<b>Defining outcomes</b>	<b>2022-23 Year End Assessment:</b> 	
<p>27. Having a clear vision, which is an agreed formal statement of the organisation's purpose and intended outcomes containing appropriate performance indicators, which provide the basis for the organisation's overall strategy, planning and other decisions</p> <p>28. Specifying the intended impact on, or changes for, stakeholders including citizens and service users. It could be immediately or over the course of a year or longer</p> <p>29. Delivering defined outcomes on a sustainable basis within the resources that will be available</p> <p>30. Identifying and managing risks to the achievement of outcomes</p> <p>31. <b>Sustainable economic, social and environmental benefits</b>		2022-23 Year End Assessment: 
<p>32. Considering and balancing the combined economic, social and environmental impact of policies and plans when taking decisions about service provision</p> <p>33. Taking a longer-term view with regard to decision making, taking account of risk and acting transparently where there are potential conflicts between the organisation's intended outcomes and short-term factors such as the political cycle or financial constraints</p> <p>34. Determining the wider public interest associated with balancing conflicting interests between achieving the various economic, social and environmental benefits, through consultation where possible, in order to ensure appropriate trade-offs</p> <p>35. Ensuring fair access to services</p>	<ul style="list-style-type: none"> <li>• Currently all Panel and Council reports are required to consider 'Sustainable Development and Climate Change Implications' to highlight the environmental impact of proposed policies and plans. This is complimented by any accessibility, health, well-being and deprivation impacts being spelt out through the <a href="#">Equality Impact Scoping Assessment</a> process. The new online integrated impact assessment to be introduced during 2023/24 will allow several key national and local priorities to be considered as part of our decision-making process. <b>Determining actions</b>		2022-23 Year End Assessment: 
<p>36. Ensuring decision makers receive objective and rigorous analysis of a variety of options indicating how intended outcomes would be achieved and associated risks. Therefore ensuring best value is achieved however services are provided</p> <p>37.
