South Ayrshire Council

**Report by Director of Housing, Operations and Development
to South Ayrshire Council (Special)
of 6 February 2025**

Subject: Review of Capital Estimates: General Services Capital Investment Programme 2024/25 to 2035/36

1. Purpose

- 1.1 The purpose of this report is to seek Council permission to update the General Services Capital Investment Programme for financial years 2024/25 through to 2035/36, as a result of a combination of (a) re-profiling of budgets between financial years; (b) budget reductions in projects; and (c) budget increases in projects, which would lead to reduced debt charges to the Council and reduce pressure on revenue budgets.

2. Recommendation

2.1 It is recommended that the Council:

- 2.1.1 approves the adjustments detailed in Appendices 2 and 3 attached;**
- 2.1.2 approves the revised General Services Capital Programme 2024/25 to 2035/36 as detailed in Appendix 4; and**
- 2.1.3 Notes the associated debt charge implications as detailed in Appendix 5.**

3. Background

- 3.1 The Council's latest Medium Term Financial Plan (MTFP) was presented to and approved by Council on 12 December 2024. The MTFP provided a clear understanding of the financial challenges to be faced by the Council over the medium term. Given the significant requirement for cost reductions over the medium term, a budget strategy was agreed that established appropriate plans and associated actions needed to meet the required savings targets.
- 3.2 The budget strategy contained seven key strategy items. Key Strategy 5 related to a review of the affordability of the current capital investment programme and the associated revenue debt charge implications.
- 3.3 In recent years, the Council has continued to increase the level of capital investment in a period of higher than historically normal interest rates, resulting in significant increases in borrowing costs.

- 3.4 In addition the current 2024/25 'in year' interest rates have remained higher for longer than anticipated which has a detrimental effect on the affordability of the programme. It is therefore prudent to review the overall quantum of the capital programme with the aim of reducing planned investment in order to reduce future recurring debt charge budget increases.
- 3.5 The General Services Capital Investment Programme 2024/25 to 2035/36 was approved by South Ayrshire Council of 29 February 2024 through the paper 'Revenue Estimates 2024/25, Capital Estimates 2024/25 to 2035/36 and Carbon Budgets 2024/25', totalling £408,130,403, with associated debt charges totalling £260,849,875 over the 12-year period.
- 3.6 A number of adjustments have been made to the Programme, as approved by Cabinets of 27 August and 26 November 2024 and these have been incorporated into the Programme.
- 3.7 The currently approved 12 Year Capital Programme is shown as Appendix 1 to this report.
- 3.8 The current Capital Investment Programme for 2024/25 to 2035/36 totals £424,224,403. The increase from the original £408,130,403 stated in 3.1 above is as a result of (a) carry forward of budgets from 2023/24 into 2024/25, and (b) additional funding awards made – for example, from the Repairs and Renewals Fund and Strathclyde Passenger for Transport.
- 3.9 The debt charges associated with funding the current programme, as approved by Cabinet of 26 November would be £279,679,325 over the 12-year programme timeframe.

4. Proposals

- 4.1 The programme has been adjusted in terms of (a) re-profiling of budgets between financial years; (b) budget reductions in projects; and (c) budget increases in projects, the narrative of which is detailed in Appendix 2 attached.
- 4.2 Appendix 3 provides a financial summary of the projects lines where adjustments are being requested, and the nature of the adjustments.
- 4.3 As a result of the adjustments proposed in Appendices 2 and 3, Appendix 4 details the proposed revised 12 Year Capital Programme 2024/25 to 2035/36. If approved, the adjustments listed will lead to a net reduction in the Programme of £50,265,841 (per Appendix 3), reducing from £424,224,403 (P6 Approved Programme) to £373,958,562.
- 4.4 If the proposals detailed in Appendices 2 and 3 are approved, leading to the programme as detailed in Appendix 4, this will lead to a net reduction in debt charges of £17,064,609 over the 12-year programme timeframe compared to the updated November 2024 position noted in 3.9 above, as shown in Appendix 5, which details: -
- Debt charges for 2024/25 to 2035/36 as per the 12 Year Capital Investment Programme approved by South Ayrshire Council on 29 February 2024;
 - Debt charges for 2024/25 to 2035/36, adjusted per the P6 Capital Monitoring Report approved by Cabinet of 26 November 2024; and

- Debt charges for 2024/25 to 2035/36 as per the proposed adjusted Capital Investment Programme detailed in Appendix 2.

5. Legal and Procurement Implications

- 5.1 There are no legal implications arising from this report.
- 5.2 There are no procurement implications arising from this report.

6. Financial Implications

- 6.1 Proposals contained within this report, if approved, would lead to a revised 12 Year Capital Investment Programme of £373,958,562, covering the period 2024/25 to 2035/36, as detailed in Appendix 4.
- 6.2 The proposals put forward, if approved, would lead to an overall reduction of £50,265,841 in the 12 Year Capital Investment Programme 2024/25 to 2035/36, reducing the overall programme from £424,224,403 (P6 Approved Programme) to £373,958,562.
- 6.3 As a consequence of the above noted reduction in the Capital Investment Programme (per paragraph 6.2), debt charges over the 12 years of the programme would be reduced by £17,064,609 as detailed in Appendix 5.

7. Human Resources Implications

- 7.1 Not applicable.

8. Risk

8.1 Risk Implications of Adopting the Recommendations

- 8.1.1 There are no risks associated with adopting the recommendations.

8.2 Risk Implications of Rejecting the Recommendations

- 8.2.1 The risk associated with rejecting the recommendations are that debt charges continue to increase and create a greater revenue burden on the Council.

9. Equalities

- 9.1 An Integrated Impact Assessment has been carried out on the proposals contained in this report, which identifies potential positive and/or negative impacts and/or areas that require further consideration. The IIA Summary Report is attached as Appendix 6 which includes information on any mitigating or follow-up action required.
- 9.2 A copy of the fully completed IIA can be accessed here [📄 IIA Capital Programme Review \(Feb 2025\).xism](#)

10. Sustainable Development Implications

- 10.1 ***Considering Strategic Environmental Assessment (SEA)*** - This report does not propose or seek approval for a plan, policy, programme or strategy or document

otherwise described which could be considered to constitute a plan, programme, policy or strategy.

11. Options Appraisal

11.1 An options appraisal has not been carried out in relation to the subject matter of this report.

12. Link to Council Plan

12.1 The matters referred to in this report contribute to Priority 1 of the Council Plan: Spaces and Places.

13. Results of Consultation

13.1 There has been no public consultation on the contents of this report.

13.2 Consultation has taken place with Councillor Ian Davis, Portfolio Holder for Finance, Human Resources and ICT and the contents of this report reflect any feedback provided.

14. Next Steps for Decision Tracking Purposes

14.1 If the recommendations above are approved by Members, the Director of Housing, Operations and Development will ensure that all necessary steps are taken to ensure full implementation of the decision within the following timescales, with the completion status reported to the Cabinet in the 'Council and Cabinet Decision Log' at each of its meetings until such time as the decision is fully implemented:
