Shanter Inns Ltd – Market Inn, Ayr
Extended Hours Application – 24th and 31st December 2022
Report by Licensing Standards Officer

I refer to the Extended Hours application submitted for the above premises which is situated in Ayr town centre.

The application requests a terminal hour of 2.00am on the evening of Saturday 24th December 2022 (extending into the morning of Sunday 25th December 2022) and the evening of Saturday 31st December (extending into the morning of Sunday 1st January 2023) refers to 'an event of local or national significance' namely 'the Festive Season' as the reason for the extended hours requested.

The premises currently enjoys a terminal hour of 12.30am on a Saturday and the application requests an hour and a half extension to this which takes the application beyond the one hour that can be granted by delegated powers under the board's current policy.

The operating plan for these premises automatically provides for a 1am close each year on Christmas Eve and Hogmanay.

The terminal hour of 2.00am was granted to these premises during the festive period last year and no adverse reports were received by licensing services as a result.

I have no objections to the grant of this request for additional hours.

Buzzworks Hospitality Ltd – THE FOX , Troon
Extended Hours Application – 24th December 2022
Report by Licensing Standards Officer

I refer to the Extended Hours application submitted for the above premises which is situated in West Portland Street in Troon. -

The application requests a terminal hour of 3am on the evening of Saturday 24th December (extending into the morning of Sunday 25th December 2022) and the application refers to a 'DJ and live music' for the festive season which is described by the applicant as 'an event of local or national significance'.

These premises currently enjoy a terminal hour of 1am on a Saturday, which was changed by a variation in March of this year. This is already extended by one hour to 2am throughout the month of December as built in to the operating plan. However this application requests an additional hour on top of that which would take the terminal hour to 3am.

Therefore the Board have already granted an additional trading hour to these premises for that date and this application is for another hour. The premises do enjoy a regular 1am terminal hour on a Friday and Saturday night and therefore in the month of December it will be possible, with the 1 hour extension which has already been permitted, to open until 2am on a Friday and Saturday without this additional extension.

Ayr Northfield Bowling Club, Northfield Avenue, Ayr.
Extended Hours Application – 31st December 2022
Report by Licensing Standards Officer

I refer to the Extended Hours application made for a Hogmanay Party in the Ayr Northfield Bowling Club Premises, which is a licensed members club in Ayr.

The application is for a Hogmanay Celebration for up to 80 people and the terminal hour requested is 1.30am which cannot be granted under delegated powers.

The premises currently enjoys a 12Midnight close Monday to Sunday under its Premises Licence and this application requests a 1.30am close which will allow an additional 1 ½ hours The reason given by the premises for the application is New Year when it is anticipated that members will want to stay longer to see in the 'bells'.

As this is at a time of year when members of the community will anticipate people celebrating a lot later than usual, I do not anticipate that grant of this extended hours request would be contrary to any of the licensing objectives.

I would remind the applicants that this is an extended hours request and not an occasional licence and therefore if granted this event must only be advertised to members and can only be attended by members and any guest who is in the company of that member for the duration of the evening and signed in accordingly.
