**Proposed Lease of Changing Pavilion and adjacent land at Victory Park, Girvan, KA26 9DQ**

Consultation on proposed lease of changing pavilion and adjacent land  
KA26 9DQ

Comments:

The council's use of a proposed 20-year lease as a means to remove the land from the common good has meant that I am objecting to this proposal. Common good land has been enjoyed by generations and should be safe guarded for future generations. Should the council change the conditions of the lease and ensure the land is returned to the common good then I would not be objecting. I also object to the council's decision to approve planning for the proposal before having this consultation.

Surely it's unlawful for the Council to use this common good land for a 20-year lease
