

I use the facility 2 to 3 times a week, am on a low income and would be financially disadvantaged if the activity centre was to go private. It isn't just the Muirhead activity centre but is the Troon activity centre. About 2 weeks ago I went to Marr College to ask for availability, cost etc. The response wasn't of much use. The activity centre says it is losing money. I walked in on a Wednesday evening, antiquated radiators all on, heat lamps in sports hall ALL on. I'm no expert but that's a few bob. Could go on and on.
