since remained below average or below the lower control limit showing that the number of visits carried out has not return to levels seen before the pandemic. This is consistent with national patterns in the data.

Home Fire Safety Visits that were High Risk:

Similar to overall Home Fire Safety Visit figures, visits that were considered high risk were affected by the Covid-19 pandemic, with a large reduction seen between 2019-20 Q4 to 2020-21 Q1.

In 2021-22 figures returned to levels similar to before the pandemic, however figures for 2022-23 have been below average and Q2 and Q3 were on the lower control limit.

This shows that the number of high-risk visits has not returned to levels seen before the pandemic. Overall patterns in South Ayrshire are consistent with what has been seen nationally across Scotland.

South Ayrshire – Local Fire and Rescue Plan Priority: Deliberate fire setting

The persistent issue of deliberate secondary fire setting is closely linked with anti-social behaviour (ASB), particularly among youths. These intentional acts, mainly involving setting refuse and grasslands alight, account for a significant portion of our operational duties. This trend not only impedes our ability to respond effectively to emergencies but also affects our preventative efforts.

Our analysis indicates a random variation in deliberate fires since the first quarter of the 2017-18 financial year. Notably, data from the first quarter (Q1) of each year consistently records higher figures than other quarters, with Q1 figures invariably exceeding the average annually. This pattern is in line with national trends observed in similar data sets.

Such behaviour poses considerable risks, including personal injuries, property damage, and environmental harm. Recognised as both anti-social behaviour and a criminal offence, our approach involves collaborating to identify community areas most affected by these incidents. Our aim is to reduce such occurrences by addressing their underlying causes.

In situations deemed necessary, the SFRS collaborates with Police Scotland to investigate these deliberate fire settings, striving to determine their origins and identify those responsible. Addressing ASB through diversionary and engagement activities is a key aspect of our strategy, which includes raising awareness about the severe impact of these deliberate fires.

Deliberate fires by property type:

Between 2020-21 and 2022-23, most deliberate fires have occurred in outdoor settings, with 723 fires in total occurring in this property type over this time.

This is followed by dwelling fires (35 fires in total), other building fires (23 in total) and vehicle fires (19 in total).

Outdoor Fires:

Outdoor fires have been subject to random variations since 2017-18 Q1 with no overall trend being shown for the data. Figures are consistently higher in Q1 of each year when compared to other quarters, with all figures in Q1 being above average and 2021-22 Q1 being above the upper control limit, indicating a possible seasonal pattern.

This is consistent with national patterns in the data.

Deliberate Fires:

Deliberate fires have been subject to random variation since 2017-18 Q1.

Figures in Q1 of each year appear to be higher than other quarters, with figures in Q1 being consistently above average each year.

This is consistent with national patterns in the data.

South Ayrshire – Local Fire and Rescue Plan Priority: Non-Domestic Fire Safety

In business and workplace settings across South Ayrshire, incidents of fire fall under the Non-Domestic Fires category, governed by the Fire (Scotland) Act 2005 and the Fire Safety (Scotland) Regulations 2006. The SFRS places a high priority on buildings identified as high risk, collaborating with businesses to ensure they meet legislative requirements.

'Sleeping risk' premises, such as residential care homes and student accommodations, are notably categorised as High-Risk Premises. This is largely due to the increased likelihood of fatal fires occurring at night when people are less vigilant. These types of premises form a substantial portion of the focus in the South Ayrshire area.

Central to the SFRS's approach is the annual auditing of high-risk properties. This thorough evaluation is essential to confirm that fire safety standards within these buildings are satisfactory. In some cases, this process includes joint inspections with other organisations like the Health and Safety Executive, Police Scotland, Trading Standards, the Local Authority Licensing Department, and Environmental Health.

Additionally, any fire incident in these specified buildings mandates a Post Fire Audit. This step is critical for a detailed assessment of the risks posed by the fire and to identify the necessary fire safety measures to protect individuals using these facilities.

It is also important to note that Non-Domestic Fires have had a significant economic impact on the broader Ayrshire economy, costing an estimated £45 million over a five-year span. This underscores the vital need for stringent fire safety practices and regular inspections in non-domestic buildings throughout South Ayrshire.

Non-domestic fires:

Non-domestic fires have been subject to random variation since 2017-18 Q1. Since 2021-22 Q4, all figures have been close to or below average, suggesting that non-domestic fires may be on an overall downward trend.

This downward trend is seen nationally across Scotland.

Audit figures:

Audit figures were subject to random variation between 2017-18 Q1 and 2019-20 Q4.

During the Covid-19 pandemic, figures decreased, with the figures for 2020-21 and 2021-22 being below average; notably, the figure for 2020-21 Q1 and Q2 were below the lower control limit. Since 2022-23 Q1, figures have returned to pre-pandemic levels, however 2022-23 Q4 is closer to the lower control limit.

More data points would be needed to confirm whether there is a cause for concern or a decreasing trend. Across Scotland, audit figures decreased during the Covid-19 pandemic and have not yet returned to levels seen before the pandemic.

South Ayrshire – Local Fire and Rescue Plan Priority: Unintentional injury and harm

Unintentional injuries and harm, including road traffic collisions, flooding, and water rescues, significantly impact the South Ayrshire community and the SFRS. These incidents not only pose immediate risks to life and property but also have long-term effects on mental well-being and the local economy.

Road traffic collisions, while decreasing in frequency, continue to cause trauma and disrupt lives. The SFRS plays a crucial role in rescue operations and the broader emotional recovery of the community. Similarly, the increase in flooding incidents presents challenges in property damage, displacement of residents, and recovery efforts. Water rescues require swift and skilled response, underscoring the need for constant SFRS training and preparedness.

The SFRS's collaboration with other agencies in emergencies, such as effecting entries and exits, reflects its multifaceted role in public safety. These collaborations are essential in managing complex situations that extend beyond fires.

Collectively, these incidents strain public resources and have a lasting effect on the community's economic and social fabric. The emotional and psychological toll on individuals and the operational strain on the SFRS highlight the importance of preventive measures, public education, and continued investment in emergency services.

Non fire emergencies:

Please note 'Humanitarian' includes Evacuation (no fire), Lift Release, Other Rescue/Release of Persons, Removal of Objects from People and Removal of People from Objects. 'Inter-Agency' includes Assist Other Agencies, Effecting Entry/Exit, Medical Responder and Suicide. 'Other Non-Fire' includes Advice Only, No Action (not false alarm), Stand By and Water Provision. 'Securing Scene' includes Making Safe (not RTC), and Spills and Leaks (not RTC). 'Vehicle' includes Road Traffic Collisions and Other Transport (no fire).

Most non-fire incidents that occurred between 2020-21 and 2022-23 were inter-agency incidents, with 324 of this incident type occurring within this time. This was followed by vehicle incidents (138), other non-fire incidents (110) and humanitarian incidents (94).

Non fire incidents:

Non-fire incidents in South Ayrshire have been subject to random variation since 2017-18 Q1. Nationally, during the Covid-19 pandemic, there was a decrease in non-fire incidents attended and an increase in incidents since then.

This is similar to what can be seen in South Ayrshire, with all data points during 2020-21 being below average and levels returning to close to average since then. The data point for Q3 of 2022-23 is close to the upper control limit. This has returned to levels close to average in Q4, indicating no cause for concern.

South Ayrshire – Local Fire and Rescue Plan Priority: Operational Resilience and Preparedness

The Fire (Scotland) Act 2005 and the Fire (Additional Function) (Scotland) Order 2005 stipulate the SFRS's obligations and roles in responding to emergencies. It is imperative that our firefighters possess the requisite skills, understanding, and expertise to manage a diverse range of incidents, which can greatly vary in their complexity and nature. Recognising the specific risks in their communities is essential to ensure that the level of response is commensurate with the risk involved. Targeted training is conducted to guarantee the safety of our firefighters and to facilitate an efficient and effective allocation of our resources during emergencies.

The SFRS's emergency response framework includes firefighters who are part of the On Call Duty System. These firefighters, responding from their homes or primary workplaces as part of an 'On-Call' scheme, are crucial in balancing their professional, personal, and firefighting responsibilities. Each station within the On Call Duty System is equipped with an adequate number of firefighters to guarantee readiness at all times.

In some instances, emergencies call for a collaborative response from various emergency services and organisations. Under the Civil Contingencies Act 2004, additional responsibilities are imposed on the SFRS to be well-prepared for and capable of handling major emergencies. As a key emergency responder, the SFRS is required to have the capacity and capability for comprehensive planning and response to significant emergencies, working in conjunction with partners at both the local and national levels. This multi-agency method is crucial for risk assessment and for the development of effective response plans, which are then thoroughly tested to ensure a smooth transition back to normalcy following major incidents.

Preparation measures might include dealing with adverse weather events, natural disasters, pandemics, chemical incidents, or major transport emergencies. Furthermore, the potential threat of terrorism obliges the SFRS to be prepared to work alongside other agencies in such events.

Acknowledging the potential evolution of the SFRS's role, we are focused on further protecting community members during emergencies. Assisting with situations such as 'Out of Hospital Cardiac Arrests' is one area where combining resources can significantly improve outcomes. Apart from emergency response, there is also a focus on promoting community resilience and enhancing survival rates from cardiac arrests through proactive engagement and education across South Ayrshire communities.

Details of the advancements made in this priority area are outlined in the Performance Local Priorities Section of this evaluation document.

South Ayrshire – Local Fire and Rescue Plan Priority: Unwanted fire alarms signals

Fire protection in buildings is centered around safeguarding life and property by preventing fire spread and ensuring early detection for timely evacuation. However, the challenge of Unwanted Fire Alarm Signals (UFAS) due to false activations has been significant. These false alarms disrupt operations and necessitate unwarranted responses by the SFRS, leading to risks and environmental impacts.

The SFRS classifies UFAS from relevant premises under the Fire (Scotland) Act 2005 and from dwellings. To address frequent false alarms, SFRS has implemented policies aimed at reducing such incidents, particularly in buildings with recurring UFAS. These unnecessary responses pose risks like increased road accidents and strain on resources, impacting community safety perceptions.

SFRS's engagement strategies in residential areas, including sheltered housing, focus on prevention and reducing UFAS. Recent changes in how the SFRS mobilises to false alarms in relevant premises will significantly influence the data produced and future prioritisation. This strategic shift is expected to refine response protocols, ensuring more efficient use of resources and better data analysis for targeted interventions. These efforts underline SFRS's commitment to enhancing fire safety and minimising false alarm occurrences in South Ayrshire.

False alarms:

False alarm incidents in South Ayrshire have been subject to random variation since 2017-18 Q1, with no clear trend in the data.

Nationally, there are no clear increasing or decreasing trends for false alarm incidents in Scotland.

Unwanted Fire Alarm Signals (UFAS):

Unwanted Fire Alarm Signals (UFAS) were subject to random variation between 2017-18 Q1 and 2019-20 Q3. Figures decreased during the Covid-19 pandemic in 2020-21 Q1, when most offices were closed, and home working was encouraged.

This meant that less people were in workplace buildings, and so there was less opportunity for an unwanted signal to occur. This is shown by all figures for 2020-21 and 2021-22 being on or below average. Figures for 2022-23 appear to be similar to levels seen before the pandemic.

UFAS by Property Type:

Between 2020-21 and 2022-23, most UFAS occurred in property types that fall under the category 'Other', with 772 occurring here within this time.

This was followed by education (351), residential homes (297) and retail (189).

Performance Local Priorities

South Ayrshire – Local Fire and Rescue Plan Priority: Domestic Fire Safety

Within the current South Ayrshire Local Fire and Rescue Plan, we said we would:

Seek to reduce accidental dwelling fires and fire-related injuries within the home by:

- Promoting and undertaking Home Fire Safety Visits to those deemed at risk from fire.
- Working with our partners in South Ayrshire to share information where fire risks within the home have been identified and to provide solutions to protect those who are at risk.
- Focusing engagement activities in those areas where service demand has been identified.
- Supporting the provision of assistive technology within the home to increase occupant safety.

Monitor our progress in the promotion of our domestic safety strategy by:

- Reviewing the number of accidental dwelling fires and their severity.
- Reviewing the number and the severity of fatal and non-fatal fire-related injuries.
- Increasing the presence of working smoke/heat detection within homes affected by fire.

Achieve a reduction in the frequency and severity of accidental dwelling fires and fire-related injuries by:

- Supporting the safety and well-being of South Ayrshire residents.
- Supporting the independent living of vulnerable members within our communities.
- Reducing the social and economic cost of fires and fire-related injuries.
- Reducing demand on the SFRS and its partners.

During the lifespan of the South Ayrshire Local Fire and Rescue Plan, we did:

- The implementation of comprehensive Home Fire Safety Visits (HFSVs) has been a key initiative. These visits involve a detailed risk assessment of fire hazards in homes by trained personnel, who also offer advice, guidance, and install long-life battery smoke and heat alarms if necessary. During the timeframe of 1 April 2020 to 31 March 2023, SFRS's operational crews and Community Action Teams (CAT) in South Ayrshire conducted a total of 1,877 Home fire safety visits; with the highest number of visits being conducted within the Ayr South ward area.
- The importance of early fire detection in reducing both human and economic losses has been underscored. Since 2001, a significant reduction in fire incidents has been attributed to the regular installation of smoke and heat detectors in residences, particularly those lacking existing systems. During the timeframe of 1 April 2020 to 31 March 2023, SFRS has fitted 103 smoke and heat detectors across South Ayrshire.

- Awareness campaigns at both national and local levels, such as the “Test it Tuesday” initiative, have played a crucial role in enhancing the functionality of these smoke/heat detectors within the community.
- The PDIR (Post Domestic Incident Response) Strategy entails a detailed analysis after each incident to determine its causes and identify preventive measures to reduce future risks. Since 1 April 2020, the SFRS has completed a total of 525 PDIRs, resulting in at least one Home Fire Safety Visit (HFSV) on **** occasions, thereby effectively targeting the most vulnerable in the community.
- The "Make the Call" initiative focused on contacting individuals closely associated with those at high risk, encouraging them to organise free Home Fire Safety visits or to seek advice. This campaign employed various outreach methods, encompassing social media, radio broadcasts, and the physical dissemination of informational material.
- Embed a dedicated Community Action Team member into the South Ayr ward area to interact with partners, reaching those most in need and reducing incidents of accidental dwelling fires and casualties.
- Collaborated closely with our Community Planning, Community Justice Ayrshire, and Ayrshire Equality Partners to gain a deeper understanding of the diverse needs of communities across South Ayrshire; thus, resulting in the provision of Hazardous Awareness Training to a range of partners, with the goal of enhancing the referral process for high-risk home fire safety visits.

South Ayrshire – Local Fire and Rescue Plan Priority: Deliberate Fire Setting

Within the current South Ayrshire Local Fire and Rescue Plan, we said we would:

Seek to reduce the instances of fire related anti-social behaviour by:

- Identifying those parts of South Ayrshire’s communities affected by deliberate fire setting to
- share this information with our partners.
- Utilise our Fire Reach, Firesetters and school’s education programmes to raise awareness of the impact of fire related anti-social behaviour.
- Working with partners to develop joint strategies to reduce the risk posed by deliberate fire setting and to mitigate its impacts.

Monitor the effectiveness of reducing fire related anti-social behaviour by:

- Review the number and type of deliberate fire setting incidents within South Ayrshire
- Evaluate the effectiveness of our youth engagement programmes.

Achieve a reduction in fire related anti-social behaviour by:

- Diverting SFRS resources towards other community-based activities
- Protect the natural and built environment.

- Promote active and responsible citizenship across South Ayrshire communities
- Enabling our communities in feeling safe from crime, disorder, and danger.

During the lifespan of the South Ayrshire Local Fire and Rescue Plan, we did:

- Successfully develop and introduce a Deliberate Fire Reduction Strategy.
- Established a comprehensive monitoring framework where each antisocial behaviour (ASB) related deliberate fire incident is meticulously recorded, including its location. This information is then disseminated to partners for the initiation of collaborative, preventive initiatives via daily coordinated meetings.
- Expanded the number of Youth Volunteer Schemes across the region from one to two; thus, enhancing our capacity to work with young people.
- Hosted MCR Pathway mentoring events to increase the number of mentors available across the local authority area.
- Developed bespoke Fireskills and engagement programmes to support our joint ambitions within the South Ayrshire Wellbeing Alliance.
- Extended the reach of the SFRS by aligning local services to educational programmes delivered by Ayrshire College and South Ayrshire Council's Education Services.
- Enhanced access SFRS Community Fire Stations to enable educational establishments to further support young people with additional support needs.
- From 1 April 2020 onwards, the Ayrshire Area has successfully carried out numerous formal and informal engagements in schools, impacting and shaping the perspectives of thousands of young individuals. These sessions have particularly emphasised the risks and repercussions associated with deliberate fire setting. Notably, these initiatives have shown remarkable effectiveness around the Bonfire Night period each year, demonstrated by a steady decrease in incidents related to ASB and deliberate fire setting annually.

South Ayrshire – Local Fire and Rescue Plan Priority: Non-Domestic Fire Safety

Within the current South Ayrshire Local Fire and Rescue Plan, we said we would:

Seek to reduce the instances of fires within non-domestic property by:

- Undertaking our fire safety audit programme in accordance with the SFRS Enforcement Framework
- Engaging with duty holders to promote responsible fire safety management of premises that come under the auspices of Part 3 of the Fire (Scotland) Act 2005
- Working in partnership to ensure the appropriate provision of fire safety standards are incorporated in new premises under construction or premises undergoing material changes.
- Working in partnership with other enforcement agencies and organisations to support legislative compliance.

Monitor the effectiveness of reducing fires in non-domestic premises by:

- Reviewing the number of fires in non-domestic premises and the type of premises involved
- in fire
- Reviewing the number and types of fire safety audits carried out across South Ayrshire
- Reviewing the outcome of fire safety audits carried out in non-domestic premises.

Achieve a reduction in fires within non-domestic premises by:

- Enable the industrial, commercial, and service sector to maintain business continuity and employment across South Ayrshire
- Reduce the potential for loss of life and injury.
- Protect South Ayrshire's culture and heritage.
- Protect the natural and built environment and reduce the impact of fire on our communities.

During the lifespan of the South Ayrshire Local Fire and Rescue Plan, we did:

- Development of a Local Fire Safety Enforcement Delivery Plan. This involves determining the risk level of premises through comprehensive on-site audits, which conclude with a Risk Rating Score.
- Created a Post Non-Domestic Incident Response Procedure. This aids Duty Holders in learning from incidents impacting local sectors such as the economy, care, health, and education.
- Organised engagement events for Duty Holders in the care home sector; aimed to enhance an understanding of non-compliance issues and foster strong relationships between the SFRS, Health and Social Care Partnership, and Care Commission.
- Enhanced the Local Area's database for unoccupied and derelict buildings. This measure is taken to protect the local built environment in South Ayrshire and minimise the visual impact on visitors.
- Implementation of Fire Safety Enforcement (FSE) Audits. These audits are conducted by either legislative Fire Protection or Auditing Officers (AO), who are both trained in enforcing the Fire (Scotland) Act 2005 and Fire Safety (Scotland) Regulations 2006.
- Conducted Post Fire Audits on all relevant premises after a fire incident. These are short form FSE audits aimed at identifying immediate remedial actions and scheduling subsequent audits based on assessed risk.
- Achieved the highest performance levels for all Fire Safety Enforcement Teams in Scotland.

South Ayrshire – Local Fire and Rescue Plan Priority: Unintentional Harm and Injury

Within the current South Ayrshire Local Fire and Rescue Plan, we said we would:

Seek to reduce the instances of fire related anti-social behaviour by:

- Utilising our Home Fire Safety Visit programme to assess for non-fire related risk and refer those deemed at risk from injury and harm to partners to provide additional support.
- Raising awareness of fire and rescue service personnel as to those factors that increase the risk of unintentional injury or harm.
- Working in partnership to deliver targeted road safety programmes to young drivers.
- Focusing resources where demand has been identified and deliver key safety messages.

Monitor the effectiveness of reducing fire related anti-social behaviour by:

- Reviewing the number of requests for assistance from other agencies and for the provision
- of medical and first responder support.
- Reviewing the number of attendances at RTCs and the frequency and severity of injuries
- arising from RTCs.
- Reviewing the number of other non-fire related emergencies and the frequency and
- severity of injuries arising from these incidents.

Achieve a reduction in fire related anti-social behaviour by:

- Reduce the social and economic cost of unintentional harm and injury.
- Support vulnerable members within our communities to live independently within their communities.
- Ensure the safety and well-being of those living, working, and visiting South Ayrshire.

During the lifespan of the South Ayrshire Local Fire and Rescue Plan, we did:

- Worked closely with Community Planning, Justice, and Safety Partners to identify communities and locations exposed to risk related to unintentional injury and harm.
- Developed additional supporting referral pathways to enable partners to engage and communicate risk more frequently for those most vulnerable in our communities.
- Delivered training on the differing needs of local communities across Ayrshire.
- Supported the delivery of driver safety events to support young drivers across the South Ayrshire local authority area.
- Enhanced the skills of local crews through participation in United Kingdom Rescue Organisation competitions and development events.

South Ayrshire – Local Fire and Rescue Plan Priority: Operational Resilience

Within the current South Ayrshire Local Fire and Rescue Plan, we said we would:

Seek to ensure operational response and preparedness within South Ayrshire is maintained by:

- Identifying and assessing the risk to our communities through Operational Intelligence
- Gathering.
- Undertake planned training events to support the acquisition and maintenance of skills to
- provide the capability to respond to emergency incidents.
- Continuing with On Call/RDS firefighter recruitment campaigns to support operational responses across South Ayrshire.
- Review our operational responses to incidents to ensure ongoing firefighter safety and
- to ensure the ongoing protection our communities from harm.
- Work in partnership to plan, prepare and test our responses to major emergencies.
- Support and promoting the reduction of harm from 'Out of Hospital Cardiac Arrests'
- Local Fire and Rescue Plan | South Ayrshire.

During the lifespan of the South Ayrshire Local Fire and Rescue Plan, we did:

- Supported the development of national fire and rescue service approaches to how we respond to high rise buildings.
- Gather and record schematics and risk information on ***** Ayrshire premises, which is easily accessible in real time by operational crews using handheld tablets.
- Ensured all our Firefighters maintain readiness by completing their annual training programme – the SFRS Training for Operational Competence (TFoC) framework.
- Ensured key risks in our area are covered by an effective operational response and devised On Call Supervisory Manger development sessions to manage performance in all South Ayrshire Local Community Fire Stations.
- Enhanced the number of flexible On Call Watch Commander support posts to support the availability on of on-call duty systems appliances in South Ayrshire.
- Implemented a Bank Workers scheme for on-call duty systems community fire stations serving the communities of Maybole, Girvan and Colmonnel.
- Worked closely with our partners in the Ayrshire Local Resilience Partnership (LRP) in both steady state activities and exercising to both fulfil our statutory obligations in relation to the preparation, planning, response and recovery from major incidents or events.
- Revised how we respond to false alarms in targeted relevant premises.
- Continued to test our operational response for Prestwick Airport, locations supporting the South Ayrshire rail network and other sites deemed to be cortical to the national infrastructure.

South Ayrshire – Local Fire and Rescue Plan Priority: Unwanted Fire Alarm Signals

Within the current South Ayrshire Local Fire and Rescue Plan, we said we would:

Seek to reduce the instances of Unwanted Fire Alarms Signals by:

- Investigating every cause of alarm and engaging with those responsible for fire warning systems following an operational attendance at a UFAS incident.
- Analysing our UFAS attendances at those premises that give cause to frequent generation of false alarms to identify trends and support occupiers to develop demand reduction plans.
- Instigating, where required, formal fire safety enforcement measures to ensure appropriate.
- demand reduction action is taken by those responsible for premises generating unacceptable levels of false alarms.

Monitor the effectiveness of mobilising to Unwanted Fire Alarms Signals by:

- Reviewing the number of attendances at non-domestic premises and the type of premises
- generating unwanted false alarm signals across South Ayrshire
- Evaluating the outcomes of occupier's demand reduction plans to review progress and
- identify and share good practice.
- Reviewing our attendances at UFAS incidents to ensure our attendances are based on an
- assessment of risk and demand

Achieve a reduction in Unwanted Fire Alarms Signals by:

- Minimising the disruption to business and service continuity across South Ayrshire.
- Increase the capacity of the fire and rescue service to carry out other activities.
- Reduce the risk to firefighters and public whilst responding to UFAS incidents.

During the lifespan of the South Ayrshire Local Fire and Rescue Plan, we did:

- Delivered a series of workshops, in collaboration with the Ayrshire Chamber of Commerce, focusing on strategies to reduce unwanted fire alarm signals across various types of properties.
- Conducted a comprehensive consultation on proposals to modify the SFRS's response approach to false alarms in relevant premises.
- Assisted businesses in preparing for the changes in the SFRS's response strategy to false alarms.
- Supported the implementation of the SFRS's alternative operational responses to false alarms.

Conclusion

The sections outlined above clearly illustrate how the SFRS, working in tandem with various partners, has skillfully navigated a range of challenges faced by communities, consistent with the objectives set forth in this local plan. Although not every area has witnessed quantifiable reductions, our statistics predominantly echo national trends. This reflects the extraordinary demands on Service Delivery during periods fraught with challenges, such as the Covid-19 pandemic, its subsequent recovery phase, and the recent economic difficulties.

The imperative to continue our efforts in these domains cannot be overemphasised, ensuring that the safety and well-being of our communities remain at the forefront of our strategic planning, policy development, and actions.

Additionally, the integral role of the SFRS within Community Planning, the Community Justice Partnership, and Local Resilience Partnerships should be recognised. Initiatives such as the Regional Growth Deal, Community Wealth Building, and Caring for Ayrshire present valuable opportunities to amalgamate the efforts of various organisations, thus significantly contributing to the enhancement and prosperity of our local communities.

For the upcoming South Ayrshire Local Fire and Rescue Plan, it is proposed that these identified priorities be advanced on principle, pending finalisation and comprehensive consultation.

- Domestic Fire Safety
- Unintentional Harm and Injury
- Deliberate Fire Setting
- Non-Domestic Fire Safety and Economic Growth
- Operational Resilience and Preparedness
- Unwanted Fire Alarm Signals

South Ayrshire Council

**Report by Depute Chief Executive and Director of Education
to Service and Partnerships Performance Panel
of 11 June 2024**

**Subject: Local Government Benchmarking Framework
2022/2023**

1. Purpose

- 1.1 The purpose of this report is to update Panel on the publication of the Local Government Benchmarking Framework (LGBF) data for 2022/2023 and for it to consider where scrutiny of this information can help drive improvement.

2. Recommendation

2.1 It is recommended that the Panel:

- 2.1.1 **reviews the data and accompanying summary report within [Appendices 1 and 2](#); and**
- 2.1.2 **considers any areas that may benefit from further scrutiny.**

3. Background

- 3.1 The LGBF is a high-level benchmarking tool which allows local authorities to compare their performance across a wide range of key service areas such education, environmental services and adult social care. The framework is based on overall service groupings which cover the major public-facing services provided to local communities and the support services necessary to do that:

- Children's services;
- Adult social care;
- Culture and leisure services;
- Environmental services;
- Corporate services;
- Housing services;
- Economic development and planning;
- Climate Change;
- Corporate assets; and

- Financial sustainability.
- 3.2 While a useful tool for beginning conversations around performance, the Improvement Service highlight that the LGBF data should not be considered in isolation but rather be used as starting point for more in-depth scrutiny of performance.
- 3.3 The Improvement Service has produced a National Benchmarking Overview Report for 2022/2023 that can accessed [here](#).
- 3.4 The Improvement Service report provides links to further national context and analytical tools such as:
- LGBF Performance Dashboard;
 - [Good practice principles](#) to using LGBF data;
 - How [Council's are using LGBF](#); and
 - [LGBF Website](#)
- 3.5 As highlighted in the Audit Scotland Best Value Assurance Report published 27 October 2021 (paragraph 34), it was recommended that targets are set to improve performance. Targets allow significant variations in performance to be identified and acted upon. However, targets should not be looked at in isolation as they are only one aspect of performance and do not show whether specific outcomes have been achieved. All actions supporting the new Council Plan 2023-28 are required to set a target and a completion date.
- 3.6 In March 2024, data packs were created and distributed to relevant Service Leads/Lead Officers with responsibility for reporting on LGBF indicators. Each data pack contained information on:
- South Ayrshire's individual performance over three and five years;
 - South Ayrshire's performance in relation to our Family Group and National average over three and five years;
 - The performance of our Family Group for the current year for which data is available; and
 - An abbreviated commentary on the performance of the indicator nationally.

4. Proposals

- 4.1 South Ayrshire's data is presented in [Appendix 1](#) by theme and indicators have also been grouped by performance trend. The report also allows for comparison with other local authorities in our family group alongside commentary from the responsible officer.
- 4.2 It should be noted that, due to the impact of COVID, the 2-year trend data for some of the indicators shown in [Appendix 1](#), is not comparable, and this is made clear in the commentary.
- 4.3 It should also be noted that the information should be used with caution bearing in mind this is only one source of evidence relating to the Council's performance.

4.4 Overall the year-on-year performance data suggests that 51% of indicators have improved or are stable, 36% of indicators have declined and there are 12% of indicators where data is not available.

4.5 The following information provides the year-on-year performance data when broken down into the themes (Corporate Services and Corporate Assets are combined as they are reported together):

2022/23	Improved	Stable	Declined	Data Not Available
Childrens Services	41%	9%	41%	9%
Corporate Services	57%	42%	8%	0%
Adult Social Care	27%	9%	27%	36%
Economic Development & Planning	54%	0%	46%	0%
Environmental Services	50%	14%	36%	0%
Culture and Leisure	13%	0%	88%	0%
Housing Services	40%	0%	40%	20%
Climate Change	0%	0%	0%	100%
Financial Sustainability	40%	20%	40%	0%

4.6 A further breakdown of performance measures per theme is provided in the LGBF Comparison Report ([Appendix 2](#)).

4.7 Supplementary notes have been provided in relation to data gathering which are highlighted in [Appendix 2](#) that should be considered when scrutinising the data – a summary of the key points highlighted is as follows:

- Greater alignment between LGBF, National Improvement Framework (NIF) and SAC Stretch Aims;
- For 2020, the absence of external assessment information has led to a different pattern of attainment as seen in previous years; and
- Significant disruption of Scottish Household Survey (SHS) fieldwork during 2020/2021 due to the COVID-19 pandemic.

5. Legal and Procurement Implications

5.1 There are no legal implications arising from this report.

5.2 There are no procurement implications arising from this report.

6. Financial Implications

6.1 Not applicable.

7. Human Resources Implications

7.1 Not applicable.

8. Risk

8.1 *Risk Implications of Adopting the Recommendations*

8.1.1 There are no risks associated with adopting the recommendations.

8.2/

8.2 **Risk Implications of Rejecting the Recommendations**

8.2.1 Rejecting the recommendations may impact on the reputation of the Council.

9. **Equalities**

9.1 The proposals in this report allow scrutiny of performance. The report does not involve proposals for policies, strategies, procedures, processes, financial decisions and activities (including service delivery), both new and at review, that affect the Council's communities and employees, therefore an equality impact assessment is not required.

10. **Sustainable Development Implications**

10.1 **Considering Strategic Environmental Assessment (SEA)** -This report does not propose or seek approval for a plan, policy, programme or strategy or document otherwise described which could be considered to constitute a plan, programme, policy or strategy.

11. **Options Appraisal**

11.1 An options appraisal has not been carried out in relation to the subject matter of this report.

12. **Link to Council Plan**

12.1 The matters referred to in this report contribute to all priorities of the Council Plan.

13. **Results of Consultation**

13.1 There has been no public consultation on the contents of this report.

13.2 Consultation has taken place with Councillor Martin Dowey, Portfolio Holder for Corporate and Strategic, and the contents of this report reflect any feedback provided.

Date: 31 May 2024

1 Children's Services

Improving								
		Value	Target	Family Group - Average	Scotland - Value			
CHN08a LGBF The gross cost of "children looked after" in residential based services per child per week £	2020/21	£3,268		£3,962	£4,446	↑	Head of Children's Health, Care and Justice	South Ayrshire's commitment to keeping the Promise and to keeping Children in Families and in their Local Community remains a strategic priority. These figures reflect that our ambitions are being realised, but we are committed to delivering more positive outcomes for this area in the next year
	2021/22	£3,350		£3,386	£4,784			
	2022/23	£3,237		£3,239	£4,804			
CHN08b LGBF The gross cost of "children looked after" in a community setting per child per week £	2020/21	£500		£381	£383	↑	Head of Children's Health, Care and Justice	In reducing the number of children in residential care, as above. There has been a clear intent to grow foster care and also Kinship care. South Ayrshire's investment in this area has cost us more "gross costs", but this is intentional and part of our ambition to keep children in Families and in South Ayrshire.
	2021/22	£572		£417	£407			
	2022/23	£492		£443	£422			
CHN13b LGBF Percentage of P1, P4 and P7 pupils combined achieving expected CFE Level in Numeracy	2020/21	77%		76%	75%	↑	Assistant Director - Education	Attainment in Numeracy continues to increase from 77% in 2020-21 to 83% in the previous year. Numeracy attainment remains above the Scottish and Family Group averages. Numeracy attainment has almost reached pre-pandemic levels and is on track to maintain this positive trend.

								is beginning to impact positively on attainment trends in literacy.
CHN14b LGBF Numeracy Attainment Gap (P1,4,7 Combined) - percentage point gap between the least deprived and most deprived pupils		Value	Target	Family Group - Average	Scotland - Value	↑	Assistant Director - Education	Since 2020-21,attainment of the most deprived children in numeracy at P1,4 and 7 has increased from 70% to 76%. Attainment for the most deprived has now reached pre-pandemic levels. The gap overall decreased by 2.2pp to 16.3%. Whilst this is a positive trend it fell short of the overall target due to attainment of the least deprived continuing to rise.

CHN13a LGBF Percentage of P1, P4 and P7 pupils combined achieving expected CFE Level in Literacy		Value	Target	Family Group - Average	Scotland - Value		Assistant Director - Education	Literacy attainment at P1,4 and 7 has risen 5.6pp compared to 2021/22. This significant increase can, in part, be attributed to the significant focus on literacy in schools post pandemic. Additional support continues to be provided through the Strategic Equity Fund in the form of the South Ayrshire Reads team. A renewed focus on pedagogy and approaches to teaching and learning in relation to literacy will continue over the course of the SEF funding cycle. Whilst this measure did not reach the target level it is approaching the pre

<p>CHN19a LGBF School Attendance Rates (per 100 pupils)</p>		Value	Target	Family Group - Average	Scotland - Value		<p>Assistant Director - Education</p>	<p>Nationally and locally attendance rates post pandemic remain a significant challenge for schools. South Ayrshire remains below the national and family group averages. Attendance at secondary school and in particular schools with the greatest number of children living in poverty remain below or significantly below the national average. Primary school attendance continues to improve and is approaching pre pandemic levels. A new South Ayrshire attendance strategy is in development and a range of public facing communications, support for young people and families, training for staff and wider self-evaluation work to support improvement in this area is underway. Educational Services has engaged with partner organisations, other local authorities to examine best practice and continues to engage with national bodies to understand the factors that influence non or low attendance.</p>

CORP10 LGBF Percentage Community Care Grant Decisions within 15 Days		Value	Target	Family Group - Average	Scotland - Value	↓	Service Lead - Revenues and Benefits	The percentage of CCG processed within 15 days has reduced as resources were directed to processing Covid related Self Isolation Support Grants which ended in Feb 2023
	2020/21	95.3%		93.9%	84.5%			
	2021/22	89.3%		91.6%	85.8%			
	2022/23	87.0%		87.3%	87.3%			

3 Adult Social Care

Improving						
		Value	Target	Family Group - Average	Scotland - Value	
SW01 LGBF Adults aged 65+ Home Care Costs per Hour	2020/21	£34.69		£26.76	£27.65	↑
	2021/22	£32.50		£27.36	£28.57	
	2022/23	£33.53		£30.36	£22.19	
The increase in unit cost of 3.2%, reflective of increase in living wage of 5.61% passed onto contacted providers, as well as LA pay uplift. Efficiency in delivering more per care per hour as a result of previous years CM2000 implementation.						
SW02 LGBF Self Directed Support (Direct Payments) spend on adults 18+ as a % of total social work spend on adults 18+	2020/21	3.3%		4.54%	8.2%	↑
	2021/22	3.85%		4.5%	8.2%	
	2022/23	4.34%		5.2%	7.5%	
South Ayrshire continue to trail the Scottish average although is back in line with the benchmarking average in this area. However, there has been improvement in this period. Following the fall in uptake of SDS during 2020-2021 and as part of the Adult Social Work Review there has been a particular focus on ensuring that SDS is offered during every conversation. The appointment of a new SDS Lead has provided further focus during 2023-2024. The lack of availability of SDS option 3 care has also led to more people considering option 1 and 2. There has been work to facilitate small enterprises to provide care for those who desire option 1 and 2.						
SW06 LGBF Rate of readmission to hospital within 28 days per 1,000 discharges	2020/21	128.4		126.67	120.03	↑
	2021/22	113.57		111.95	109.6	
	2022/23	101.33		107.89	94.36	
We have made significant progress in this area due to the investment in community services and improved coordination of those services. We are now close to the Scottish average and have moved from performing below to above the benchmarking average.						

Declining								
SW03a LGBF Percentage of people aged 65 and over with long-term care needs who receiving personal care at home		Value	Target	Family Group - Average	Scotland - Value	↓	Head of Community Health & Care Services	<p>The overall figure remains largely unchanged, and we remain largely in line with the benchmarking average in this area although the Scottish average has seen a significant improvement.</p> <p>Significant investment into Reablement and care at home to support more people to remain as independent as close to home as possible has been undermined by significant workforce challenges during 2021-23 which at its worst left a 30% vacancy rate for in house services. Commissioned care fell from 12000hrs in April 2021 to 6000hrs in Feb 2023 (a reduction of 50%) despite an attempt to commission additional hours. We recruited additional carers in house during 2023 and the number of people waiting for care at home has significantly reduced.</p>
	2020/21	58.34%		63.22%	61.71%			
	2021/22	58.86%		6.3%	62.34%			
	2022/23	58.43%		63.09%	67.36%			
SW05 LGBF The gross cost of residential care, per adult (65+), per week		Value	Target	Family Group - Average	Scotland - Value	↓	Head of Community Health & Care Services	<p>South Ayrshire have a higher number of self-funders 39% in care homes.</p> <p>Unit costs would have decreased in 22-23 due to higher numbers of admissions to care homes, following a reduction in 21-22 due to the pandemic.</p>
	2020/21	£417		£603	£439			
	2021/22	£539		£625	£649			
	2022/23	£483		£644	£488			
SW07 LGBF Proportion of care services graded good or better		Value	Target	Family Group - Average	Scotland - Value	↓	Head of Community Health & Care Services	<p>There appears to be a problem with the data for this measure with a significant deterioration being shown despite improving and particularly good inspections for in house services (all recent inspections have been good or very good). The trend for private providers has also been improving and does not seem to correlate with the deterioration in this measure. The commissioning team are working to address the anomaly.</p>
	2020/21	78.5%		85.24%	82.5%			
	2021/22	73.45%		79.78%	75.8%			
	2022/23	68%		75.63%	81.3%			

SW08 LGBF Number of days people spend in hospital when they are ready to be discharged ,per 1,000 population (75+)		Value	Target	Family Group - Average	Scotland - Value	↓	Head of Community Health & Care Services	There has been very significant deterioration in this measure with South Ayrshire having been a very significant outlier since 2021 when we experienced a workforce crisis in the in house and private care sector losing 50% of private care hours and 30% vacancy rates in house. The private sector has now stabilised although remains 50% lower than the peak of 12000hrs per week. An additional 110 posts have been created and filled in the in-house service and we have seen consequent improvements in our performance in this measure during 2023.
	2020/21	886		530	484.28			
	2021/22	1,365		810	747.92			
	2022/23	2,216		1,058	341.29

Service Lead - Housing Services

The Council has continued work to improve performance in this area. There was a total of 8055 properties within the scope of SHQS. Overall, 7426 properties (92.2%) of the Council’s housing stock met the SHQS, which is an improvement on 86.5% in the 2021/22 reporting year.

Of the remaining 629 properties that were not meeting the SHQS:-

338 properties were exempt from SHQS - 336 where it is too costly to undertake work to pass EESSH, and 2 are earmarked for disposal by the Council.

101 properties were in abeyance from SHQS, this is an improvement on 343 properties in abeyance in 2021/22. The 101 properties in abeyance comprise of:- (42 properties where the Council is in minority ownership and has been unable to engage owners to secure majority consent to install or replace door entry systems. The Council however improved its position in this regard within the last reporting year by successfully engaging co-owners to deliver controlled door entry systems for 17 of its Council homes located within mixed tenure blocks. The Council will continue to engage co-owners within mixed tenure blocks without controlled door entry systems. (14 properties are vacant and major work is underway prior to relet – 8 of which were recent buy backs by the Council) and; (9 properties are in abeyance because tenants have refused planned improvement work due to personal or medical reasons or have failed

			<p>to provide access to the Contractor), (34 properties are 'hard no access' (a reduction from 266 last year) and despite attempts by the Council, access has not been achieved to complete work on certification of safe electrics. 2 further abeyances are for technical reasons where the utility power provider requires to undertake works to enable completion of an EICR.</p> <ul style="list-style-type: none"> . 177 were failing SHQS on one criterion (155 – EESSH & 22 – Serious Disrepair), and. . 13 properties were failing SHQS on 2 or more criteria – 12 of these properties are within an area where the Council is considering the feasibility of future investment and 11 of them are currently void. The remaining property was being surveyed with a view to including it in the 2023/24 External Fabric Upgrade programme to deal with the SHQS fail items. . There were no SHQS failures in tenanted properties in the 2022/23 reporting year in respect of the new smoke, heat and carbon monoxide alarm standard. <p>In 2022/23, the Council reported an improved position in relation to successfully completing compliance works around smoke, heat and carbon monoxide alarm standards and the completion of the Electrical Installation Condition Report (EICR). This was achieved by successfully arranging and managing access to tenanted homes. As at 31st March 2023, (EICR) requirements were met for 7991 (99.21%) of the overall 8055 Council properties. Of the remaining 64 properties, 38 related to 'hard no access, 22 related to Void properties and the certification will be completed prior to relet, and 4 related to</p>

2021/22	3.9%	4.0%	8.1%	8.7%
2022/23	4.3%	4.0%	9.2%	9.6%

Service Lead - Housing Services

In 2022/23, the Council continued to provide an increased focus on supporting households and providing advice and information to mitigate the financial impact and hardship experienced by households in the aftermath of Covid-19 and taking account of the cost-of-living challenges.

Our Revenue, Arrears and Support Team actively reached out to tenants, ensuring early intervention and the provision of support to tenants in arrears and tenants requesting advice. Our staff team continued to provide budgeting advice and assisted tenants to apply for discretionary housing payments where appropriate or to receive support from the tenant hardship fund. If additional advice or support was required, referrals continued to be made to the Council’s Advice and Information Hub, for Money Advice or Benefits Advice and we referred tenants to our contracted housing support providers where ongoing support needs were identified.

During 2022/23, the team also managed the increased number of tenants applying for Universal Credit (UC), verifying housing costs and supporting tenants to make claims. As at 31st March 2023, 3039 current tenants were known to the Council to be in receipt of Universal Credit. Where appropriate and in accordance with the DWP criteria, the Team continues to actively apply for Alternative Payment Arrangements (APA’s) where vulnerability triggers exist, or where the tenant has arrears or difficulty making their housing cost payments from their UC entitlement. APA’s were in place for 2302 current tenants as at 31st March 2023.

				<p>The challenges in income collection, the cost-of-living pressures, the increased roll out of Universal Credit and legal restrictions in recovery action were significant factors influencing performance in 2022/23. There were no evictions carried out by the Council in 2022/23 relating to rent arrears. Although arrears levels did rise, trends continued to follow similar patterns to previous years and the bad debt provision within the Housing Revenue Account was sufficient. A range of mitigations and actions to manage rent arrears were put in place, these successfully minimised the impact of the increase in gross rent arrears to £0.154m which was 0.4% on the previous year, with the outturn at 4.3% up from 3.9% in 2021/22. Historically, the Council has performed well in managing rent arrears, and despite the increase in gross rent arrears, South Ayrshire Council was the best performing local authority in Scotland in 2022/23, in terms of overall arrears levels at 4.3% of rent due for the reporting year.</p>
--	--	--	--	---

<p>HSN02 LGBF Percentage of council rent that was lost due to houses remaining empty (SHR)</p>							<p>Service Lead - Housing Services</p>	<p>In 2022/23, a total of 692 properties were relet and the average relet time was 58 days, this is up on the 540 properties relet in 2021/22 and the average relet time of 42 days.</p>
		Value	Target	Family Group - Average	Scotland - Value			<p>On reviewing the voids performance, the Council had had to deal with an increased number of tenancy terminations in the year 2022/23 and the associated void processes placed increased pressures on the housing management teams and the Property Maintenance Service. Contributing factors to the increased average relet time were:- the poorer condition of properties received following termination and the need for an increased level of repairs to bring the property up to the relet standard, issues and delays negotiating with utility providers to resolve</p>
	2020/21	1.2%		1.1%	1.4%			
	2021/22	1.1%	1.2%	1.3%	1.6%			
2022/23	1.5%	1%	1.3%	1.7%				

							<p>utility issues to allow essential safety and compliance work to be completed and to ensure power is restored or available for new tenants before relet, managing the increased number of offers and refusals relating to vacant properties, and the time taken to prepare and set up properties for households being assisted and accommodated by the Council through the Ukrainian Support Scheme. Although the average relet time did increase in 2022/23, the Council successfully relet some longer-term void properties in the reporting year.</p> <p>Because of the increased average relet time during 2022/23, the percentage of void rent loss increased to 1.5% (£0.486m) up from 1.1% (£0.351m) in 2021/22. The relet of empty properties is a joint priority for both Housing Services and Property Maintenance.</p>

Financial Sustainability

Improving								
FINSUS04 LGBF Ratio of Financing Costs to Net Revenue Stream - Housing Revenue Account		Value	Target	Family Group - Average	Scotland - Value		Service Lead - Corporate Accounting	This ratio calculates the percentage of HRA expenditure used to pay for financing costs, i.e., borrowing to support the Housing capital programme. The Council's 2022/23 ratio has increased only slightly compared with 2021/22 but remains significantly lower than both the Council's 'family group' of comparable local authorities and the Scottish average, which reflects a comparatively low reliance on borrowing to support investment in the Council's housing stock.
	2020/21	11.17		20.12	22.91			
	2021/22	10.91		20.3	22.55			
	2022/23	10.96		20.7	21.30			

FINSUS05 LGBF Actual outturn as a percentage of budgeted expenditure		Value	Target	Family Group - Average	Scotland - Value		Service Lead - Corporate Accounting	For context, pre-Covid-19 levels for this ratio were 98% compared with family group and Scottish averages of 99%. Analysis of the Council's three-year trend indicates greater utilisation of available budgets, which reflects rising costs. It also demonstrates greater consistency between the Council, its 'family group' of comparable local authorities and also the Scottish average.
	2020/21	91.81%		93.82%	97.44%			
	2021/22	92.83%		96.09%	98.25%			
	2022/23	96.18%		97.56%	95.56%			

Declining

FINSUS01 LGBF Total useable reserves as a % of council annual budgeted revenue		Value	Target	Family Group - Average	Scotland - Value		Service Lead - Corporate Accounting	For context, pre-Covid-19 levels for this ratio were 14% compared with family group average of 15% and Scottish average of 17%. The continuing reduction since 2020/21 reflects reducing levels of both General and specific Covid-19 reserves. With reserves being utilised to help balance budgets in recent years, it is anticipated that more significant reductions will occur in this ratio from 2023/24 onwards.
	2020/21	21.43%		22.52%	23.66%			
	2021/22	20.69%		23.52%	24.44%			
	2022/23	20.26%		22.56%	24.50%			

FINSUS02 LGBF Uncommitted General Fund Balance as a % of council annual budgeted net revenue		Value	Target	Family Group - Average	Scotland - Value		Service Lead - Corporate Accounting	By excluding reserves committed to approved projects, this indicator is more reflective than the previous one of the Council's capacity to deal with the financial consequences of unforeseen circumstances. The Council's approved Financial Strategy is to maintain a level of uncommitted funds between 2% and 4% in line with best practice. Although the Council's indicator increased for 2022/23, the broader trend mirrors that of both the family group and Scottish averages, which reflect the utilisation of reserves to help address challenging financial constraints.
	2020/21	3.20%		3.87%	3.52%			
	2021/22	2.07%		2.81%	3.50%			
	2022/23	2.44%		2.74%	3.23%			

FINSUS03 LGBF Ratio of Financing Costs to Net Revenue Stream - General Fund		Value	Target	Family Group - Average	Scotland - Value		Service Lead - Corporate Accounting	This ratio calculates the percentage of General Fund expenditure used to pay for financing costs, i.e., borrowing to support the capital programme. The Council's 2022/23 ratio, although lower than both the 2019/20 (6.33) and 2020/21 figures is higher than that for 2021/22. This reflects an ambitious capital programme coupled with interest rates that have remained high. This ratio will remain under close scrutiny.
	2020/21	6.11		6.57	6.24			
	2021/22	5.65		6.25	5.89			
	2022/23	6.06		5.35	5.42

Notes:

1. The LGBF Board and Association of Directors of Education (ADES) agreed that to bring greater alignment between LGBF, National Improvement Framework (NIF) and the SAC Stretch Aims a move would be made to using leavers' data for this measure. Historical data for this measure has now been updated meaning the figures in this report are no longer compatible with any previous reporting.
2. For 2020, the absence of external assessment information has led to a different pattern of attainment than we have seen in previous years. Attainment figures for the years up to and including 2019 are derived from different awarding approaches than 2020 and, separately, 2021. The results for 2020 and 2021 should not be directly compared to those in previous years or future years.
3. DNA – Data not available
4. During 2020 and 2021, the Scottish Household Survey (SHS) fieldwork was significantly disrupted due to the Covid-19 pandemic. As a result of the change in methodology, the lower response rates, and the change in the profile of respondents compared to typical survey years, the results for 2020 and 2021 are not comparable to other years. The 2022 survey returned to pre-pandemic methodology, with fieldwork primarily conducted via face-to-face interviews and physical surveys based on both internal and external inspection. NB: The data used in SHS satisfaction measures represents the views of the public at large rather than that of service users. Smaller sample sizes for service users mean it is not possible to present service user data at local authority level with any level of confidence. It should be noted that satisfaction rates for service users are consistently higher than those reported by the general population.

South Ayrshire Council

Report by Depute Chief Executive and Director of Education
to Service and Partnerships Performance Panel
of 11 June 2024

**Subject: Participatory Budgeting Activity 2023/2024 – April 2023
to March 2024 Update**

1. Purpose

- 1.1 The purpose of this report is to advise the Panel of the Participatory Budgeting (PB) Activity undertaken by Council Services for the period 2023/24.

2. Recommendation

- 2.1 **It is recommended that the Panel considers the content of the PB Activity Report attached as [Appendix 1](#) and notes the value of budgetary spend influenced through the PB processes during 2023/2024.**

3. Background

- 3.1 PB is a tool for community engagement and developing participatory democracy. The Council has implemented strategies which address the key issues contained within the Community Empowerment (Scotland) Act 2015. The Council has also worked with the Community Choices programme, which supports and promotes PB nationally.
- 3.2 CoSLA has provided a definition of mainstreaming PB as follows: *Proactively involving and engaging local people in making decisions for how public money is spent in their community. This means engaging people in the design of policy and strategy that eliminates existing participation gaps.*
- 3.3 As highlighted to Panel previously, PB is a long-term strategy that will be developed and delivered over many repeated cycles. The Council continues to evolve its strategic approach to PB ensuring that residents are as engaged as possible in the budget allocation process.
- 3.4 The Council has, over the past few years, evidenced greater participation in wider consultation and engagement with communities across a number of social media and mainstream communication platforms.
- 3.5 The Council's 1% target for financial year 2023/2024 (as derived from the information contained in the 2023/2024 Finance Order FC5/2023), is £2.580m. This is defined by COSLA and Scottish Government as: *'The total estimated expenditure for revenue, as per the Local Government finance circular, less assumed Council tax intake'*.

3.6 The CoSLA framework on PB explains that local authorities can use both revenue and capital spend to arrive at the target.

4. Proposals

4.1 It is proposed that the Panel considers the content of the PB Activity Report for 2023/2024 attached as [Appendix 1](#) and notes the value of budgetary spend influenced through the PB process – a total of ££5,223,380, surpassing the target by £2,643,380.

4.2 A development session on PB for senior managers has been arranged and a short-life working group will convene to prioritise and monitor ongoing improvement activity.

5. Legal and Procurement Implications

5.1 This participatory budgeting satisfies the legal obligations of the Council under the Community Empowerment (Scotland) Act 2015 to promote and facilitate public participation in its decisions and activities and to give communities more powers to achieve their own ambitions. It also complements the Council's legal duties under the Equality Act 2010 and delivers the public sector equality duty by advancing 3 equality of opportunities and fostering good relations between groups. Advice and guidance will be sought from Legal Services on an ongoing basis, where appropriate.

5.2 There are no procurement implications arising from this report.

6. Financial Implications

6.1 Although there is no direct budget for mainstreaming PB, its ethos is for communities to have a greater influence on spend. [Appendix 1](#) provides detail of the Council spend influenced through PB for 2023/24.

7. Human Resources Implications

7.1 Not applicable.

8. Risk

Risk Implications of Adopting the Recommendations

8.1.1 There are no risks associated with adopting the recommendations.

Risk Implications of Rejecting the Recommendations

8.2.1 The Council will be unable to report its PB activity to relevant bodies.

9. Equalities

9.1 The proposals in this report allow scrutiny of performance. The report does not involve proposals for policies, strategies, procedures, processes, financial decisions and activities (including service delivery), both new and at review, that affect the Council's communities and employees, therefore an equality impact assessment is not required.

10. Sustainable Development Implications

- 10.1 **Considering Strategic Environmental Assessment (SEA)** - This report does not propose or seek approval for a plan, policy, programme or strategy or document otherwise described which could be considered to constitute a plan, programme, policy or strategy.

11. Options Appraisal

- 11.1 An options appraisal has not been carried out in relation to the subject matter of this report.

12. Link to Council Plan

- 12.1 The matters referred to in this report contribute to Priority 3 of the Council Plan: Civic and Community Pride.

13. Results of Consultation

- 13.1 There has been no public consultation on the contents of this report.
- 13.2 Consultation has taken place with Councillor Martin Dowey, Portfolio Holder for Corporate and Strategic, and the contents of this report reflect any feedback provided.

South Ayrshire Council

**Report by Director of Housing, Operations and Development
to Service and Partnerships Performance Panel
of 11 June 2024**

**Subject: Ayrshire Roads Alliance Service Plan 2024/25 and
Performance Report 2023/24**

1. Purpose

1.1 The purpose of this report is to present the Ayrshire Roads Alliance Service Plan for 2024/25 and the Performance Report for 2023/24.

2. Recommendation

2.1 It is recommended that the Panel:

2.1.1 considers the Ayrshire Roads Alliance Service Plan for 2024/25 (Appendix 1);

2.1.2 notes that regular progress updates are provided to the Ayrshire Shared Service Joint Committee;

2.1.3 notes the performance scorecard for 2023/24 (Appendix 2); and

2.1.4 otherwise notes the content of this report.

3. Background

3.1 The Ayrshire Roads Alliance is a shared integrated roads and transportation service which was established on 1 April 2014, and provides a service for East Ayrshire Council and South Ayrshire Council. East Ayrshire Council acts as the lead authority for the Ayrshire Roads Alliance.

3.2 The first Service Plan for 2014/15 was approved by the Ayrshire Shared Service Ayrshire Roads Alliance Joint Committee on 23 May 2014. As part of the Service Planning process, it was agreed that the Service Plan would be approved prior to submission to both East Ayrshire Council and South Ayrshire Council. At its meeting on 7 June 2024, the Ayrshire Shared Service Joint Committee approved the 2024/25 Service Plan.

3.3 The Service Plan provides detail on the Ayrshire Roads Alliance's current operating position and sets out the vision, challenges, aims and objectives for the 2024/25 financial year. The activities to be undertaken in support of these objectives comprise the following:

- the service ten-year review;
- service performance through the Performance Management Framework;
- the Risk Register and Report which has established a method of effective management of risk to ensure service improvement through better service delivery; increased certainty and fewer surprises; more effective and efficient management of resources; reduced waste; and better management at all levels through improved decision-making; and
- through the Benefits Realisation Strategy and Plan which sets out how benefits will be tracked and controlled across the fully integrated Roads service.

3.4 The submitted Service Plan in Appendix 1 now reflects the settled position in terms of South Ayrshire Council and East Ayrshire Council 2024/25 budgets both approved on 29 February 2024 and 28 February 2024 respectively.

3.5 In addition to revenue funding, the Ayrshire Roads Alliance receives funding from other sources including capital and grants from the Scottish Government, Strathclyde Partnership for Transport; and other locations including both external to the Council (e.g. Sustrans) and internal Council Departments.

3.6 The Ayrshire Roads Alliance has been in operation for just over ten years and has achieved a significant amount in that time. The new integrated operating model provides an excellent platform for service delivery and will continue to facilitate a number of continuous improvement initiatives.

3.7 Significant challenges lie ahead in terms of maintaining good performance, dealing with financial pressures and their impact on service delivery and delivering on the Benefits Realisation Strategy and Plan to ensure that all the revenue saving targets are met. The Benefits Realisation Strategy and Plan was approved by the Ayrshire Shared Services Joint Committee on 1 May 2015.

3.8 The Service Plan contains a change programme, which is complemented by the Business Realisation Strategy and Plan. This has been designed to enable the Ayrshire Roads Alliance to achieve the objectives of the detailed business case set out in June 2013.

Performance Information

3.9 A range of performance data is used by the Ayrshire Roads Alliance to measure performance in accordance with statutory requirements to ensure coherent and regular reporting to stakeholders, including service planning actions, budgetary control measures, absence management, customer complaints and risk management. The Ayrshire Roads Alliance benchmarks its activities with the Association for Public Sector Excellence (APSE) and the Society of Chief Officers of Transportation in Scotland (SCOTS) to identify areas for improvement and cost reductions.

Performance Detail

3.10 In addition to the statutory indicators the Ayrshire Roads Alliance has a number of other service performance targets. The performance report for 2023/24 is included in Appendix 2.

- 3.11 The performance management framework reflects the service's desire to place the Customer at the heart of service delivery, and the need to provide continuous improvement in the most important issues including the condition of the road; response to fix street lights; response to fill potholes and other emergencies; and response to correspondence received.

4. Proposals

- 4.1 Members are asked to consider the Ayrshire Roads Alliance Service Plan for 2024/25 (Appendix 1) and otherwise note the contents of this report.

5. Legal and Procurement Implications

- 5.1 By virtue of the relevant statutory provisions principally detailed within the Roads (Scotland) Act 1984, the Council as local roads authority, is required to manage and maintain all publicly adopted roads within its geographical area other than those which are maintained and managed by the Scottish Ministers. Accordingly, the proposals detailed within this report are in compliance with the discharge of the statutory responsibilities which are incumbent upon the Council as local roads authority.

- 5.2 There are no procurement implications arising from this report.

6. Financial Implications

- 6.1 There are no immediate financial implications arising from this report.

7. Human Resources Implications

- 7.1 There are no immediate human resource implications arising from this report.

8. Risk

8.1 Risk Implications of Adopting the Recommendations

- 8.1.1 There are no risks associated with adopting the recommendations.

8.2 Risk Implications of Rejecting the Recommendations

- 8.2.1 The Ayrshire Roads Alliance Risk Register and performance report is presented to every meeting of the Shared Service Joint Committee.

9. Equalities

- 9.1 The proposals in this report have been assessed through the Equality Impact Assessment Scoping process. There are no significant potential positive or negative equality impacts of agreeing the recommendations and therefore an Equalities Impact Assessment is not required. A copy of the Equalities Scoping Assessment is attached as Appendix 3.

10. Sustainable Development Implications

- 10.1 ***Considering Strategic Environmental Assessment (SEA)*** - This report does not propose or seek approval for a plan, policy, programme or strategy or document

otherwise described which could be considered to constitute a plan, programme, policy or strategy.

11. Options Appraisal

11.1 An options appraisal has not been carried out in relation to the subject matter of this report.

12. Link to Council Plan

12.1 The matters referred to in this report contribute to Priority 1 of the Council Plan: Spaces and Places/ Moving around and the environment (Outcome 1).

13. Results of Consultation

13.1 There has been no public consultation on the contents of this report.

13.2 Consultation has taken place with Councillor Bob Pollock, Portfolio Holder for Economic Development, and the contents of this report reflect any feedback provided.

INTRODUCTION

The Ayrshire Roads Alliance is a shared integrated roads and transportation service which provides the roads service for East Ayrshire Council and South Ayrshire Council.

The Service is delivered with the overall objective of improving the road and transportation service in the East Ayrshire and South Ayrshire areas to move the Ayrshire Roads Alliance to a position that will deliver at least £8.634 million of savings by 2024.

The Ayrshire Roads Alliance is governed by the Ayrshire Shared Service Joint Committee. The Joint Committee has responsibility for all shared Council services in Ayrshire.

The Shared Services Minute of Agreement describes the functions of the Joint Committee as follows:

- making decisions within the confines of the service budget,
- developing and implementing a strategic policy framework,
- co-ordinating, monitoring and reviewing service performance,
- monitoring budget spend,
- considering and approving an annual Service Plan.

In addition, the "Joint Committee Arrangements for the Ayrshire Roads Alliance" document covers those issues that are specific to the Ayrshire Roads Alliance.

The two Councils involved in the Ayrshire Roads Alliance have each appointed four Elected Members to the Joint Committee. Meetings take place as often as required to conduct business, but at least twice per year in line with the terms of the Minute of Agreement.

The Alliance is responsible for all the roads and transportation activities listed in Appendix 2, split between strategic and local delivery, that are the responsibility of East Ayrshire Council and South Ayrshire Council. Both Authorities retain the role of Roads Authority under the Roads (Scotland) Act 1984 - Section 1.

East Ayrshire Council - Strategic Issues

The East Ayrshire Community Plan is the sovereign and overarching planning document for the East Ayrshire area, providing the strategic policy framework for the delivery of public services by all local Partners. The Plan is the Council's Corporate Plan and covers the 15 years from 2015 to 2030.

The Vision contained within the Community Plan is shared by all Partners and states that:

“East Ayrshire is a place with strong, safe, vibrant communities where everyone has a good quality of life and access to opportunities, choices and high quality services which are sustainable, accessible and meet people’s needs.”

The Community Plan is implemented through three thematic Delivery Plans - Economy and Skills, Safer Communities and Wellbeing. The Plan is also implemented through the day to day work carried out by services across the Council.

East Ayrshire Council Strategic Plan 2022-2027

This plan sets out our priorities for the communities of East Ayrshire over the next five years and describes the context in which our services will work collaboratively with each other, our communities and our partners to drive forward the actions needed to achieve our aims. This will include prioritising the resources that are entrusted to us and continuing to find new and innovative ways of working, to ensure the delivery of services that are affordable, sustainable and which best meet the needs of those we serve. The Plan recognises the strengths and assets that exist within East Ayrshire and highlights the ambitions we have for our communities. However, it is written against a backdrop of what are unprecedented challenges for both our Council and for those we serve. These challenges include:

- Rising inflation and increases in the cost of living
- Increased demand for services
- Restrictions in funding
- Pandemic Recovery and Renewal
- Public Sector Reform
- The impact of EU Exit

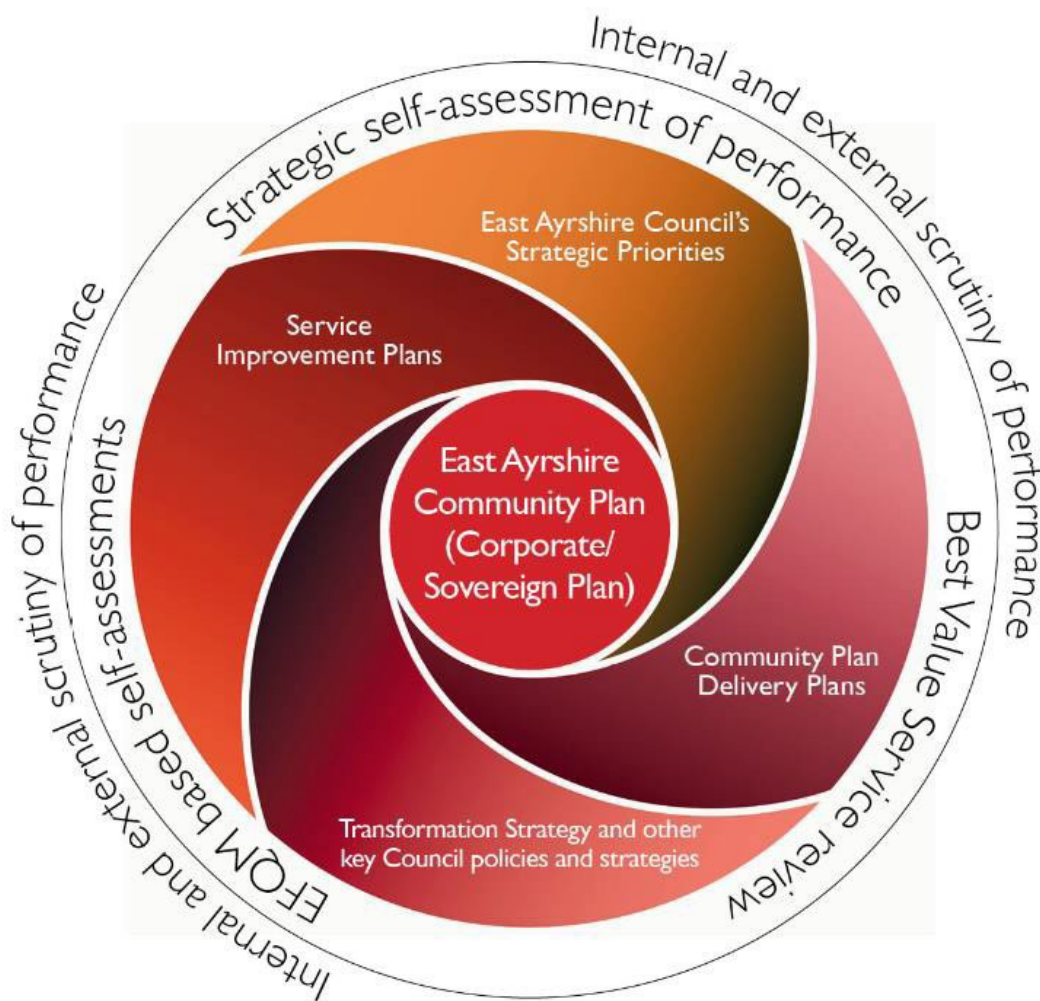

The Strategic Plan priorities take account of the communities we serve, including local needs, circumstances and aspirations; the current internal and external context in which the Council operates; national and local drivers for change, including risks, challenges and opportunities; governance arrangements; programme management and performance measurement. Our priorities build on the work of our previous two Transformation Strategies and our Covid-19 Recovery and Renewal Dynamic Action Plan. It is important to recognise that there are commonalities and interdependencies across and between our priorities.

- Building a Fairer Economy

- Tackling Poverty and Inequality
- Improving Community Wellbeing
- Supporting Children and Young People
- Delivering a Clean, Green East Ayrshire
- Ensuring Financial Sustainability and Resilience

Service Improvement Plans are an essential element of the Council’s performance management and improvement framework. They set out the key issues for delivering services in support of the Community Plan Vision and priorities, provide a focus on performance improvement aligned to the Single Outcome Agreement and describe the service specific risks that may impact on the delivery of the Service.

The diagram below provides a graphic representation of the Council’s Policy Planning Framework and shows the strategic context within which the Service Improvement Plans sit. In addition it shows the wider Performance Management and Improvement Framework which the Council has adopted to ensure the rigorous scrutiny of performance and drive service improvement across the Council.

South Ayrshire Council - Strategic Issues

The Council Plan 2023-2028 sets out the Council's vision for the next five years, with a focus on **"Our Purpose", "Our Vision", "Our Values"**. The Plan details the high-level objectives and outcomes to be achieved by 2028.

The Council's priorities and outcomes place an emphasis on the connection between our places and the wellbeing of our communities and environment. The place-based approach recognises that every area has a different blend of physical, social, and economic characteristics that influence each other and aims to address complex problems that no service alone can solve. The priorities provide a common framework, aimed at promoting a shared understanding that encourages services and partners to work collaboratively to achieve improved outcomes and wellbeing for our communities.

- Priority One Spaces and Places
- Priority Two Live, Work, Learn
- Priority Three Civic and Community Pride

The Ayrshire Regional Growth Deal

The three Ayrshire Councils have worked in partnership with other agencies, communities and businesses to secure the first Regional Growth Deal in Scotland. This will see £251.5 million of investment in key assets and key sectors across Ayrshire, underpinned by an ambition to facilitate economic growth across the region. The projects within the Growth Deal offer the best opportunity to attract private sector investment into Ayrshire and to transform the area. It is considered that the various interventions in the Growth Deal will unlock £300 million of private investment and deliver around 7,000 new jobs across a wide range of sectors.

The vision is for Ayrshire to be **"a vibrant, outward looking, confident region, attractive to investors and visitors, making a major contribution to Scotland's growth and local well-being, and leading the implementation of digital technologies and the next generation of manufacturing."**

Project proposals and associated outline business cases have been prepared, reviewed, assessed and refined following feedback received from policy leads with the United Kingdom and Scottish Government and these now form the overall programme business case.

The Heads of Terms for the Ayrshire Growth Deal were signed on 8 March 2019. Partners are now working with Governments to agree the profiling and phasing of projects and the development of full business cases for those projects.

The figure below illustrates how the Ayrshire Growth Deal programme links to the Governments' objectives of increased growth and prosperity. The programme is based on the achievement of economic growth and inclusive growth with a clear focus on addressing the issues of innovation and productivity, and inequality across the regional economy.

AGD Strategic Framework

There are no transport projects within the current Ayrshire Growth Deal proposals outwith the areas where development is proposed. Connectivity and accessibility are key tenets of the Deal, and transport infrastructure will be essential to securing Ayrshire's economic growth.

The current status of the project revolves around critical elements, primarily the completion of an assessment and appraisal which follows the Scottish Transport Analysis Guide (STAG) requirements and provides the required assessment of roads mitigation requirement, satisfying Transport Scotland's requirements. This phase is essential for obtaining crucial insights and approvals necessary for the project's progression.

The project initially faced challenges that have required a reassessment of its original scope, initially planned as a three-phase endeavour. The challenges stem from a combination of insufficient budget and the absence of necessary evidence to support the implementation of one or more project phases. Ongoing changes to the development schedule for commercial build have also resulted in changes to scope and delay.

Challenges further faced are:

- Reliance on LDP2 being approved (transport modelling)
 - Resistance from local community due to re-profiling of the roads project
 - Requirements to undertake full transport assessments for each phase of the proposal to provide a justifiable case for delivery
- These challenges create the difficult situation where the project is unable to adhere to the initial scope, prompting a need for a revised approach. As the project develops and preferred options become clear, SAC anticipates being in a better position to provide an accurate programme and cost insight, understanding that currently, projections are hindered by the early stage of development. The outcome of the STAG process,

expected by June '24, will significantly influence the anticipated changes in project scope and direction.

The project is connected to other initiatives within the broader Space and Aerospace programme such as the Spaceport and Commercial Build (currently being delivered outside AGD), each with their own challenges in planning and execution. Coordination and alignment with these interconnected efforts add a layer of complexity to the project's overall landscape, emphasising the need for strategic collaboration and cohesive planning across the programme. As the project develops, its success is influenced by the broader objectives and developments and the team is working hard to ensure the connectedness.

Ayrshire Roads Alliance will deliver these projects for South Ayrshire Council.

STPR2

Ayrshire's key transport routes (road, rail, sea and air) are critical for businesses to enable goods to get to market, our communities to employment and for training opportunities. A number of key route improvements have been identified.

The current Strategic Transport Projects Review for the 20 year period from 2012 deals with just road and rail modes of transport. The new Strategic Transport Projects Review was published in December 2022 and included all modes of travel including active travel and public transport. In addition, this work will develop transport projects outputs at a national, regional and local level.

Due to Covid-19, Transport Scotland restructured the STPR2 into two phases. Phase 1 focussed on the short-term (up to 5 years) with a view to identifying interventions which can be accelerated to support a green economic recovery from Covid-19, and also those which embed, support and extend any increase in travel by sustainable travel modes, including positive behaviour change seen during the pandemic. Phase 2 completed the review and the report was published in December 2022, giving Scottish Ministers a programme of potential transport investment opportunities for the period 2022-2042. A delivery programme is yet to be published.

Levelling Up Fund

The Fund provides £4.8bn capital investment allocated through a competitive bid process that will operate from 2021/22 through to 2024/25. Total funding of £800m from the quantum has been allocated to Scotland, Wales and Northern Ireland with Scotland guaranteed to receive at least 9% (£432m) of the overall UK total. The fund will be jointly managed by the Ministry of Housing, Communities and Local Government (MHCLG), the Department for Transport (DfT) and HM Treasury.

Ayrshire Roads Alliance submitted two bids on behalf of East Ayrshire and South Ayrshire Council.

- Bellfield Interchange Improvement

- Active Travel Route Ayr to Prestwick

Both bids were unsuccessful in Round 2 however following a review of round 2 the Active Travel Route Ayr to Prestwick was confirmed as a viable project. There is the potential for a further round of bids and Bellfield Interchange will be resubmitted if the opportunity arises.

Our Current Service Resources

Table 1 – The Ayrshire Roads Alliance Assets (as at 31 March 2024)

Asset Inventory Data as of 31st March 2024

Staff, Property and Fleet

The Ayrshire Roads Alliance has depots located at Gauchalland in Galston; Meadowhead in Coylton and Grangestone in Girvan. Offices are located in Kilmarnock, Ayr and at Girvan Harbour. We also have extensive vehicles, plant and equipment to allow our service to be delivered.

There will be an ongoing need for property and accommodation across the area for the Ayrshire Roads Alliance; for vehicle and equipment storage; and maintenance and staff facilities. It is important that property and accommodation is safe, secure, fit for purpose, and strategically placed to minimise the time spent travelling from depot to

workplace to maintain the road asset, minimise the associated vehicle wear and tear, and emissions.

From April 2014, the following actions have been taken in relation to property and accommodation:

- Gauchalland Depot - Street lighting operations have moved from Munro Place in Kilmarnock to Galston.
- The street lighting technical team was located at the Johnnie Walker Bond in Kilmarnock which provided a more centralised service. Following a further review this team is now located at Galston depot
- The closure of the Underwood Depot in Cumnock saw staff re-located to the Gauchalland Depot in Galston.
- All salt for the Ayrshire Roads Alliance previously stored in the Underwood Depot is now distributed from the Meadowhead Depot in Coylton.
- A rationalisation of fleet across the Ayrshire Roads Alliance has taken place resulting in a reduction in cost.

Further office developments include staff transferring from the Johnnie Walker Bond to the Opera House in Kilmarnock and from Burns House to Wellington Square and Town Hall in Ayr which was restricted due to COVID guidance.

Staff have now returned to the Opera House Kilmarnock on a rota based model with posts designated as fixed, flexible and mobile.

Staff returned to County Buildings and Ayr Town Hall in June 2022 on a rota hybrid model.

Depots at Galston, Ayr and Girvan are fully operational

Our key messages from this work include:

The Ayrshire Roads Alliance completed an organisational review which delivers the current management structure which has generated £326,000 of revenue savings per year. This will contribute £2.242 million towards the Business Case savings target of £8.634 million. The Joint Committee agreed to this review on 1 April 2016, and the work was completed during 2017/18. In accordance with good management practice the Alliance continued to review staff provision, and completed the service re-design during 2021/22 with management actions realising a saving of £190,000, parking £86,000 and £293,000 in South Ayrshire.

The Ayrshire Roads Alliance completed a depot review which has resulted in £404,362 of revenue savings by 2024. This included the closure of the Underwood Depot with staff transferring to Gauchalland Depot; and the Munro Place Street Lighting Depot with all street lighting staff now being based in Gauchalland. In accordance with good management practice the Alliance will continue to review depot and accommodation provision.

The Ayrshire Roads Alliance has completed the fleet review which has resulted in £1,350,699 of revenue savings by 2024. In accordance with good management practice the Alliance will continue to review fleet and plant provision.

Budgets

The Ayrshire Roads Alliance delivers the strategic and local services as stated in this Service Plan and listed in Appendix 2.

The budget to deliver these services is provided from East Ayrshire Council, South Ayrshire Council, and other external organisations.

budgets for 2024/25 are confirmed and this is reflected in Tables 1 and 2.

Table 1 - Budgets 2024/25

Council	Revenue	Non - Revenue	Total (£m)
East Ayrshire Council	£6.269m	£11.570m	£17.839m
South Ayrshire Council	£6.005m	£11.030m	£17.035
Total	£12.274m	£22.600m	£34.874m

STRATEGIC CONTEXT

EAST AYRSHIRE COUNCIL

The Community Plan 2015 - 2030 includes a Safer Communities Delivery Plan, which sets out the key actions to be undertaken and also measures progress. The Delivery Plan contains three distinct strategic priorities, all of which will be influenced by the activities undertaken by the Ayrshire Roads Alliance. These are:

- Make East Ayrshire a safe, secure and attractive place to live, work and visit.
- Improve community safety in neighbourhoods and homes and protect and support our most vulnerable individuals and families.
- Promote our vibrant communities by encouraging active and responsible citizenship.

Single Outcome Agreement (SOA)

The SOA was reviewed and developed as a key element of the comprehensive review of the Community Plan to ensure alignment with strategic priorities and high level local outcomes. There are a number of National Outcomes which are supported by the activities undertaken by the Ayrshire Roads Alliance. The Community Planning Partnership receives an annual report in September each year at which they are advised of progress against the local outcomes previously agreed.

SOUTH AYRSHIRE COUNCIL –

The Local Outcomes Improvement Plan and Local Place Plans were introduced in 2017. The plan focuses on two strategic themes which emerged from the development process.

- Closing the poverty-related outcomes gap for children and young people in South Ayrshire
- Supporting older people to live in good health

The Plan is supported by a partnership wide focus on four priority areas

- Improving outcomes for looked after children and care leavers
- Providing support for young people who are carers
- Reducing social isolation and loneliness
- Support for people living with dementia and their carers

There will be an effort to improve outcomes for children and older people particularly in the Ayr North and Girvan Glendoune areas, and to identify transferable good practice to be used to support outcomes improvement in other parts of South Ayrshire. The work on progressing this work is taking place within the auspices of the Integrated Children's Services Strategic Delivery Partnerships and the Health and Social Care Partnership and this is supported by appropriate partnership work.

SERVICE PERFORMANCE FRAMEWORK

PERFORMANCE AND BENCHMARKING

The Councils' performance management frameworks operate on a number of levels providing detail on strategic priorities, operational priorities and day to day management information. Within the Ayrshire Roads Alliance, the approach is fully integrated and aligned with the corporate frameworks.

- Strategic (Community Plan and Single Outcome Agreement; and Local Outcomes Improvement Plan)
- Operational Priorities (Council performance indicators)
- Management information (operational statistics, corporate measures of performance)

Strategic Issues

East Ayrshire Community Plan 2015-30. The Community Plan includes three Delivery Plans, which set out the key actions to be undertaken and measures to progress against them. The Delivery Plans contains distinct strategic priorities, which will be influenced by the activities undertaken by the Ayrshire Roads Alliance Service.

Single Outcome Agreement. The single outcome agreement has been reviewed and developed as a key element of the comprehensive review of the Community Plan in 2014/15 to ensure alignment with strategic priorities and high level local outcomes.

Operational Issues

Council Performance Indicators.

The Ayrshire Roads Alliance reports on a number of performance indicators through an electronic Performance Management System. A management framework has been developed, which has been approved by the Joint Committee. The data includes both contextual and performance information thereby allowing statutory returns to be made facilitate benchmarking provide each Council and the Joint Committee with the information they require to monitor performance.

A performance scorecard is produced as an integral part of the Ayrshire Roads Alliance which is reviewed at the monthly Ayrshire Roads Alliance Management Team meetings and reported to every Joint Committee.

This scorecard is used to:

- monitor the progress in meeting the Ayrshire Roads Alliance's objectives;
- help managers to have performance-related conversations with staff;
- identify any problem areas that need addressed.

Performance Management System

Relevant information contained within the Performance Management System is provided for each four week period in a scorecard which is used by the Depute Chief Executive (Safer Communities) and the Head of Service to monitor performance activity and improvement within their respective management team meetings.

SCOTS/APSE Benchmarking Framework

The Society of Chief Officers of Transportation in Scotland (SCOTS) and the Association for Public Sector Excellence (APSE) have developed a series of indicators to utilise SCOTS definitions using a single template.

The Alliance participates in the SCOTS/APSE benchmarking framework through the APSE Annual Return; the SCOTS/Institution of Civil Engineers “state of the network” annual return; and the Scottish Road Maintenance Condition Survey.

Local Government Benchmarking Framework

The Local Government Benchmarking Framework (LGBF) collates information from the APSE Annual Return that is published by the Improvement Service with specific actions to improve performance.

Monitoring and Review

Monitoring of the service plan is the responsibility of the Joint Committee. An annual review will be completed and reported to the Joint Committee and both Councils. The Joint Committee will receive a six monthly update on the Service Plan progress. In addition, separate monthly meetings are held with the Depute Chief Executive responsible for the provision of the roads service within East Ayrshire Council; and the Executive Director responsible for the provision of the roads service within South Ayrshire Council.

Scrutiny in respect of the Joint Committee is undertaken by both Councils in accordance with their own processes as set out within their respective Corporate Governance arrangements. Matters in relation to service performance will be closely monitored by both Councils through the Joint Committee.

QUALITY MANAGEMENT AND ASSESSMENT

European Foundation for Quality Management (EFQM) Excellence Model

The European Foundation for Quality Management (EFQM) Excellence Model is a practical self-assessment tool designed to promote continuous improvement within organisations by assessing their performance against concepts of tested and recognised good management practice. The EFQM Model is the cornerstone of Best Value. The service also has an externally accredited Quality Management System.

ENGAGEMENT WITH SERVICE USERS

The Ayrshire Roads Alliance will continue to undertake engagement with relevant service users. This engagement will take a number of forms through informing, consulting, involving, collaborating or empowering our service users.

Through 2024/25 we will continue engagement with our customers to ensure we maximise the involvement of our service users.

The Association for Public Service Excellence (APSE) who work with over 300 Councils through the UK to promote excellence in the delivery of frontline services to our local communities have developed the Scotland Roads Survey in conjunction with the Society of Chief Officers of Transportation in Scotland (SCOTS).

The Survey will be used to gauge customer service and user experience/satisfaction of winter gritting, road works, road safety and other road maintenance related matters within East Ayrshire Council and South Ayrshire Council.

The information gathered from the survey will help shape future service delivery and inform on performance.

APSE will administer the survey on our behalf and it is expected that the first results will be published in the 2024 Roads Asset Management Plan (RAMP) update.

The link on the Ayrshire Roads Alliance website to the East Ayrshire Council and the South Ayrshire Council survey forms is below

<https://www.ayrshireroadsalliance.org/Information-On/Consultations/Current-consultations/the-association-for-public-service-excellence-apse-road-condition-survey.aspx>

CONSULTATION WITH EMPLOYEES

Employee Engagement

The Employee Attitude Survey identified a number of issues to be addressed. Employee engagement will continue through 2024/25 and this will take many forms including management meetings; team meetings and staff forums. The staff forums will take place when important Council or service information requires to be provided to staff. One of the main issues for 2021/22 was the transformation strategy for Ayrshire Roads Alliance and implemented April 2022.

Trade Union Meetings

The Alliance will continue to engage with the Trade Unions through the established JCC process which involves meetings at a Corporate; Service and work specific level.

RISK, OPPORTUNITIES and CHALLENGES

Risk

The Ayrshire Roads Alliance records risk using a “five by five” scoring matrix, for the risks identified which quantifies the assessment of the likelihood and severity of a particular risk occurring. This information is hosted on the Performance Management System and it is used to understand the impact of proposed controls and mitigations on the overall risk profile. This is a widely used tool in risk management.

The service risk register, and the Corporate Risk Registers, are aligned to the approach of identifying and recording risk, which ensures a consistent approach to service level risk recording. This allows service objectives and priorities, performance measures and service risks to be captured in a single document. These areas are closely aligned, and this approach offers benefits in business planning, service delivery, and performance and risk management.

The risk register for the Ayrshire Roads Alliance is presented to every meeting of the Joint Committee.

There continues to be a number of opportunities and challenges which the Ayrshire Roads Alliance faces over the next twelve months.

Opportunities

The opportunities include the following

- Although the Organisational Review was approved by Joint Committee on 1 April 2016 and implemented during 2017/18, we continued to review staff provision during 2020/21 as part of service re-design reported and approved by Cabinet 23 February 2022 the transformation and redesign was implemented from 1 April 2022.
- The Plant & Fleet review from June 2016 was implemented immediately. However, with new technology and the need to increase the number of electric vehicles then all plant and fleet will continue to be reviewed during 2024/25.
- The property and accommodation review from November 2016 and all the actions have been implemented. Nevertheless, with more agile and remote working, the Alliance will continue to review these issues during 2024/25, as part of the service re-design.
- The opportunity to continue to make significant revenue budget savings through the replacement of existing street lighting units with LED units cannot be understated. Work commenced in 2018/19 with work programmed to be completed in 2021/22, however completion has been delayed due to COVID and the impact of material shortages. Currently 91% of street lanterns in East Ayrshire and 99.9% of street lanterns in South Ayrshire are LED. It was

expected that street lighting revenue delivery cost would reduce by more than 50%, however, the current challenge against this, is the current rising energy costs as a result of wider economic issues.

- Use of Digital software to improve our gully, culvert, and harbour infrastructure management
- Moving all our permits over to a digital platform and our TTRO process was recognised in March 2023 and March 2024 at APSE Innovation awards.
- Ten year review of the business plan to be undertaken over 24/25

Challenges

There are a number of challenges the Ayrshire Roads Alliance will face in 2024/25 which include the following.

External

- There is the potential to increase the utilisation of electric cars and vans to comply with emission standards and the Scottish Government decision to ensure that all new cars and vans are not powered through fossil fuel means by 2035. This will result in the reduction in harmful emissions, and an improvement to air quality.
- The Transport (Scotland) Bill places increased emphasis on low emission zones; smarter ticketing arrangements; the increased role and powers for the Roadworks Commissioner; the ban on pavement and double parking; the workplace parking levy and the ability for Councils to run public bus services.
- The National Transport Strategy will focus on sustainable, inclusive and accessible transport systems to promote prosperity, health and fairness. The **Sustainable Transport Hierarchy** will be used to inform budgetary decisions with walking first; then cycling; public transport; taxis and shared transport and then the private car. There is a need on many levels for more active travel and public transport use across Scotland. The **Sustainable Investment Hierarchy** will be used to inform budgetary decisions – reduce the need to travel; maintain existing assets; make better use of existing capacity; and finally targeted infrastructure improvements.
- The National Transport Strategy has identified the need to focus on increased collaboration, and this was considered through the Roles and Responsibilities Working Group which made recommendations to the Scottish Ministers including that future transport governance arrangements should be on the basis of some form of regional model allowing for variations in approach between different geographic regions; and
- There is the potential for continuous increases in the unit costs of electricity due to on-going energy costs. The Department of Energy and Climate Change has

predicted that electricity prices are likely to double within the next ten years. SCOTS reported a 20% increase in energy costs with a further increases expected in 2024/25.

- However, as the programme for LED lights is completed then the impact of this specific challenge may be reduced.
- Ensure the current Regional Transport Appraisal work aligns with the needs of East Ayrshire and South Ayrshire Council.
- Rising costs of oil based products and construction materials as a result of ongoing world issues with Bitumen and coated road stone increasing by 12%.
- Rising costs and shortage of general construction materials, steel, and high value electrical products.
- Changes to the use of rebated fuel (Red Diesel) for construction plant has seen an increase in overall fuel costs.

Internal

- There are increased austerity measures resulting in need to drive further efficiency savings over and above the £8.634m identified in the Benefits Realisation Strategy & Plan which was presented to Joint Committee on 1 May 2015.
- The need to increase the level of mobile working across the Ayrshire Roads Alliance workforce as a direct result of implementing the Roads Asset Management Plan and the impact of COVID. This has resulted in an increase in mobile technology, full use of the WDM Roads Maintenance and Management System, Artificial Intelligence and the decrease in the demand for desk and office space. As a result of COVID many of the aforementioned have been accelerated by the service in particular reduced desk space, mobile technology and the implementation of Artificial Intelligence, training has been delivered on this particular element for operational use from April 2022.
- The rise in demand for electricity charging points as a direct result of the greater number of electric vehicles and the Scottish Government initiative to ban the sale of new fossil fuel powered cars and vans from 2035.
- The impact of an ageing workforce and the need to ensure an appropriate knowledge transfer and succession planning; and service re-design. Work around this was carried out over 21/22 with a greater emphasis on the service being more resilient with an amended structure to be more community focused along with Modern Apprenticeships and trainee opportunities.

- In February 2024 approval was given by East Ayrshire for the introduction of a training programme for road workers so that Ayrshire Roads Alliance could grow its own, providing full training to school leavers, foundation apprentices, seasonal workers etc and thereafter, on completion provide a road worker position.

Resilience

- Continue to engage with community councils and community groups to improve local winter and flooding resilience. This allows these groups to take ownership of gritting the footpaths and minor roads; and attend minor flooding events and report them directly to the Alliance for action. The uptake to date has been encouraging and risen to 160 groups. This resilience work was recognised by the National Highways Industry in October 2021 and APSE in March 2022.
- Decreasing requirements for desk and office space due to the increase in mobilisation of workforce from the developing Roads Asset Management Plan using the WDM system and working patterns amended due to COVID will see an increase in 'hot desking' and access to welfare facilities at key strategic locations throughout the geographical area of the Ayrshire Roads Alliance, through service re-design.
- Improved adverse weather resilience during periods of heavy rain, and severe snow conditions.
- Ensuring improved resilience as a measure of our ability to successfully absorb future changes; to reshape ourselves; and a strategic capability to thrive.

PROFILE OF SAVINGS AND COSTS OVER THE FIRST 10 YEARS

The Ayrshire Roads Alliance has achieved savings in excess of the £8.634 million projected by 2024.

This represents a saving on the costs to deliver the service when comparing the first year with later years. Table 3 has been extracted from the Detailed Business Case, and this shows the various costs/savings to be delivered. The reason for the variations in year one to year four is due to set up costs. In practice, these set up costs may be spread over a longer period to mitigate any operational risks. This may impact on when consequential savings are realised.

Continual updates on progress and targets will be contained within the service plan, and reported to the Joint Committee when required.

This savings will enable Councils to take individual decisions, either to bank their share of the savings, or to invest some or all in additional roads maintenance.

Strategic Delivery Savings for each Council are now calculated by considering a smaller group of core strategic delivery staff and that their costs are apportioned on a budget spend profile basis, in line with local delivery budget spend plus the actual capital expenditure in that specific year.

Local Delivery Savings are pro rata to the existing budgets.

Table 3 – Ayrshire Roads Alliance Total Revenue Savings

	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6	Year 7	Year 8	Year 9	Year 10	Total
	14/15	15/16	16/17	17/18	18/19	19/20	20/21	21/22	22/23	23/24	
Proposed Savings Benefits realisation (£m)	0.696	-0.426	-0.730	-1.049	-1.187	-1.188	-1.187	-1.188	-1.187	-1.188	-8.634
Budget	14.683	14.813	14.006	13.823	13.551	12.695	12.294	11.992	12.278	12.005	132.14
Savings to date (£m)	0.696	-0.441	-0.971	-1.315	-1.768	-2.515	-3.067	-3.636	-3.828	0.795	-16.05
Cumulative Budget	14.683	29.496	43.502	57.325	70.876	83.571	95.865	107.857	120.135	132.14	755.45
Cumulative Savings to date (£m)	0.696	0.255	-0.715	-2.031	-3.799	-6.314	-9.381	-13.017	-16.845	-16.05	-67.201

The Benefits and Realisation Strategy provided a framework for achieving cumulative savings of £8.634m between 2014/15 and 2023/24. However, during this time additional savings have been achieved due to prevailing economic conditions and their impact on public sector funding. This has resulted in cumulative expenditure reductions of £67.201m over the life of ARA. This is significantly in excess of the £8.634m originally envisaged.

The Benefits Realisation Strategy and Plan

- Ensures benefits are identified and also defined at the outset, and appropriately linked to the East Ayrshire and South Ayrshire Council's strategic objectives.
- Ensures relevant business areas are prepared to realising their defined benefits.
- Reduces the risk of unrealistic optimism in the Detailed Business Case and subsequent benefits realisation dilution or delay during or after potential implementation.
- Drives the process of realising benefits, including benefits measurement, tracking and recording benefits as they are realised.
- Uses the defined, expected benefits as a roadmap for the programme, providing a focus for delivering change.

AYRSHIRE ROADS ALLIANCE IMPROVEMENT ACTION PLAN 2024/25

Action		Success Criteria/ Desired Outcome	Responsible	Timescale	Details
1	Continue to use the integrated Roads Asset Management Plan across the Ayrshire Roads Alliance.	There is one Asset Plan for the Service delivering a risk based approach for full service delivery	Head of Service	Completed	Document has been presented to Joint committee and will be reviewed annually.
2	Continue to prepare details for developing an integrated Local Transport Strategy.	<p>A Strategy covering both Council areas, which will involve consultation with stakeholders. Information will be gathered to inform the future Local Transport Strategy.</p> <p>Continue to contribute to the Scottish National Transport Strategy, Regional Transport Strategy and Strategic Transport Projects Review work.</p>	Head of Service	Ongoing	<p>The Regional Transport Strategy, through SPT, has just commenced on which the Alliance has Board membership. The Local Strategy will be created as an appendix to the Draft RTS when this is published.</p> <p>Await publication of the STPR2 Delivery programme.</p>
3	Action the Flood Risk Management Plan	<p>Inform the next national cycle of potential flood risk management schemes beyond 2022.</p> <p>Complete schemes and undertake studies.</p>	Head of Service	<p>Complete</p> <p>March 2025</p>	<p>Reports submitted to both Cabinets Early 2023</p> <p>New Cumnock Flood Defences Complete</p> <p>Continue Design Work on the Irvine Valley Continue with flood study works for the river Ayr, Doon sand Girvan</p>

Action		Success Criteria/ Desired Outcome	Responsible	Timescale	Details
4	Improve the condition of the road network.	Improve annual roads survey results which are part of the SRMCS work. Ensure the Alliance undertakes more proactive maintenance.	Head of Service	Site works will be undertaken throughout 2024/25.	Key dependencies are the Road Improvement Plans approved by the relevant Committees in East Ayrshire and South Ayrshire in spring 2024. Progress is provided to members, and relevant Committees.
5	Ensure the road network remains safe through raising awareness and improving road safety through education, engineering and enforcement.	Reduce road accidents in line with government targets. Provide appropriate traffic management schemes and initiatives.	Strategic Manager Roads and Transportation	March 2025	Scottish Government and SCOTS guidance is used. A key dependency is the Road Improvement Plans which are presented to Cabinet each year.
6	Improve the condition of the bridge stock.	Improve bridge condition index. Reduce the number of weight restricted bridges. Complete all general, special and principal bridge inspections.	Design & Environment Manager	March 2025	Through the Road Asset Management Plan. Key dependencies are Road Improvement programmes approved by Committees in East Ayrshire and South Ayrshire in spring 2023. Deliver the capital and revenue programmes.
7	Manage and improve the street lighting asset and install energy efficient lighting schemes.	Maintain high standard of fixing dark street lights. Complete the LED lighting replacement programme in both East Ayrshire and South Ayrshire.	Head of Service	October 2025	Through the Road Asset Management Plan, with additional funding being provided to commence the LED programme. At present performance is 91% of streets lights are now LED in EAC; and 99.9% in SAC. On target for completion within timescales.
8	Maximise and deliver externally funded sources of work	Identify external funding sources and deliver work on time and on budget. Improve infrastructure; and contribute to improving the condition of the network.	Head of Service	Works will be undertaken throughout the 2024/25.	External sources, including Timber Transport, Transport Scotland Active Travel Tier 1 and Tier 2 Funding, Sustrans Places for Everyone & Active Travel Infrastructure Fund, Scottish Government Bridge Fund.SFT

Action	Success Criteria/ Desired Outcome	Responsible	Timescale	Details
9	Implementation of Parking Strategy	Head of Service	Works will be undertaken through 2024/25	Amendments to TRO's, lining, signing and residential parking permits and implementing an improved process using digital technology.
10	Prepare Service Plan	Head of Service	Annual	East Ayrshire Council Community Plan. South Ayrshire - Local Outcomes Improvement Plan and Local Place Plans. Regular updates will be provided to joint committee.
11	Continue to review insurance costs and insurance issues.	Head of Service	Complete	<p>Ayrshire Roads Alliance Monthly Insurance Report.</p> <p>There is good dialogue with the Risk & Insurance to ensure our work improves the number of repudiated claims. The number of claims has greatly reduced due to the implementation of the new Code of Practice.</p>
12	Review Depots and Accommodation	Head of Service	Complete	<p>Joint Committee Reports of November 2016.</p> <p>Although initial work has been completed we continue to strive to make depot and accommodation cost savings. Further work will continue on this as a result of COVID and the return to office space during 2022/23.</p>
13	Review vehicle and plant costs	Head of Service	March 2025	<p>Joint Committee Reports of June 2016</p> <p>The service continues to review fleet requirements with the most recent improvement being on the management of vehicle utilisation, electric vehicles and Telematics.</p>
14	Monitor and exercise Business Continuity Plans	Business Support Manager	Review and update following	Existing East Ayrshire and South Ayrshire Council plans

Action		Success Criteria/ Desired Outcome	Responsible	Timescale	Details
				relevant local and national events.	
15	Continue to use the Roads Costing System to its full potential.	Improve service performance from both an on-site and financial perspective.	Business Support Manager	September 2024	Revised roads costing system was fully operational from November 2018. The system continues to be used to monitor performance and work is ongoing to implement digital timesheets linked to the Roads Costing System.
16	Support and contribute to the Ayrshire Growth Deal	Project Management of Roads Delivery Projects.	Head of Service	Ongoing	Continue to support Ayrshire Growth Deal
17	Regional Transport Strategy	Successfully contribute to the preparation of this work being led by SPT. The Alliance has Board representation.	Head of Service	Complete	SPT documents and existing Regional Transport Strategy
18	Regional Transport Appraisal	Ensure the various projects identified as part of this work are included in the Strategic Transport Projects Review.	Head of Service	Complete	Transport Scotland has published the final STPR2 with delivery programme to be published.
19	National Transport Strategy	East Ayrshire and South Ayrshire Councils contribute to this process to ensure the sustainable transport hierarchy and sustainable investment hierarchy are delivered.	Head of Service	Complete	In recognition of the anticipated increase in Active Travel work, it is proposed that a member of staff is dedicated directly to this work.
20	National Transport Strategy – review of Governance	East Ayrshire and South Ayrshire Councils contribute to this process to ensure that the outcome/output meets the	Head of Service	September 2024	National Transport Strategy

Action		Success Criteria/ Desired Outcome	Responsible	Timescale	Details
		needs of the road users/communities in both Council areas.			
21	Transport (Scotland) Bill -	East Ayrshire and South Ayrshire Councils contribute to this process to ensure the work provides the best outcome for road users in both Council areas.	Head of Service	Complete	Transport (Scotland) Bill received Royal Assent 15 November 2019.
22	Transport (Scotland) Bill -	East Ayrshire and South Ayrshire Councils contribute to this process to ensure a pragmatic approach is taken in delivering the pavement parking ban in both Council areas.	Head of Service	October 2024	Transport (Scotland) Bill and Transport Scotland Parking Standards working group still awaiting guidance from Transport Scotland.
23	Levelling Up Fund	East Ayrshire and South Ayrshire Councils contribute to this process to ensure that the outcome/output meets the needs of the road users/communities	Head of Service	Complete	Further updates awaited on future Levelling Up funding

East Ayrshire Council Strategic Priorities 2024/25

Action		Success Criteria/ Desired Outcome	Responsible	Timescale	Details
1	Progress and complete the New Cumnock Flood Protection Project	Complete the flood prevention projects at the Leggate and beside the Afton Water.	Head of Service	Complete	East Ayrshire Council and Scottish Government funding. The Leggat stage of the works was completed in August 2018 with the Afton Water phase commenced May 2021 with an 18 month contract duration.Contract delayed due to material shortages.
2	Develop Projects approved from the Flood Risk Management Plan	Progress relevant studies and inform the developing list of schemes for cycle two of the national protection schemes to be delivered from 2022.	Head of Service	March 2025	East Ayrshire Council and Scottish Government Funding. Continue with work on studies for the Irvine Valley, Dalrymple, Catrine and Dalmellington through the financial year.
3	Support and contribute to the Ayrshire Growth Deal	Stimulate economic growth and address inclusive growth concerns. Contribute to infrastructure projects which are being developed through the Regional Transport Appraisal work being led by Transport Scotland.	Head of Service	Complete	The all Ayrshire Transport Appraisal being led by Transport Scotland commenced in January 2019. We will continue to engage with Transport Scotland to ensure the Ayrshire Growth Deal transportation work is included in Strategic Transport Projects Review work.
4	Transformation Strategy 2	Continue to provide a high quality roads service within decreasing available budgets. Includes service re-design work.	Head of Service	Complete	East Ayrshire Council reports to various Committees. Work commenced and was completed by March 2022 including a full revision of ARA structure.
5	Active Travel Strategy	Develop active strategy for travel across South Ayrshire Network and East Ayrshire Network	Head of Service	Complete	A full review of active travel provision in East Ayrshire has been undertaken and this will be presented to the relevant East Ayrshire Council Committee Summer 2022.

Action		Success Criteria/ Desired Outcome	Responsible	Timescale	Details
6	EV Strategy	Develop EV strategy across East Ayrshire Network	Head of Service	March 2025	A full review of EV provision in East Ayrshire has been undertaken at present and this was presented to East Ayrshire Council Cabinet with further work being carried out in partnership with Scottish Futures Trust to assess public charging funding models.
7	Levelling Up Fund	Completion and Submission of Bid for improvements to Bellfield Interchange	Head of Service	TBC	Design and modelling work to improve Bellfield to increase capacity and open up [development opportunities.
8	Ash Die back Strategy	Develop a risk based strategy for the management of Ash Die Back.	Head of Service	Complete	Develop a risk based approach to the management of Ash Die Back.

South Ayrshire Council Strategic Priorities 2024/25

Action		Success Criteria/ Desired Outcome	Responsible	Timescale	Details
1	Implementation of car parking strategy for South Ayrshire.	Complete this work with improved parking provision and management.	Head of Service	June 2024	A full review of car parking provision in South Ayrshire is being undertaken at present and this will be presented to the relevant South Ayrshire Council Committee.
2	Develop Projects approved from the Flood Risk Management Plan	Progress relevant studies and inform the developing list of schemes for cycle two of the national protection schemes to be delivered from 2022.	Head of Service	March 2025	Flood study work in the Girvan area is progressing and a report will be presented to the relevant South Ayrshire Council Committee.
3	Support and contribute to the Ayrshire Growth Deal	Stimulate economic growth and address inclusive growth concerns. Contribute to infrastructure projects which are being developed through the Regional Transport Appraisal work being led by Transport Scotland.	Head of Service	June 2024	The all Ayrshire Transport Appraisal being led by Transport Scotland commenced in January 2019. We will continue to engage with Transport Scotland
4	20mph speed restrictions in villages	Progress with the 20mph speed restrictions in all villages. Maintain engagement with the local communities.	Head of Service	March 2022 phase 1&2 Complete October 2024 phase 3	Completed phase 1 and 2. Design work and consultation phase 3 Responses from Community Councils
5	Anticipated Budget Reductions in 2024/25	Continue to provide a high quality roads service within decreasing available budgets.	Head of Service	March 2025	Reports to various Committees.

Action		Success Criteria/ Desired Outcome	Responsible	Timescale	Details
6	Active Travel Strategy	Develop active strategy for travel across South Ayrshire Network	Head of Service	Complete	A full review of active travel provision in South Ayrshire has been undertaken and was presented to Leadership Panel. Strategy was published.
7	EV Charging Strategy	Develop further the EV strategy for South Ayrshire Network	Head of Service	March 2025	A full review of EV provision in South Ayrshire has been undertaken and approved by Cabinet. This will be reviewed as a result of work with Scottish Futures Trust to assess public charging funding models.
8	Levelling Up Fund	Submission of Active Travel bid	Head of Service	Complete	Joint bid with NAC for active travel route Ayr to Irvine
9	Levelling Up Fund	Submission of A70 Improvement Package	Head of Service	TBC	Bid submission for A70 improvements prepared in draft.
10	Motorhome Trials	Develop Campervan sites along the coastline.	Head of Service	March 2025	Formalisation of two temporary sites at Girvan and Ayr and additional trials at Ballantrae, Maidens, Prestwick and Troon.
11	Strategic Economic Impact Assessment A75/A77	There is a growing desire to understand the importance / effectiveness of the improvements outlined along the A75 and A77.	Head of Service	Complete	Final report complete and reported to cabinets in July 2022. Further action group tasks allocated to ARA with instruction to carry out a STAG in partnership with D&G and Northern Irish Councils.
12	152 nd Open Championship	Delivery of Event Traffic and Transport Management	Head of Service	July 2024	ARA is chairing the transport delivery team for the Open Championship Troon.

South Ayrshire Council Equality Impact Assessment Scoping Template

Equality Impact Assessment is a legal requirement under the Public Sector Duty to promote equality of the Equality Act 2010. Separate guidance has been developed on Equality Impact Assessment's which will guide you through the process and is available to view here: <https://www.south-ayrshire.gov.uk/equalities/impact-assessment.aspx>

Further guidance is available here: <https://www.equalityhumanrights.com/en/publication-download/assessing-impact-and-public-sector-equality-duty-guide-public-authorities/>

The Fairer Scotland Duty ('the Duty'), Part 1 of the Equality Act 2010, came into force in Scotland from 1 April 2018. It places a legal responsibility on Councils to actively consider ('pay due regard to') how we can reduce inequalities of outcome caused by socio-economic disadvantage, when making strategic decisions. FSD Guidance for Public Bodies in respect of the Duty, was published by the Scottish Government in March 2018 and revised in October 2021. See information here: <https://www.gov.scot/publications/fairer-scotland-duty-guidance-public-bodies/>

1. Policy details

Policy Title	Ayrshire Roads Alliance Service Plan 2024/25
Lead Officer (Name/Position/Email)	Jane Corrie, Head of Roads Jane.Corrie@ayrshireroadsalliance.org

2. Which communities, groups of people, employees or thematic groups do you think will be, or potentially could be, impacted upon by the implementation of this policy? Please indicate whether these would be positive or negative impacts

Community or Groups of People	Negative Impacts	Positive impacts
Age – men and women, girls & boys	No	Yes
Disability	No	Yes
Gender Reassignment (Trans/Transgender Identity)	No	Yes
Marriage or Civil Partnership	No	Yes
Pregnancy and Maternity	No	Yes
Race – people from different racial groups, (BME) ethnic minorities and Gypsy/Travellers	No	Yes
Religion or Belief (including lack of belief)	No	Yes

Community or Groups of People	Negative Impacts	Positive impacts
Sex – (issues specific to women & men or girls & boys)	No	Yes
Sexual Orientation – person’s sexual orientation i.e. LGBT+, lesbian, gay, bi-sexual, heterosexual/straight	No	Yes
Thematic Groups: Health, Human Rights & Children’s Rights	No	Yes

3. What likely impact will this policy have on people experiencing different kinds of social disadvantage i.e. The Fairer Scotland Duty (This section to be completed for any Strategic Decisions). Consideration must be given particularly to children and families.

Socio-Economic Disadvantage	Negative Impacts	Positive impacts
Low Income/Income Poverty – cannot afford to maintain regular payments such as bills, food, clothing	-	-
Low and/or no wealth – enough money to meet Basic living costs and pay bills but have no savings to deal with any unexpected spends and no provision for the future	-	-
Material Deprivation – being unable to access basic goods and services i.e. financial products like life insurance, repair/replace broken electrical goods, warm home, leisure/hobbies	-	-
Area Deprivation – where you live (rural areas), where you work (accessibility of transport)	-	-
Socio-economic Background – social class i.e. parent’s education, employment and income	-	-

4. Do you have evidence or reason to believe that the policy will support the Council to:

General Duty and other Equality Themes Consider the ‘Three Key Needs’ of the Equality Duty	Level of Negative and/or Positive Impact (High, Medium or Low)
Eliminate unlawful discrimination, harassment and victimisation	No adverse impact identified. Low
Advance equality of opportunity between people who share a protected characteristic and those who do not	No adverse impact identified. Low

General Duty and other Equality Themes Consider the 'Three Key Needs' of the Equality Duty	Level of Negative and/or Positive Impact (High, Medium or Low)
Foster good relations between people who share a protected characteristic and those who do not. (Does it tackle prejudice and promote a better understanding of equality issues?)	No adverse impact identified. Low
Increase participation of particular communities or groups in public life	No adverse impact identified. Low
Improve the health and wellbeing of particular communities or groups	High positive impact. SAC shall be seen to offer facilities which encourage tourists and positive impacts on the local economy.
Promote the human rights of particular communities or groups	No adverse impact identified. Low
Tackle deprivation faced by particular communities or groups	No adverse impact identified. Low

5. Summary Assessment

Is a full Equality Impact Assessment required? (A full Equality Impact Assessment must be carried out if impacts identified as Medium and/or High)	<p style="text-align: center;"> <input checked="" type="checkbox"/> YES <input type="checkbox"/> NO </p>				
Rationale for decision: There are no negative implications associated with these proposals which are designed to deal with known issues around unregulated parking. All objectives shall be applied to ensure equality in approach and inclusion

South Ayrshire Council

**Report by Chief Governance Officer
to Service and Partnerships Performance Panel
of 11 June 2024**

Subject: Complaints – Scrutiny Update
Period: 1 October 2023 to 31 March 2024

1. Purpose

- 1.1 The purpose of this report is to provide Elected Members with complaints performance information for the period from 1 October 2023 – 31 March 2024 and compares performance to the same reporting period in 2022/23. It reflects the statutory reporting categories required by the Scottish Public Services Ombudsman (SPSO), as well as information on how we improve our services following Stage 2 and Ombudsman complaints.

2. Recommendation

2.1 It is recommended that the Panel:

2.1.1 scrutinises the contents of this report.

2.1.2 requests a further report to a future meeting of the Panel providing an update on the Council’s complaints performance during the period 1 April 2024 to 30 September 2024.

3. Background

- 3.1 Our complaints procedure Listening to You, has 2 stages. We expect most complaints received to be resolved at Stage 1. If a customer remains dissatisfied after Stage 1, they can escalate their complaint to Stage 2. If an initial complaint is complex enough to require detailed investigation, it will be handled at Stage 2 from the outset. If the complainant is not satisfied with their response at Stage 2, the next stage in the Complaints Handling Procedure is for the complainant to approach the Scottish Public Services Ombudsman and ask that they carry out an independent review into how the Council have investigated their complaint.
- 3.2 In April 2022 the SPSO amended their key performance indicators (KPIs) for Complaints Performance. The SPSO has indicated that the consistent application and reporting of performance against these KPIs can be used to compare, contrast and benchmark complaints handling with other organisations and will help share learning and improve standards of complaints handling performance.

- 3.3 The number of mandatory KPIs has been reduced by the SPSO from eight to four. The four mandatory SPSO KPIs formed part of the previous eight mandatory SPSO KPIs. These are:
- **Indicator One: The Total Number of Complaints Received**
 - **Indicator Two: The Number and Percentage of Complaints at Each Stage that were closed in full within the set timescales of five and 20 working days**
 - **Indicator Three: the average time in working days for a full response to complaints at each stage**
 - **Indicator Four: The Outcome of Complaints at Each Stage**
- 3.4 Further information on the changes made by the SPSO to Complaints KPIs for Model Complaints Handling Procedures can be found at: [Complaints KPIs for MCHPs \(spsso.org.uk\)](https://spsso.org.uk). Further detail on the mandatory reporting of Key Performance Indicators, information is included in [Appendix 1](#).
- 3.5 The following Report provides performance data on all Stage 1 and Stage 2 complaints closed from 1 October 2023 – 31 March 2024 and is based on updated SPSO reporting indicators, which are applicable to complaints from April 2022.
- 3.6 The Panel is asked to note that the following SPSO KPIs are no longer mandatory in terms of reporting Council complaints performance:
- **Complaints Received per 1,000 of the population**
 - **Numbers of Complaints Where an Extension is Authorised**
 - **Customer Satisfaction**
 - **Learning from Complaints**
- 3.7 Performance information is provided within this Report to members for these non-mandatory performance indicators, with comparison against the same reporting period in 2022/23 as agreed at the Service and Performance Panel on 22 November 2022.
- 3.8 [Appendix 1](#) provides an analysis of our complaints data measured against the SPSO's mandatory reporting KPIs for the period 1 October 2023 – 31 March 2024 and compares our performance to the same reporting period in 2022/23.
- 3.9 [Appendix 2](#) provides a breakdown of the reasons why complaints were raised against the Council, for the period 1 October 2023 – 31 March 2024 and compares our performance to the same reporting period in 2022/23.
- 3.10 [Appendix 3](#) provides analysis of our complaints data measured against the four non-mandatory reporting indicators, for the period 1 October 2023 – 31 March 2024 and compares our performance for the same reporting period in 2022/23.
- 3.11 [Appendix 4](#) outlines service improvement case studies relating to Stage 2 complaints that were upheld or partially upheld where a service improvement outcome was identified and implemented.

- 3.12 [Appendix 5](#) outlines details of complaints that have progressed to the SPSO during this reporting period, which have had recommendations made by the SPSO for the Council to improve service provision.
- 3.13 [Appendix 6](#) provides further information on Investigation complaints received by the Council that have been noted during the reporting period.
- 3.14 [Appendix 7](#) provides information regarding complaints received following the International Ayr Show, during the reporting period.

4. Proposals

4.1 It is proposed that the Panel:

- 4.1.1 scrutinises the contents of this report and identifies any performance concerns or required improvement actions.
- 4.1.2 decides if future reporting should focus only on the four SPSO mandatory KPIs, or continue to include the four non-mandatory KPIs included in this report; and
- 4.1.3 requests a further report to a future meeting of the Panel providing an update on the Council's complaints performance during the period 1 April to 30 September 2024.

5. Legal and Procurement Implications

5.1 There are no legal implications arising from this report.

5.2 There are no procurement implications arising from this report.

6. Financial Implications

6.1 Not applicable.

7. Human Resources Implications

7.1 Not applicable.

8. Risk

8.1 Risk Implications of Adopting the Recommendations

8.1.1 There are no risks associated with adopting the recommendations.

8.2 Risk Implications of Rejecting the Recommendations

8.2.1 There are no risks associated with rejecting the recommendations.

9. Equalities

9.1 The proposals in this report have been assessed through the Equality Impact Assessment Scoping process. There are no significant potential positive or negative equality impacts of agreeing the recommendations and therefore an

Equalities Impact Assessment is not required. A copy of the Equalities Scoping Assessment is attached as [Appendix 8](#).

10. Sustainable Development Implications

- 10.1 ***Considering Strategic Environmental Assessment (SEA)*** - This report does not propose or seek approval for a plan, policy, programme or strategy or document otherwise described which could be considered to constitute a plan, programme, policy, or strategy.

11. Options Appraisal

- 11.1 An options appraisal has not been carried out in relation to the subject matter of this report.

12. Link to Council Plan

- 12.1 The matters referred to in this report contribute to Priority 4 of the Council Plan: Efficient and effective enabling services.

13. Results of Consultation

- 13.1 There has been no public consultation on the contents of this report.
- 13.2 Consultation has taken place with Councillor Ian Davis, Portfolio Holder for Finance, Human Resources and ICT, and the contents of this report reflect any feedback provided.

Complaints Data Analysis Against SPSO Reporting Indicators

Please find below analysis of our complaints data measured against mandatory Scottish Public Services Ombudsman (SPSO) reporting indicators for the period 1 October 2023 – 31 March 2024 with comparison to the same reporting period in 2022/23.

Following on from changes to the Complaints Handling Procedure (CHP) in 2021, new reporting requirements were introduced by the SPSO which were applicable to complaints data from 1 April 2022 onwards. The SPSO's requirements for reporting and publicising complaints information requires all 32 local authorities in Scotland to use a standardised set of complaints key performance indicators (KPIs). There are now four mandatory KPIs which will be used in this and future reports. They are as follows:

- **Indicator One: The total number of complaints received**
The sum of the number of complaints received at Stage 1 (including escalated complaints as they were first received at Stage 1), and the number of complaints received directly at Stage 2.
- **Indicator Two: The number and percentage of complaints at each stage that were closed in full within the set timescales of five and 20 working days**
The number of complaints closed in full at stage 1, stage 2 and after escalation within complaint timescales as % of all stage 1, stage 2 and escalated complaints responded to in full.
- **Indicator Three: The average time in working days for a full response to complaints at each stage**
The average (mean) time in working days to respond at stage 1, stage 2 and after escalation.
- **Indicator Four: The outcome of complaints at each stage**
The number of complaints upheld, partially upheld, not upheld and resolved at stage 1, stage 2 and after escalation as % of all complaints closed at stage 1, stage 2 and after escalation.

SPSO Indicator One: the total number of complaints received

		<i>Total</i>	<i>Stage 1</i>	<i>Stage 2</i>	<i>Escalated</i>
2022/23	01/10 – 31/03	233	187 (80%)	28 (12%)	18 (8%)
2023/24	01/10 – 31/03	323 ▲	226 ▲ (70%)	71 ▲ (22%)	26 ▲ (8%)

The number of complaints received by the Council has increased by 39%, i.e., 323 being 90 more complaints in reporting period 1 October 2023 to 31 March 2024, compared to the 233 received in same reporting period in 2021/22.

There has been an *increase* in complaints in this reporting period compared to 2022/23 for the following service area:

- **Culture and Events** – 2350% percentage increase in complaints, from 2 in 2022/23 to 49 in the same reporting period in 2023/24. This is as a result of complaints relating to The Scottish Ayr Show.
- **Leisure** – 195% increase in complaints from 21 in 2022/23 to 62 in 2023/24. A number of complaints were received during this reporting period which related to course works at Belleisle and Seafield Golf Course. There were also a number of complaints which related to changes to opening hours and the removal of a Dance Fit class at the Citadel.
- **Community Care** – 92% increase in complaints from 24 in 2022/23 to 46 in 2023/24. While no specific trend has been identified, it should be noted that a decrease in complaints was noted over the period 2020-22 as a result of the pandemic. There has also been an increase in reporting of complaints as a result of work within Community Care to raise awareness of the complaints handling procedure and ensure all complaints are logged appropriately and a complaint response provided.

The following services have shown a significant *decrease* in complaints in this reporting period compared to 2022/23:

- **Planning** - 66% decrease in complaints from 12 complaints in 2022/23 to 4 complaints in 2023/24. No trend has been identified with regards to this decrease.
- **Scottish Welfare Fund** – 57% decrease in complaints from 7 complaints in 2022/23 to 3 complaints in 2023/24. It should be noted that during 2022/23 the Scottish Welfare Fund Team were still processing with Self Isolation Support Grants (Covid Grant) which will have impacted on processing times which in turn may have led to complaints about delays in dealing with applications.
- **Property Maintenance** – 28% decrease in complaints from 46 complaints in 2022/23 to 33 complaints in 2023/24. There has been a push within Property Maintenance to meet all arranged appointments, and to contact the tenant if any appointments cannot be met, as well as trying to resolve all works within the first visit, as return appointments can lead to frustration on part of the tenant. As well as this, there has been an increased effort to ensure proper cleaning after an appointment, as well as shoe covers and dust sheets being provided to workers to protect all tenant homes when work is being undertaken.

SPSO Indicator Two: the number and percentage of complaints at each stage that were closed in full 5 within the set timescales of five and 20 working days

		Stage 1	Stage 2	Escalated
2022/23	01/10 – 31/03	73%	61%	78%
2023/24	01/10 – 31/03	65% ▼	90% ▲	96% ▲

There has been a decrease in the percentage of complaints closed within 5 working days at Stage 1, however when taking into account extensions this rises to 85% of timescales met at Stage 1. There has been an improvement in timescales in Stage 2 and escalated

complaints which have risen 29% and 18% respectively, compared with the same reporting period in 2022/23.

SPSO Indicator Three: the average time in working days for a full response to complaints at each stage

		Stage 1	Stage 2	Escalated
2022/23	01/10 – 31/03	5	22	17
2023/24	01/10 – 31/03	6▲	15▼	11▼

The SPSO timescale for responding to a Stage 1 complaint is 5 working days. The average time taken to investigate and respond to a Stage 1 complaint during this reporting period was 6 working days which is an increase on the same reporting period from 2022/23 and brings the Stage 1 average response outwith SPSO requirements.

The SPSO time scale for responding to both Stage 2 and Escalated complaints is 20 working days. The average response time for Stage 2 and Escalated complaints has gone down from 22 to 15 and 17 to 11 days across the reporting period, which is within SPSO requirements.

SPSO Indicator Four: the outcome of complaints at each stage

Outcome of Complaints Closed at Stage 1

		Upheld	Partially Upheld	Not Upheld	Resolved
2022/23	01/10 – 31/03	61 (33%)	23 (12%)	73 (39%)	30 (16%)
2023/24	01/10 – 31/03	64 (28%)▼	24 (11%)▼	106 (47%)▲	32 (14%)▼

A total of 226 complaints were closed at stage 1 in 2023/24. 39% of these were either upheld or partially upheld, a decrease of 6% percentage points from the same reporting period in 2022/23. This indicates that in 2/5 of stage one investigations it was established that the customer had raised legitimate concerns about a service delivery.

14% of cases were closed as “resolved” – this outcome was introduced by the SPSO in 2021. A complaint is resolved when both the investigating officer and the complainant agree what action (if any) will be taken to provide full and final resolution for the complainant, without deciding about whether the complaint is upheld or not upheld. This is a 2% decrease from the same reporting period in 2022/23. Further information on this new SPSO outcome is available on Pages 3 and 4 at: [LAMCHPPart3.pdf \(spsos.org.uk\)](https://www.spsos.org.uk/LAMCHPPart3.pdf)

Outcome of Complaints Closed at Stage 2

		Upheld	Partially Upheld	Not Upheld	Resolved
2022/23	01/10 – 31/03	5 (18%)	9 (32%)	14 (50%)	0 (0%)
2023/24	01/10 – 31/03	9 (13%)▼	8 (11%)▼	53 (75%)▲	1 (1%)▲

71 complaints were closed at Stage 2, an increase of 43 complaints in comparison to the 28 complaints closed at Stage 2, for the same period in 2022/23. Of these 71 complaints, 40 related to parking issues at the International Ayr Show - Festival of Flight, many of which, due to the requirement to liaise with external contractors, could not be resolved within 5 working days. Of the 71 Stage 2 complaints, 75% were not upheld indicating that in three quarters of the Stage 2 investigations it was found our service was meeting expected standards.

Outcome of Escalated Complaints

		<i>Upheld</i>	<i>Partially Upheld</i>	<i>Not Upheld</i>	<i>Resolved</i>
2022/23	01/10 – 31/03	1 (6%)	6 (33%)	11 (61%)	0 (0%)
2023/24	01/10 – 31/03	4 (15%)▲	6 (23%)▼	15 (58%)▼	1 (4%)▲

26 complaints were escalated by the customer from a Stage 1 to a Stage 2 investigation, an increase of 6 complaints from the 18 escalated complaints in the same reporting period in 2022/23. This indicates that fewer customers were satisfied by the outcome of their complaint at Stage one.

Of these 26 escalated complaints 38% were either upheld or partially upheld, indicating that in over one-third of escalated complaint investigations it was established customer concerns were further considered and accepted by Council services.

Further detailed analysis of Stage 1, Stage 2 and Escalated complaints is outlined in Appendix 2.

The top 3 reasons for complaints received by the Council (as categorised within the Complaints Handling system) are:

		<i>01/10 – 31/03 (2022/23)</i>	<i>01/10 – 31/03 (2023/24)</i>	
Stage 1	1	Quality of Service/Service Provision	1	Quality of Service/Service Provision
	2	Employee Behaviour	2	Employee Behaviour
	3	Waiting Times/Missed Appointments	3	Policy and Procedure
Stage 2	1	Quality of Service/Service Provision	1	Quality of Service/Service Provision
	2	Employee Behaviour	2	Policy and Procedure
	3	Policy and Procedure	3	Employee Behaviour

These reasons have remained consistent, with the exception of Policy and Procedure appointments being the 3rd main category for Stage 1 complaints.

Breakdown of Complaints by Service:

Information relating to the services which have had the biggest increase and decrease in complaints is outlined above, on page 6 of this Report.

Further detailed analysis of Stage 1, Stage 2 and Escalated complaints is outlined in Appendix 2

Reasons for Complaints

The undernoted Table 1 provides a breakdown of reasons for complaints received and closed by the Council at Stage 1, between 1 October 2023 to 31 March 2024, in comparison to figures in the same reporting period in 2022/23. The categories allocated are based on pre-defined categories that can be allocated to a case within the Council's corporate complaints system, GOSS.

The categories reflect the high-level categories stipulated by the SPSO.

Table 1 – Reasons for Stage 1 Complaints

Category	2022/23		2023/24		
Subject	Number	% Of Total Stage 1	Number	% Of Total Stage 1	
Quality of Service/ Service Provision	119	64%	164	73%	▲
Other	8	4%	7	3%	▼
Employee Behaviour	21	11%	20	9%	▼
Damage to Property/ Personal Injury	11	6%	6	2%	▼
Policy Procedure	9	5%	15	7%	▲

Waiting Times/ Missed App	16	8%	14	6%	▼
Case Unresolved	0	0%	0	0%	◀▶
Discrimination	0	0%	0	0%	◀▶
Service Cuts	0	0%	0	0%	◀▶
Total	187	100%	226	100%	

Employee Behaviour Complaints

The number of employee behaviour complaints has decreased from 21 in 2022/23 to 20 in 2023/24. This is still 9% of complaints closed at stage 1, which is a 2% decrease from the 11% reported for 2022/23. Of these complaints:

- 4 were upheld, with an apology issued to the customer
- 13 were partially or not upheld, with an explanation provided as appropriate
- 3 were resolved, with an explanation provided

The complaints received were across various Council services, including Community Care, Housing, Leisure, Neighbourhood Services and Property Maintenance, with there being no specific trend or thread of concern noted. Limited information is recorded centrally regarding these complaints in compliance with data protection legislation, but as with all employee complaints Service Leads and line managers would apply the relevant Council policies to any employee behaviours having been found to fail meeting Council standards.

The undernoted has been collated from the Council's Complaints Handling System (GOSS) using information entered by our Services showing which Council Services received the complaints referred to in Table 1 – Reasons for Stage 1 Complaints, above.

Providing this level of information on the GOSS system is not a mandatory requirement and it is therefore not logged for all complaints in Table 1, although services are encouraged to provide this data:

Lack of Information	0	0%	0	0%	◀▶
Other	3	10%	0	0%	▼
Total	28	100%	71	100%	

Policy and Procedure

There is an increase of 10 Stage 2 complaints being categorised under Policy and Procedure (1 in 2022/23 in comparison to 11 in 2023/24). Of these 11 complaints, 8 (73%) related to the decision to introduce a charge for Brown Bin collections, all of which were not upheld.

Employee Behaviour Complaints

Of the three employee behaviour complaints logged at Stage 2 complaint, one above was investigated by Justice Services and two by Housing Services. One of the Housing Services complaints was partially upheld, while both other complaints were not and an explanation as to why was provided to the customer.

The undernoted has been collated from the Council's Complaints Handling System (GOSS) using information entered by our Services showing which Council Services received the complaints referred to in Table 2 – Reasons for Stage 2 Complaints, above.

Providing this level of information on the GOSS system is not a mandatory requirement and it is therefore not logged for all complaints in Table 2, although services are encouraged to provide this data:

Service	Subject	2022/23	2023/24
Children and Families	Ayr North Team	-	1
	Girvan/Maybole Team	-	-

Table 3 - Reasons for Escalated Complaints

The following table provides a breakdown of the reasons for a complaint being escalated from Stage 1 to Stage 2. A customer can ask for their complaint to be escalated from Stage 1 to Stage 2 when they remain dissatisfied with our response at Stage 1:

Category	2022/23		2023/24		
Subject	Number	% Of Total Stage 2	Number	% Of Total Stage 2	
Quality of Service/ Service Provision	14	78%	20	77%	▼
Employee Behaviour	2	11%	0	0%	▼
Case Unresolved	0	0%	0	0%	◀▶
Damage to Property/Personal Injury	1	5.5%	1	4%	▼
Waiting Times/ Missed App	0	0%	1	4%	▲

Category	2022/23		2023/24		
Subject	Number	% Of Total Stage 2	Number	% Of Total Stage 2	
Policy and Procedure	1	5.5%	4	15%	▲
Lack of Information	0	0%	0	0%	◀▶
Discrimination	0	0%	0	0%	◀▶
Other	0	0%	0	0%	◀▶
Total	18	100%	26	100%	

Quality of Service Complaints

The following front-line services received the highest proportion of complaints escalated from Stage 1 to Stage 2 to categorised as quality of service

- Children and Families – 10% (2 partially upheld)
- Leisure – 30% (6 not upheld)
- Community Care – 25% (2 upheld, 1 not upheld, 2 partially upheld)

The following has been collated from the Council's Complaints Handling System (GOSS) using information entered by Services handling complaints at a service level. It is not a mandatory requirement for services to input this information when completing cases on our GOSS system - but they are encouraged to complete these fields. As a result, the number of complaints detailed below may not equate to the total number of Escalated complaints reported:

Service	Subject	2022/23	2023/24
Community Care	Arran View	2	3
	Arrol Park	-	-

Additional Information - Complaints Data Analysis Against Non-Mandatory Reporting Indicators

The undernoted no longer forms part of the mandatory KPI reporting to the SPSO, however this information has been included to Members in this report as additional information:

Additional Information - Complaints Received per 1,000 of the population

2022/23	01/10 – 31/03	2 per 1,000
2023/24	01/10 – 31/03	3 per 1,000

The number of complaints received per 1,000 of the population has increased between the two reporting periods.

Additional Information – Number of Cases where an Extension is Authorised

		<i>Stage 1</i>	<i>Stage 2</i>	<i>Escalated</i>
2022/23	01/10 – 31/03	36	6	5
2023/24	01/10 – 31/03	44 ▲	4 ▼	0 ▼

An extension, when required, can be applied to a complaint investigation, in consultation with the complainant, when it is established, the complaint is complex and requires time to fully investigate.

Extensions are encouraged when complaints will take longer than the required time scale, to ensure that complainants are kept up to date when the status of their case. For this reporting period 48 complaints were subject to an authorised extension in comparison to 47 for the same reporting period in 2022/23, i.e., a 2% increase. This indicates that our complaints investigators work to providing a thorough and full investigation of complaints and will seek extensions to timescales to ensure the response is of the standards expected by the SPSO.

Additional Information – Customer Satisfaction

To gauge Customer Satisfaction in our complaints process we actively encourage members of the public to provide us with their feedback on their experience. This feedback allows us to establish where our process can be strengthened to meet customer needs.

Completion of this survey is not a compulsory part of the complaints process, and it is challenging to elicit feedback from the public in how we can continuously improve our actual complaints process. A survey is available online for anyone using our service to complete, and Information Governance also invites a sample of customers to provide us with this helpful feedback.

Between 1 October 2023 and 31 March 2024, 60 requests were issued to members of the public inviting them to participate in our Customer Satisfaction Survey. 12 customer satisfaction surveys were completed which constitutes a 20% return.

Feedback received from the 20% who responded indicates that:

	2022/23			2023/24		
	Agree/Strongly Agree	Neutral	Disagree/Strongly Disagree	Agree/Strongly Agree	Neutral	Disagree/Strongly Disagree
Information about the complaints procedure was easily accessible	50%	12%	38%	63%	0%	36%
I found it easy to make my complaint	56%	6%	38%	55%	18%	27%
I was happy that the Investigating Officer fully understood my complaint	50%	-	50%	36%	18%	45%
I was given the opportunity to fully explain my complaint	63%	6%	31%	55%	27%	18%
The points of my complaint were identified and responded to	56%	6%	38%	36%	27%	36%
The response to my complaint was easy to understand	56%	6%	38%	55%	36%	8%
Overall, I was satisfied with the handling of my complaint	43%	6%	50%	36%	18%	45%
I was told if the response was going to take longer than the set timescales	31%	31%	38%	18%	55%	27%
I was clearly told what the next stage of the complaints process was for me	43%	12%	43%	45%	18%	36%

Overall, complaint respondents were less likely to report that they disagree or strongly disagree with all 9 statements of our survey. A few respondents indicated their dissatisfaction in:

- Being satisfied the investigation understood and address their concerns
- The overall handling of complaints

The negative responses received were from customers who felt the Council did not provide the outcome to their complaint they hoped for or expected (i.e., was not upheld).

Learning from Complaints - Service Improvement Case Studies

Leisure

A complaint was lodged regarding equipment and reduced hours at the Citadel and the failure to notify members of this change. An investigation was undertaken and while it was found that notifications of the change were displayed in the centre, an apology was issued that further steps were not taken to notify customers. As a result of this complaint, staff worked on and implemented a new operational model where openings hours could revert to those previously advertised, whilst retaining additional cleaning time throughout the day for staff, as well as working on an Action Plan to ensure that any improvements are maintained and monitored and so that all outstanding maintenance could be addressed.

Culture & Events

A number of complaints were received regarding parking at the Ayr Show, many of which related to issues surrounding parking at the event. While investigations into the complaints found extensive traffic management was in place across Ayr ahead of, during and following the event, and that the issues with parking was due to the surrounding road network having a significant increase in traffic, areas of improvement have been identified for the 2024 event which will address many of the issues raised. For example, engagement with a event car park company to manage the car parks, as well as changes to our traffic management plan and an increase in the enforcement of parking restrictions in residential areas.

Scottish Public Services Ombudsman Improvement Cases

No Decision Notices were published by the Ombudsman relating to South Ayrshire Council during the reporting period 1 October 2023 – 31 March 2024.

Stage 2 Complaints Monitoring

All Stage 2 complaints investigated by the Council are monitored, and each quarter any considered to be serious or high risk are reported to the Integrity Group.

Most Stage 2 complaints were undertaken at the Stage 2 level because they involved either a response from more than one service or were too complex to resolve within 5 working days at Stage 1.

In reporting period 1 October 2023 to 31 March 2024 no Stage 2 complaints were identified as being serious or high risk, i.e., those that would have a serious impact on the Council's ability to provide services to the public.

The International Ayr Show - Festival of Flight Complaints

The Council received a significant number of complaints in relation to The International Ayr Show - Festival of Flight, 47 of which were responded to within this reporting period. This is further to the 16 complaints which were closed during the previous reporting period.

Information relating to the 47 complaints closed during this reporting period is outlined below.

	Stage	Reason	Action Taken	Outcome

45	Stage 2	Parking	Explanation	Not Upheld
46	Stage 2	Parking	Explanation	Not Upheld
47	Stage 2	Parking	Explanation	Not Upheld

As part of a significant high-profile complaint, which attracted tens of thousands of members of the public to visit and participate, it is noted that improvements to service delivery can always be made, and lessons are being learnt from the feedback provided by the public for the event in 2024.

South Ayrshire Council Equality Impact Assessment Scoping Template

Equality Impact Assessment is a legal requirement under the Public Sector Duty to promote equality of the Equality Act 2010. Separate guidance has been developed on Equality Impact Assessment's which will guide you through the process and is available to view here: <https://www.south-ayrshire.gov.uk/equalities/impact-assessment.aspx>

Further guidance is available here: <https://www.equalityhumanrights.com/en/publication-download/assessing-impact-and-public-sector-equality-duty-guide-public-authorities/>

The Fairer Scotland Duty ('the Duty'), Part 1 of the Equality Act 2010, came into force in Scotland from 1 April 2018. It places a legal responsibility on Councils to actively consider ('pay due regard to') how we can reduce inequalities of outcome caused by socio-economic disadvantage, when making strategic decisions. [FSD Guidance for Public Bodies](#) in respect of the Duty, was published by the Scottish Government in March 2018 and revised in October 2021. See information here: <https://www.gov.scot/publications/fairer-scotland-duty-guidance-public-bodies/>

1. Policy details

Policy Title	Complaints – Scrutiny Update
Lead Officer (Name/Position/Email)	Wynne Carlaw, Service Lead – Democratic Governance – wynne.carlaw@south-ayrshire.gov.uk

2. Which communities, groups of people, employees or thematic groups do you think will be, or potentially could be, impacted upon by the implementation of this policy? Please indicate whether these would be positive or negative impacts

Community or Groups of People	Negative Impacts	Positive impacts
Age – men and women, girls & boys	-	-
Disability	-	-
Gender Reassignment (Trans/Transgender Identity)	-	-
Marriage or Civil Partnership	-	-
Pregnancy and Maternity	-	-
Race – people from different racial groups, (BME) ethnic minorities and Gypsy/Travellers	-	-
Religion or Belief (including lack of belief)	-	-
Sex – (issues specific to women & men or girls & boys)	-	-
Sexual Orientation – person's sexual orientation i.e., LGBT+, lesbian, gay, bi-sexual, heterosexual/straight	-	-

Community or Groups of People	Negative Impacts	Positive impacts
Thematic Groups: Health, Human Rights & Children's Rights	-	-

3. What likely impact will this policy have on people experiencing different kinds of social disadvantage i.e. The Fairer Scotland Duty (This section to be completed for any Strategic Decisions). Consideration must be given particularly to children and families.

Socio-Economic Disadvantage	Negative Impacts	Positive impacts
Low Income/Income Poverty – cannot afford to maintain regular payments such as bills, food, clothing	-	-
Low and/or no wealth – enough money to meet Basic living costs and pay bills but have no savings to deal with any unexpected spends and no provision for the future	-	-
Material Deprivation – being unable to access basic goods and services i.e., financial products like life insurance, repair/replace broken electrical goods, warm home, leisure/hobbies	-	-
Area Deprivation – where you live (rural areas), where you work (accessibility of transport)	-	-
Socio-economic Background – social class i.e., parent's education, employment, and income	-	-

4. Do you have evidence or reason to believe that the policy will support the Council to:

General Duty and other Equality Themes Consider the 'Three Key Needs' of the Equality Duty	Level of Negative and/or Positive Impact (High, Medium, or Low)
Eliminate unlawful discrimination, harassment, and victimisation	Low
Advance equality of opportunity between people who share a protected characteristic and those who do not	Low
Foster good relations between people who share a protected characteristic and those who do not. (Does it tackle prejudice and promote a better understanding of equality issues?)	Low
Increase participation of particular communities or groups in public life	Low
Improve the health and wellbeing of particular communities or groups	Low
Promote the human rights of particular communities or groups	Low
Tackle deprivation faced by particular communities or groups	Low

5. Summary Assessment

Is a full Equality Impact Assessment required? (A full Equality Impact Assessment must be carried out if impacts identified as Medium and/or High)	YES NO
Rationale for decision: This report is an analysis of performance that allows scrutiny. There are no proposals at this stage to alter the way we provide services or Council policies
