The second modernisation contract (H21124: Internal Modernisation Works to 219 Nr Properties Various Locations) started on site on 0 January, 2022 with works progressing well and the project is planned to complete on 15 June, 2022. The third contract (H20126 Internal Modernisation Works to 263 Nr Properties Various Locations) has now been let and works are programmed to start on site on 30 May, with an estimated completion date of 30 September. The final contract (H20125: Internal Modernisation Works to 206Nr Properties Various Locations) will be tendered will be tendered through SAC's new Housing Refurbishment Framework Internal once this has been set up.
- 4.3 Address lists for two modernisation contracts for 2022/23 have been passed to the Managing Agent for initial survey works and these are ongoing.
- 4.4 Annual programmes for Addressing Dampness and Condensation, Central Heating Replacement and Capital Element of Works Undertaken in Void Properties have been completed and new programmes will be established for 2022/23.
- 4.5 For works contained within the Structural and Environmental section of the programme, the two external fabric upgrade projects which were carried forward from the previous year and delayed due to Covid have now completed. The major contract for this year, now External Fabric Upgrades to 167 Properties Various Locations (H22112) has now been let and a pre-start meeting is being arranged which will inform the programme of work
- 4.6 The main window renewals contract for 2021/22 is still on site with 229 properties completed by 31 March. The remaining properties are being worked on currently as there have been delays in receiving the windows from the manufacturer.
- 4.7 The contract for the Supply/ Installation of Eurobin Corrals Various Locations is on site and will now complete in July 2022.
- 4.8 Colleagues from Housing and Professional Design Services have met to agree projects to be undertaken during 2022/23 and the budget allocations required for specific projects/ programmes from unallocated budgets contained within the programme in this year. These adjustments have been requested through the P12 report.
- 4.9 Works are being undertaken to allow for the re-tendering of the Housing Refurbishment Framework Internal and the Housing Refurbishment Framework External.
- 4.10 The project information contained in Appendix 1 has been broken down over the Council wards and a document showing this has been made available to Members in the Members' area (Hub) on Re-Wired (see background papers).
- 4.11 Appendix 2 details budget adjustments being put forward for approval by Cabinet as part of the Period 12 report. These adjustments include (a) internal re-allocations of budgets between projects in 2021/22; (b) transfers of budgets from 2021/22 to 2022/23 to reflect current profiled spend for projects; (c) transfers where budget is being advanced from 2022/23 and 2023/24 to 2021/22 to reflect the current profiled spend for projects; and (d) allocation of 2022/23 unallocated budgets to specific projects / programmes in this year.

4.12 As previously reported, disruption continues to supply chains and labour due to Covid-19 and the UK's exit from the EU.
