3	<p>Speaker: SAHSCP Locality Planning Partnership’s Stewart Marshall (Locality Manager): Team Around the Locality <i>(This item taken ahead of Item 2 as no Police were present.)</i></p>	
	<p>JB introduced Stewart Marshall from the SAHSCP, who attended to speak about TATL -Team around the Locality. SM thanked the CC for inviting him and gave the background to the model of TATL. Health and Social Care Services are changing and the views of the community are being sought in order to help shape these changes, which affect the Health and Wellbeing services and support in the community. Areas of responsibility include Nursing and Social Care etc and the plans for their future. The focus is on the prevention of problems. In the Girvan and Maybole areas, 45% of these involve disabilities. MR commented that services continue to be taken away from the area and SM agreed that more services should be provided. He cited the fact that Social Services have just commenced attending the ‘Cosy Spaces’ venues – in Barrhill, the Friday Coffee Morning for an hour on the first Friday in the month, so that anyone can seek advice and help if needed. Micro Strategies are in the early stages. The emphasis is on ‘Care at Home’, through assessments to help manage conditions. A Response Team of around 17 staff members acts when required to do so. 28% of the population of South Carrick are aged 65 years and over, with SAC one of only 3 Scottish Local Authorities that is ‘Age Friendly’. During a general discussion the possibility of better use of Girvan Community Hospital was raised and a Diabetic Clinic will hopefully commence in September/October, with other clinics to follow e.g COPD. The return to automatic ‘face to face’ GP appointments would be welcomed and staff welfare should also be taken into consideration. SM would be willing to return to the CC at a later date if requested. JT thanked him for an interesting talk, and he then left the meeting around 7.50pm.</p>

5	<p>Matters Arising from the Minutes</p>	
	<p>Item 4: Matters Arising: New Luce Hill Road: AL had emailed to update on his actions. He had contacted ARA regarding military vehicles on rural roads and awaits an answer –he is chasing this up and will pursue this following unanswered emails. Blocked Drains: AL had continued to liaise with ARA and been assured a team will carry out an extensive revue—no date yet for this. He will continue to pursue this also. Road Sweeper: AL had requested the bigger sweeper be used but was informed by email that the Girvan foreman had visited Barrhill and was of the opinion that this was unnecessary. KMcL and MR reported that the recent deployment of the small sweeper had left debris/dust, especially in the vicinity around the bus shelter at the bottom of Wallace Terrace, and that the bigger sweeper is definitely required. AL had offered to pursue this if necessary. South Carrick Community Bus Service: JB informed that the bus routes are being tested</p>	<p>AL AL AL</p>

	<p>but more drivers are needed to operate the service. Posters are being displayed advertising for volunteer drivers. A decision is awaited from Carrick Futures re-funding application. AC informed that the latest CF meeting had had to be postponed.</p> <p>Disabled Access to Car Park: The locus had been examined by several CC members and it was concluded that no action was required.</p> <p>SPEN: Mark Hill Sub-station Extension: CS had contacted Colin Wylie regarding concerns re-the vehicle movements and confirmation was given that lorries will be numbered and covered. This will be monitored. Movements from site will commence the first or second week in July and all drivers will be briefed re-driving manners and behaviour. Deadline for the online consultation is 30th June - he urged all to complete this. CS will circulate to contacts.</p> <p>SAC: Events: Other than the fete/Fun Day on 27th July, which SAC is aware of, no other events had been notified. PMcG informed that this event is now in doubt, due to difficulties in obtaining a letter from BDT. In order for the Events Group to open a bank account, a letter is required from the BDT, confirming rent of the Hall. (See below at Item 12: AOB.)</p> <p>Item 11: AOB: Mark Hill Sub-station ExtensionTraffic: Enquiries re-compensation proved fruitless.</p> <p>Timber Lorries on B7027: AC had contacted Simon Stewart (SS), who met with timber Transport members, and matters had improved initially. He had informed her that the gates were now unlocked, but this proved to be incorrect with a resident sending photos to CS and RS of the padlocked gates. He had enquired about installing a stile at the side of the gate to permit pedestrian access so the gates can remain locked. RS sending a standard stile design to the landowner. CS had updated AL and he would still like to do a site visit.</p> <p>Cross Water Bridge: No further information received. The new directors have now settled in and things are going well.</p> <p>b) BDT: Neither the BDT Chair, nor Vice-Chair was present in light of the recent public resignation from the BDT of all its trustees. One of these trustees, attending as a member of the public, commenced to question JT in a most hostile manner, regarding the proposed meeting at 6pm the following evening between the BCIC and the CC, prior to the joint one at 7pm with the BDT. JT assured the questioner that there was nothing underhand about this and that the sole purpose was to find out if anyone was willing to put in a nomination to become a BDT Trustee. Not one of the ex-Trustees is willing to stand again. The questioner refused to accept the explanation, however, and continued acrimoniously.</p> <p>c) Carrick Futures: AC reported that no meeting had taken place since the previous CC meeting. 10	Place Planning	
	The agreed preliminary meeting between the CC, BCIC and BDT took place on 10 th June. The decision was made to inform Audrey Gatt that the community was ready to proceed with the questionnaire, with virtually no change, but the time factor was to be queried initially. CS had informed AG of this decision and received a schedule of the next possible steps, which included a survey questionnaire for the Primary pupils for the CC to approve. The consensus was that this was far too long for primary pupils and inappropriate. CS to inform AG that the CC did not approve this survey.	CS
